Mid-Spring Supplement 2013

Hammacher Schlemmer

147 East 57th Street • New York, NY 10022

The Exceptional is no Exception

Dear Friend,

Over the years Hammacher Schlemmer has been cited as the place to find unusual products not commonly available, products that perform better than all others in their category, and products of the highest quality that are the only ones that do what they do. In this, our 165th year, we continue to strive to earn that distinction.

We invite you to explore this supplement and find some of the things that fit those descriptions, whether it's The Hanging Cocoon (page 23), The Best Inflatable Bed (page 31), or The Home Phone And iPhone Unifier (page 71).

As always, our commitment to ensuring that the exceptional is no exception remains an integral part of our promise to you. For this reason, we back our products with The Hammacher Schlemmer Lifetime Guarantee which simply states that you must be absolutely satisfied with your purchase, or we will replace it or refund its value at any time.

With our highest regards,

John R. MacArthur

John R. MacArthur
Chairman

P.S. Our cover item can be found on page 69.

THE NO BLIND SPOT REAR VIEW MIRROR.

This is the rear view mirror used by police officers and professional racecar drivers to eliminate blind spots. The seamless mirror has a 180° field of view (standard mirrors offer only 52°) that provides a distortion-free reflection of rear traffic across an entire five-lane highway, and it allows continuous monitoring of adjacent vehicles from the moment they begin to pass until they are visible in your peripheral vision. The mirror automatically reduces the headlight glare of trailing vehicles by 50% and clamps to your existing rear view mirror without requiring the use of tools or adhesives. 15¾" W x 2¾" H x 3/4" D. (10 oz.)
KG-74978 $59.95

Automatically pans and tilts to follow subjects

THE MOTION TRACKING iPHONE CAMERAMAN.

This is the iPhone mount that automatically pans and tilts to track movement, allowing the iPhone's video camera to capture subjects in motion. A key fob-sized wireless transmitter can be held or clipped to clothing and the iPhone mount automatically pans 360° and tilts up to 30° to record a presentation or a child's impromptu performance from up to 33' away. The mount holds an iPhone in landscape or portrait orientations and allows use of the front-facing camera for video conferencing or the rear-facing camera for HD video recording. The transmitter has a built-in microphone that captures sound for videos and video recording options are controlled via a free app. Includes a lanyard for hanging the transmitter around your neck. Includes two AA batteries that power the tracking mount for up to four hours and two AAA batteries that power the transmitter for up to 10 hours. Compatible with iPhone 4S, 4, and iPod touch 4. 5½" L x 4⅓" W x 1½" H. (10⅓ oz.)
KG-83550 $199.95

THE SOLAR POWERED BUG ZAPPER.

This solar bug zapper eliminates insects without requiring proximity to a power outlet. Six UV bulbs turn on automatically at dusk (and turn off at dawn) and lure mosquitoes, flies, and other insects to eliminate them instantly with a 300-volt electric charge. The bug zapper can attract and kill insects within a 1/2-acre radius, providing chemical-free bug protection throughout an entire backyard. Five solar panels on top of the unit require only moderate sunlight to power the two included rechargeable C batteries, which provide up to eight hours of operation from an eight-hour charge. The bug zapper can be hung or set up on a flat surface and is made from weatherproof plastic and metal. 18" H x 8" Diam. (7½ lbs.)
KG-79883 $69.95

THE COSMOLOGIST'S WATCH.

Combining stargazing with timekeeping, this is the watch that lets cosmologists view the major constellations in the northern hemisphere. While precise Japanese quartz movement shows the accurate time, the watch's shimmering indigo face displays the celestial sphere visible at 35° N. Every 24 hours, the constellation disc revolves to indicate the altitude and azimuth of 1,056 fixed stars (with a brightness of at least 4.8 magnitude) and 169 major nebulae and star clusters at that date and time. The watch also tracks the sun's path along the ecliptic on the 1st, 11th and 21st of the month and shows the local sidereal time, the hours for astronomical twilight and the pole star angle, providing essential data for stellar studies. The analog hands resemble the arms of a compass, the case is crafted from 316L surgical stainless steel, and the black strap is made from comfortable silicone, fitting wrists 5½" to 8". Face 1¾" Diam. x 1/2" D. (1½ oz.)

KG-83528 $189.95

THE FINGER SWIPE HEADPHONES.

These are the wireless Bluetooth headphones that are controlled with the swipe of a finger. Unlike typical wireless headphones that leave users fumbling blindly for buttons, this model incorporates the same sensitive touchpads found in smartphones and tablets. Sliding a finger up and down the left earpiece raises or lowers the volume, while swiping a finger horizontally advances or rewinds a track. The music stops when an incoming call is received, allowing the wearer to answer using the unit's built-in microphone. With a frequency response of 20Hz to 2KHz, the 40mm drivers deliver rich sound from any audio source, while soft padding on the ear cups and headpiece lets users listen for hours in comfort. The earphones fold down for compact storage in the included zippered hard case. The rechargeable battery provides 10 hours of listening from a one-hour charge with the included USB cable. An auxiliary port and cable allow use with non-Bluetooth devices. White. 8" L x 8" W x 3" D. (8 oz.)

KG-83551 $149.95

THE iPHONE PHOTO PRINTER.

This is the compact printer that produces photo quality pictures directly from a docked iPhone (including iPhone 5) or iPod touch. Requiring no computer or software, the printer is controlled from your iPhone via a free downloadable app. In less than a minute and without ink cartridges, it prints crystal-clear 300 dpi resolution pictures with vibrant colors, thanks to patented paper embedded with yellow, magenta, and cyan dye crystals. The photographs are smudge- and tear-proof, fade- and water-resistant. The printer can produce one, four, or 10 images on each 4" x 6" borderless sheet. Occupying no more desktop area than a box of tissues, the printer also charges a docked iPhone or iPod touch. Also connects to Android phones (requires mini-USB cable), and iPads. Comes with one thermal paper cartridge that makes 12 prints. Plugs into AC. 4" H x 7" W x 6" D. (3 lbs.)

KG-79938 $159.95

Replacement Paper Cartridge. Makes 36 4" x 6" prints.
KG-79930 $24.95

Nylon Carrying Case. Holds printer and accessories.
KG-80092 $29.95

THE BEST EMERGENCY RADIO.

This emergency radio earned The Best rating from the Hammacher Schlemmer Institute because it delivered a superior combination of sound quality, playback time, and reception. The radios were turned on until power was exhausted and The Best Emergency Radio lasted 8.7X longer than lesser models. The Best model's large, ergonomic hand crank required little effort to turn and, unlike other radios with analog tuners, it has an easy-to-adjust digital tuner that received 33% more radio stations than competing radios and produced crisp, clear sound of AM and FM stations. The Best model allowed analysts to hear every word of the seven NOAA Weather Bands, unlike other models that produced distorted, static-filled audio. The Best model's superior features include an integrated LED flashlight, USB port for charging smartphones, mini-USB cable, and a built-in solar panel for supplemental power. 5¾" H x 7" W x 2⅜" D. (1¼ lbs.)

KG-82978 $59.95

Our original Bowery location

A 165-year Heritage of Quality and Innovation

Since 1848, when Hammacher Schlemmer began as a hardware store in New York's Bowery district, we have always embraced quality and innovation. Though the items we offer now are more refined, they still reflect our 165-year tradition of providing products that perform an important task and are the best of their kind.

Our current landmark store

THE POWER ASSIST PEDALER.

This exercise pedaler provides a power-assisted leg workout for those with limited mobility to help improve muscular strength and coordination. Just a 15-minute workout helps improve muscle strength and range of motion and can be performed while watching TV. The device runs smoothly using a whisper-quiet 18-watt motor that coaxes your legs to cycle without forceful, jerky movement. Pedaling speed begins at a calm 25 rpm, and the included remote allows you to increase your speed incrementally up to a robust 65 rpm. It has an easy-to-read LCD that displays your distance, time, calories burned, and rpm. Sturdy ABS/resin/steel construction. Plugs into AC; LCD includes watch battery. 14" H x 13" W x 16" D. (13¼ lbs.)
KG-77611 $169.95

THE BODY HEAT MIMICKING MOSQUITO TRAP.

This is the mosquito trap that most realistically mimics human body heat production to attract and eliminate mosquitoes across one acre.. The unit generates constant heat from the center (mimicking the human neck) and intermittent heat on its dome that trick mosquitoes into thinking the warm spots are human veins, drawing them closer to the trap. The unit produces odorless carbon dioxide (the same gas people expel during respiration) using propane to lure the pests. Unlike lesser traps that only provide a single stimulus, this superior model also uses blue light, a color to which mosquitoes are naturally attracted. When mosquitoes approach the trap, a fan draws them inside where they expire in the collection chamber due to dehydration. With a one-button starter, then runs on its own thermoelectric power. Wheeled base. Requires standard 20-lb. propane tank and four C batteries. 36" H x 20" W x 11½" D. (23½ lbs.)
KG-83727 $599.95

THE ALL DAY GEL SEAT.

This gel seat cushion relieves point-of-contact pressure and helps reduce lower back pain inherent in long periods of sitting in a car or office chair. The cushion is filled with a soft visco-elastic gel and supportive memory foam that disperse your weight to alleviate pressure points. The surface has a subtle 5° slope that promotes proper pelvic posture, encouraging correct lumbar curvature. A depression in the center of the cushion eliminates contact pressure on the tailbone and soft tissue, and 10 small perforations provide ventilation. The cushion folds in half and has an integrated handle to enable simple transport. 1½" H x 18" W x 16" D. (3½ lbs.)
KG-78710 $119.95

The Portable Gel Seat.
As above, but more compact to enable ease of portability and use in theater seats and airplane seats, on bleachers, or in other small chairs.
1" H x 16" W x 13½" D. (2½ lbs.)
KG-73077 $79.95

THE BEST NOSE HAIR TRIMMER.

This nose and ear hair trimmer earned The Best rating from the Hammacher Schlemmer Institute because it cut hair closer, faster, and with more comfort than any other model. Panelists lauded The Best model for trimming "the closest" and producing a "very quick, smooth shave." Lesser models "tickled so much I couldn't use it" and "required repeated passes" to trim the hair. The panel preferred The Best Nose Hair Trimmer in tests for comfort because it had a "comfortable grip that was easy to hold," unlike other trimmers that were "bulky and hard to hold." The Best model was the only one with a rechargeable battery and unlike lesser trimmers that did not come with useful attachments, it includes two interchangeable blade heads for trimming nose hair and eyebrows. Operates for two hours after a two-hour charge.
5¼" H x 1/3" Diam. (2¼ oz.)
KG-82673 $24.95

THE iPHONE AND iPAD CHARGING SPEAKER DOCK.

This is the speaker dock that charges an iPhone and iPad simultaneously. Two dedicated 30-pin dock connectors hold each device upright, providing a convenient charging platform that requires as little space as a box of tissues. The dock plays music from either device through the unit's dual integrated stereo speakers, allowing you to watch videos or listen to a music collection while the iPad and iPhone charge. With USB and 3.5 mm auxiliary ports (cables included) that allow connection to an iPod or other MP3 players. Compatible with iPhone 5, 4S, 4, 3GS, and all iPad and iPod touch models (iPhone 5 charges via USB). Plugs into AC via iPhone/iPad wall adapter. 11½" W x 5" D x 1¾" H. (1⅛ lbs.)
KG-82558 $129.95

THE CLASSIC WWII MESSENGER BICYCLE.

This is the faithful reproduction of a 1940 Industrial Newsboy bicycle, used by the U.S. military for messenger duty on bases during World War II. It is made in New York City by Worksman Cycles, the original 114 year-old bicycle manufacturer who supplied thousands of Industrial Newsboy models to the U.S. military after the attack on Pearl Harbor in 1941. Its fully-lugged, double top-tube steel frame is meticulously hand-brazed—the same way Worksman has made Newsboy frames since 1940—providing today's rider the same reliable durability demanded by the war effort over 70 years ago. The 24"-long handlebars, chainguard, and fenders are made by Wald while the hard rubber grips are made by Hunte-Wilde—the same two manufacturers that supplied Worksman during the war. A coaster brake built into its single-speed rear hub provides confident stops while riding on its wheels' period authentic 11-gauge spokes, steel clincher rims, and 26"-diam. tires. Updated for modern riders, the 10" foam-padded seat retains the classic double-sprung design with a rear grab bar. 72" L x 8" W x 36" H. (46 lbs.)
KG-12213 $799.95 ($75) FD

Women's. KG-12214 $799.95 ($75) FD

THE CORDLESS SLIDE AND NEGATIVE TO DIGITAL PICTURE CONVERTER.

This is the only portable device that preserves cherished slides and film negatives at 9 megapixel resolution—the highest available on models of this type—without being tethered to a computer or electrical outlet. Slides (35mm) and negatives (110 and 135) are placed into a tray that aligns each properly when it is inserted into the converter. The touch of a button captures the image in 3-5 seconds as a JPEG file that can be immediately previewed on the built-in 2½" TFT color display and stored onto an SD memory card (8 GB card sold below stores over 10,000 pictures). You can transfer images to a PC running Windows 7, Vista, or XP, or a Mac via the included USB cable (or remove your SD card). You can also connect it directly to a TV to view the conversion process or your converted images. Its 9 MP CMOS sensor provides 3328 x 2216 resolution, automatic exposure control, and color balance, resulting in clear digital images without loss of quality. Its rechargeable battery provides up to three hours of operation from a three-hour charge using the included AC adapter (or a six-hour charge via USB). Includes photo editing software that allows optional manipulation of converted digital photos. 6½" H x 4¼" W x 4¼" D. (1 lb.)

KG-79353 $129.95

8 GB MicroSD Card with SD Adapter. Adapter allows use of microSD card in other devices with standard slots.
KG-79821 $39.95

Six Additional Trays. Three for slides and three for film negatives; ideal for converting large batches. KG-79662 $24.95

THE INVISIBLE SPEAKER.

This is the wireless speaker that remains hidden inside a lampshade and streams music from any audio source, eliminating the need to hardwire speakers throughout a home. The speaker simply screws into a lamp socket and music from an iPhone, television, or computer is transmitted to the speaker up to 200' away by the included 2.4 GHz base station that simply plugs into the devices. The speaker's 25-watt amplifier and 3" driver deliver clear, rich sound and the speaker is powered by the lamp itself to eliminate additional cords. Up to four speakers (one included) connect to the base station. 5½" Diam. x 10" H. (3¼ lbs.)

KG-83548 $199.95

Additional Speaker.
KG-79949 $149.95

THE FILTERLESS AIR PURIFIER.

This is the air cleaner that removes air pollutants without costly filters. It emits billions of harmless electrons that attach to air impurities and convert them to negatively charged ions, causing the invisible pollutants to gravitate and bond to the positively charged collection tube (larger dust particles will fall to the ground). An independent testing laboratory showed it removed airborne dust, pollen, pet dander, and smoke particles as small as 10 nanometers—100 times smaller than the average bacteria—and its effectiveness will not wane over time like traditional air filters. Capable of purifying a room in five hours, the virtually silent air cleaner produces only 5 db—half the decibel level of normal breathing—and it does not produce any ozone. The collection tube is removable and rinses clean once or twice a month for a lifetime of reliable air filtration without additional cost. Plugs into AC.

540' sq. Air Purifier.
22" H x 7½" Diam. (4¼ lbs.)
KG-82263 $299.95

650' sq. Air Purifier.
26" H x 7½" Diam. (6¼ lbs.)
KG-82296 $499.95

THE 14 MP DIGITAL POLAROID CAMERA.

Developed by Polaroid, inventors of the instant film camera, this is the 14 megapixel digital camera that can shoot and print photos by itself. In less than a minute and without messy ink cartridges, the camera's integrated printer produces vibrant 3" x 4" color snapshots with the familiar white border using patented paper embedded with colored dye crystals. The prints are smudge- and tear-proof, fade- and water-resistant. The compact camera has a 4X optical zoom, shoots video with audio, and can save files to an SD memory card up to 32 GB (sold separately). Before printing, images can be viewed and cropped on the 2.7" color LCD screen. Rechargeable lithium-ion battery prints 25 photos on a full charge and charges in two hours with the included AC adapter. Comes with 10-sheet photo cartridge. 2½" H x 2½" W x 3½" D. (14½ oz.)
KG-83729 $299.95

Additional Photograph Paper. Makes 30 3" x 4" prints.
KG-83501 $29.95

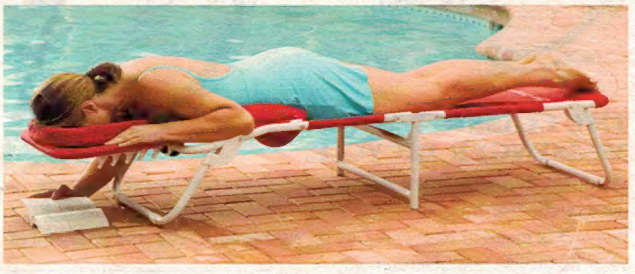
THE CORDLESS NEUROMUSCULAR BACK PAIN RELIEVER.

This streamlined cordless electrotherapy system delivers hours of drug-free pain relief from lower back pain. As powerful as professional equipment, the device employs Transcutaneous Electrical Nerve Stimulation (TENS), harmless electrical pulses that block pain signals passing through nerves to the brain. The system also increases blood flow to the area to promote healing and relaxation. According to the American Physical Therapy Association, TENS therapy can be an effective element of pain management for low-intensity discomfort. The compact three-button remote control initiates a 30-minute treatment session, adjusts the intensity of stimulation, and powers off the unit. Unlike TENS systems with multiple electrode cords and tethered battery packs, this thin, flexible unit doesn't impede movement, can be worn under clothing, and need not be removed between treatments. The adhesive electrode pads stay securely in place for up to 5 applications. Includes 40 gel pads (about a three month supply), two AAA batteries that provide up to 150 30-minute treatments, CR2032 battery for remote, and storage box. 7½" L x 3" W x 3/4" D. (4¾ oz.)

Remote

KG-83521 $199.95

Replacement conductive gel pads. 10 pads. (3¼ oz.)
KG-83524 $19.95



THE ERGONOMIC BEACH LOUNGER.

Recommended by physical therapists, this lounger provides optimal support and comfort while you lie prone or supine. The lounger has three pillows engineered to relieve spinal pressure and provide support at stress-prone points on the body. The sloping headrest has a massage-table style face opening that allows you to lie prone and read in comfort without cervical hyperextension or neck strain. When you are lying in a supine position, the headrest pillow supports the neck from behind, creating a gentle stretch for the vertebrae to reduce stress and pressure on nerves and disks. The lounger can be manually adjusted to six different positions and the lower portion folds down for use as a beach chair. The aluminum frame is powder-coated to resist weather, sun, and sea-salt exposure. Supports 300 lbs. 12" H x 23" W x 72" L. (12 lbs.)

KG-72863 $169.95

THE BEST LOW PROFILE WINDOW FAN.

This low profile window fan earned The Best rating from the Hammacher Schlemmer Institute because it produced up to 96% more air velocity while being the quietest. Anemometer readings showed that The Best model produced 587 feet-per-minute air streams, far superior to lesser models that could only muster 299 fpm. The Best Low Profile Window Fan generated only 56.1 decibels of noise, the volume of a normal conversation. The Best model's dual fans are reversible and operate independently, allowing one fan to draw cool air inside while the other pushes warm air outside for optimal circulation. At only 13" high, The Best model minimizes view obstruction, its remote control enables easy adjustment of the three fan speeds, and the thermostat can be set to automatically turn the fan on or off at preset ambient temperatures. Fits windows 24" to 37" wide. 24" W x 13" H x 5" D. (8½ lbs.)
KG-82495 $69.95

THE LIVE PUTTING MINIATURE GOLF ARCADE GAME.

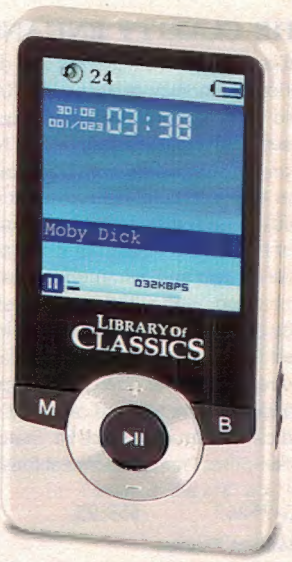
This is the same full-size miniature golf video game found in arcade parlors. Up to four competitors can play on two virtual courses using a real putter and real balls—you can explore the casino-themed Las Vegas course or the tiki torch-themed Paradise Island course on the large, high-definition 32" LCD. Just like real courses, you can shoot your ball through obstacles, such as a secret door at the base of an Egyptian pyramid for a one-way route directly to the hole...if you can time it correctly before it closes. Shot controls allow you to adjust your view left or right, providing overhead or ball view to plan the optimal path to the hole. The putting green allows left- and right-handers to play easily. Simply putt your ball at the base of the video screen; when the ball is detected by the game's computer, the virtual world takes over, calculating both the direction and speed of the ball, "shooting" it toward the hole; balls return automatically. Music and sound effects are delivered by three speakers. It comes with its own putter (you may substitute your own) on a tether and five balls. White Glove delivery. Plugs into AC. 68" L x 55" W x 72" H. (470 lbs.)
KG-11549
$6,900 ($200)
FD

THE TOTAL BODY SUPPORT PILLOW.

Providing an extraordinary level of comfort, this pillow gives optimum support for upper and lower extremities, while cushioning and maintaining proper spinal alignment no matter your sleep position. Originally invented to help relieve fibromyalgia—a chronic condition marked by muscular pain and tenderness at specific points of the body—it has now been recognized as an effective aid to getting a good night's sleep. Both adults and children can use and enjoy the flexible, total-body pillow to sit or lie on the floor, sofa, or bed in total comfort. It can be folded into a U-shape, or come full circle to create beanbag-shaped seating. The pillow is stuffed with hypoallergenic fiberfill. The fill will become even softer and fuller with each washing (machine washable). Comes with one white poly/cotton pillowcase. Made in the U.S. 15½" W x 130" L overall, 65" L folded. (10½ lbs.)
KG-75405 $119.95
Extra Pillowcase. White (polyester/cotton) or Navy (flannel). Imported. KG-75406 $39.95

THE 100 GREATEST CLASSICS AUDIO BOOK.

This palm-sized library contains audio versions of the 100 greatest classic books. Eliminating the hassle of downloading files, the lightweight player comes pre-loaded with unabridged texts by noteworthy authors including Charles Dickens, Mark Twain and Jane Austen. In addition to classic novels such as *Moby-Dick* and *Treasure Island*, the wide-ranging collection features short stories by O. Henry and Kipling, plays by Ibsen and Shakespeare, and philosophical treatises by Nietzsche and Aristotle (see hammacher.com for a complete list of titles). Its full 600 hours of entertainment also include 50 classical music favorites by Mozart, Chopin and other composers. The portable 1-oz. device makes it easy to catch up on the classics on the go; it even comes with an adapter so it can be played through a car radio. Battery lasts for up to eight hours after a three-hour charge using the included USB cable. Also comes with earbuds and AC adapter. 3" L x 1½" W x 1/4" D. (1 oz.)
KG-83579 $99.95



THE MOLD AND GERM DESTROYING AIR PURIFIER.

This is the air purifier that eliminates up to 100% of airborne bacteria, mold, viruses, pet dander, dust mite allergens, and pollen without making a sound or using a filter. The device uses natural convection to silently draw airborne impurities into its patented ceramic heating chamber that instantly destroys the microorganisms with 400° F heat. An independent laboratory confirmed that the unit destroyed 100% of bacteria and mold regardless of the microorganism's size or level of hazardousness. The sanitized air is cooled and recirculated into the room, providing a healthier breathing environment without producing ozone or requiring you to clean or replace a costly filter. The air purifier remains cool to the touch and the heat it produces will not affect room temperature. 10½" H x 8½" Diam. (3⅓ lbs.)

For Rooms Up To 650' sq. Black. KG-81655 $299.95
For Rooms Up To 550' sq. Gray. KG-72776 $269.95

THE BEST RECHARGEABLE YARD TRIMMER.

This rechargeable grass trimmer earned The Best rating from the Hammacher Schlemmer Institute because of its powerful, precise trimming and simple conversion into an edger. The Best Rechargeable Yard Trimmer cut through 180' sq. of weeds and 140' of thick grass in only 10 minutes, unlike lesser models that could only cut 145' sq. and 115' sq. respectively. The Best model's 24-volt battery runs 30% longer than lesser 18-volt batteries and recharges in three hours, unlike lesser models that required up to five hours to recharge. When the trimmer line breaks, it automatically extends the correct length of line to ensure uninterrupted trimming, and simply tilting the head and folding down the integrated wheels converts the device into an edger. The Best model weighed 25% less than other trimmers, its head tilts vertically and horizontally, and it has an adjustable-length shaft, making it the easiest to use. 12"-diameter cutting area. Includes an AC charger and three 10' line spools. 36" H x 12½" W. (8½ lbs.)

KG-83627 $199.95

THE CLARITY ENHANCING SUNGLASSES.

Unlike traditional sunglasses that darken your vision, these use optical technology developed by NASA to make objects appear more vivid while blocking 100% of UV rays and shading eyes from sunlight. Based on the glasses designed by NASA's Jet Propulsion Laboratory to protect astronauts' eyes from solar radiation, the polarized lenses filter blue and violet light rays that can impair vision, yet allow sight-enhancing green, yellow, orange, and red light rays to reach your retina. As a result, objects appear more distinct and distortion is greatly diminished. With adjustable, non-slip nose pads and spring hinges. The lenses meet CE, ANSI, and EN1836 standards and regulations for scratch and impact resistance. Includes hard case, soft pouch, and cleaning/maintenance kit. Stainless Nickel-Silver Frame. Gunmetal finish. 2" H x 6" W x 6½" L. (6 oz.)

Glasses enhance clarity

KG-75267 $59.95

Titanium Frame.
Made from titanium, one of the most durable and lightest metals, for all-day comfort. 5¼" W x 2" D x 1½" H. (1/2 oz.)

Titanium frame

KG-82648 $99.95

THE WALK ON AIR ADJUSTABLE SANDALS.

These are the indoor/outdoor sandals that have over 1,000 air bubbles injected into the outsoles and insoles, allowing the feet to rest on a cushion of air. Following the recommendations of leading German podiatrists, the sandals have lightweight polyurethane soles and anatomically molded footbeds that cradle your feet, ensuring optimal support while lessening foot fatigue. The adjustable straps provide optimal comfort. Only available at Hammacher Schlemmer, the cowhides used for the soft, supple nubuck leather uppers are hand-picked and tanned in Germany by artisans with over 200 years of experience to achieve the highest quality available. A breathable microfiber lining absorbs moisture and passes it to the outside of the slides, keeping your feet dry. The non-skid sole ensures stable footing. Black or Brown. (1¼ lbs.)

Women's. Sizes 5-11½. KG-82647 $69.95
Men's. Sizes 7-12½. KG-83041 $69.95

THE PASSWORD VAULT.

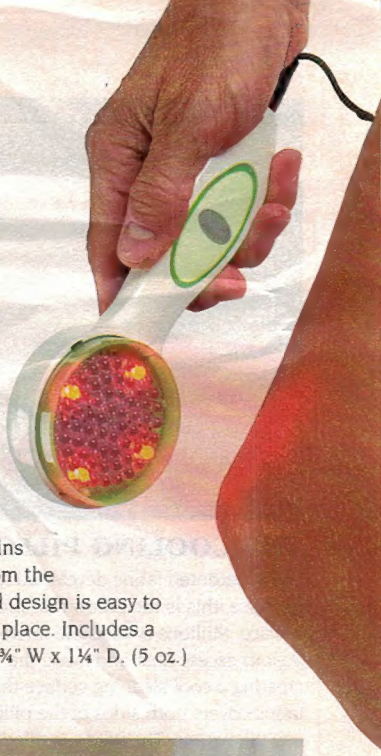
About the size of a smart phone, this is the device that secures account information for website addresses, usernames, passwords, and ATM PINs, and stores them for immediate retrieval. Unlike password information stored on a computer, your passwords are stored offline in the vault's memory, ensuring sensitive information can never be compromised. The vault's keyboard slides out—accounts and additional text notes can be typed after entering an initial password. It can store up to 400 account records, mitigating the risky practice of leaving passwords on notes under keyboards or using one password for all accounts. Buttons scroll between accounts for display on the LCD. In case the device is misplaced, lost, or stolen, five unsuccessful attempts to access your accounts will lock the device for 30 minutes—your passwords are safely protected. The entire device can be reset—permanently erasing all data—by pressing the reset button. Built-in flash memory retains passwords in memory when the CR2032 battery requires changing. 4½" W x 2¾" D x 1" H. (3 oz.)
KG-79709 $49.95

THE LUMBAR SUPPORTING PORTABLE CHAIR.

This is the portable chair that encourages proper posture and provides optimal lumbar support for better back comfort. The chair's backrest curves outward gently from the seat up through the middle lumbar region, supporting the natural curve of the spinal column and relieving stress on back muscles and discs. The lumbar support shifts the pelvis forward and the shoulders back to discourage slouching that often causes back discomfort. The chair is made from soft yet durable 600-denier tear-resistant polyester and has a sturdy powder coated steel frame. Folds to only 6" wide and stores in the included bag for ease of transport. With padded armrests and built-in cup holder. Supports up to 300 lbs. 28¼" W x 26" D x 36" H. (12 lbs.)
KG-83479 $99.95

Folds to 6" wide

THE INFRARED LED PAIN RELIEVER.



Using technology developed by NASA to heal astronauts' injuries, this device's 60 LEDs produce safe infrared heat to stimulate blood circulation, relieve swelling in joints, and loosen tight muscles. A study at Children's Hospital of Wisconsin in Milwaukee showed the LED technology reduced painful inflammation by up to 37%. Unlike heating pads that only treat just below the skin's surface, the LED light penetrates deep into tissue for lasting relief from muscle aches. The device begins to relieve pain when placed 1/4" from the skin. The lightweight, brush-shaped design is easy to move around the body and hold in place. Includes a travel bag. Plugs into AC. 7½" L x 2¾" W x 1¼" D. (5 oz.)
KG-79393 $159.95

THE SUPERIOR COMFORT BED LOUNGER.

This soft yet structured lounger offers superior back support, and its adjustable headrest automatically follows your head's normal movements for increased neck support. The lounger's flexible plastic frame adjusts to accommodate your body's contours and movements, ensuring optimal support and comfort in any position. It has an adjustable and detachable lumbar pillow, and the armrests pivot inward to help support body weight, reducing strain on the head, neck, and shoulders. Natural color. 22" H (headrest not extended) x 25" W x 21" D. Seat: 15" D. (6½ lbs.)
KG-62798 $149.95 OS

Replacement Slipcover. Natural, Hunter, Navy, or Black. Cotton.
KG-73812 $45.95

Petite Bed Lounger. For people up to 5'2" tall. 22" H x 24" W x 24" D.
KG-78176 $149.95

Petite Lounger Replacement Slipcover. Natural, Hunter, Navy, or Black.
KG-78148 $45.95

The Superior Comfort Knee Pillow. The elliptical wedge rotates easily and has an internal air-piston so you can change its firmness. The 100% cotton cover is machine-washable. 13" W x 22¾" L x 9" D. (4 lbs.)
KG-79920 $89.95

Knee Pillow Slipcover. Natural, Hunter, Navy, or Black. Cotton.
KG-66845 $29.95

THE COOLING PILLOW.

Using patented fabric developed for NASA to help keep astronauts cool in space, this is the pillow that provides a comfortably cool sleeping surface. Millions of invisible microcapsules inside the pillow shell absorb excess heat and move the warmth away from the head and neck, creating a cool sleeping surface throughout the night. The patented fabric covers both sides of the pillow and its cooling is effective under any pillowcase. The pillow is filled with a spiral-crimped polyester that has a loose, thread-like texture for long-lasting loft. The 100% cotton cover is hypoallergenic, removable, and washable.

Soft-Density Pillows. For those who sleep on their stomachs.

Standard. 32-oz. fill weight. 26" L x 20" W. (4 lbs.)	KG-81487	$59.95
Queen. 38-oz. fill weight. 30" L x 20" W. (4¾ lbs.)	KG-81492	$69.95
King. 44-oz. fill weight. 36" L x 20" W. (5¼ lbs.)	KG-81530	$79.95

Medium-Density Pillows. For those who sleep on their sides.

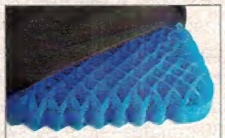
Standard. 36-oz. fill weight. 26" L x 20" W. (4 lbs.)	KG-78192	$69.95
Queen. 45-oz. fill weight. 28" L x 20" W. (4¾ lbs.)	KG-78184	$79.95
King. 55-oz. fill weight. 36" L x 20" W. (5¼ lbs.)	KG-78165	$89.95

Firm-Density Pillows. For those who sleep on their backs.

Standard. 42-oz. fill weight. 26" L x 20" W. (4 lbs.)	KG-81556	$79.95
Queen. 50-oz. fill weight. 30" L x 20" W. (4¾ lbs.)	KG-81567	$89.95
King. 61-oz. fill weight. 36" L x 20" W. (5¼ lbs.)	KG-81576	$99.95

THE TRUCK DRIVER'S PRESSURE RELIEVING CUSHION.

This is the seat cushion used by truck drivers to relieve point-of-contact pressure and reduce lower back discomfort inherent in long periods of sitting. Unlike foam or springs that apply counter pressure, the medical-grade elastic gel interior has a patented honeycomb shape that distributes weight evenly to adjacent columns, eliminating pressure points and providing support. The cushion fits in most chairs and its 2½"-thick gel interior creates the sensation of sitting on air as it conforms to the unique shape of your body, mitigating impact on joints and muscles no matter where you sit on the surface. The durable elastic gel won't develop permanent depressions and it immediately reclaims its original form when you get up. The reversible cushion has soft and firm sides, a washable polyester and spandex cover, and an integrated handle. 2½" H x 17½" W x 14" D. (6¾ lbs.)



Medical-grade elastic gel interior

KG-81485 $99.95

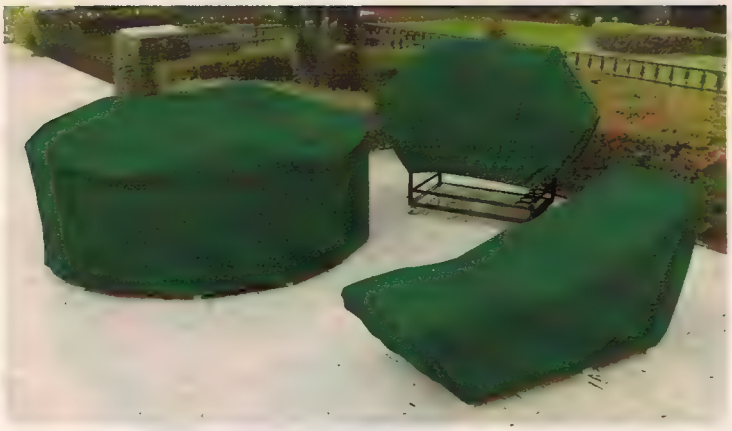
Replacement Cover. 17½" L x 15½" W x 1/4" D. (3 oz.)
KG-83467 $24.95

THE BICYCLE REARVIEW CAMERA.

This is the camera system that mounts to a bicycle for providing a clear view of the road behind. The 2¼" W x 1½" H camera mounts to a bicycle's seat post, providing a rear-facing 75° field of view ideal for seeing approaching vehicles or other cyclists. A 78¾" zip-tied cable that accommodates any frame geometry connects the camera to the handlebar-mounted 3½" TFT color monitor (fits bars up to 1¼" diameter); quick-release mechanism removes the monitor easily from handlebars for charging. A circular pattern of red LEDs flash when the camera's built-in sensor detects low-light conditions for visibility to traffic. Fully weather- and vibration-resistant. The camera system's rechargeable battery provides up to 10 hours of operation from a two-hour charge using the included AC adapter. (1 lb.)
KG-82465 $199.95

THE OVER THE EAR BOOK LIGHT.

This is the cordless hands-free book light that illuminates the page without tangled wires or an awkward clamp that can interfere with reading. The reversible earpiece hooks comfortably over either ear and moves with the reader's head, precisely targeting its light like a miner's headlamp without constant repositioning. The LED provides clear white illumination for up to 100,000 hours—the equivalent of 11 straight years—with two settings that adjust the brightness from 8 lumens to 4 lumens to adapt to ambient conditions. The compact device does not heat up and contains no breakable filament or tubing, so it can be packed into a purse or suitcase without worry. Includes two CR2025 batteries. 4¼" L x 2½" W x 3/4" D. (1¾ oz.)
KG-83261 $24.95



THE BETTER OUTDOOR FURNITURE COVERS.

Unlike vinyl furniture covers that deteriorate over time, these are made from woven polyester fabric that will never crack or peel. The pliant, 300-denier covers create an impervious barrier to dirt, rain, snow, and sunlight. The edges are sewn, not heat-welded like lesser models, providing superior strength at the seams. The covers are UV-, heat-, and stain-resistant, and their PVC lining inhibits mold and mildew growth. Nylon cinch cords are strung through durable brass grommets, ensuring a tight fit. Each cover stores in a pouch when not in use. Hunter Green.

Gas Grill Cover. 34" L x 72" W x 38" H.	KG-78223	$34.95
Chaise Lounge Cover. 80" L x 30" W x 27" H.	KG-78225	$39.95
Ottoman Cover. 25" L x 23" W x 18" H. (1½ lbs.)	KG-78226	$24.95
Coffee Table Cover. 28" L x 48" W x 20" H. (3 lbs.)	KG-78227	$29.95

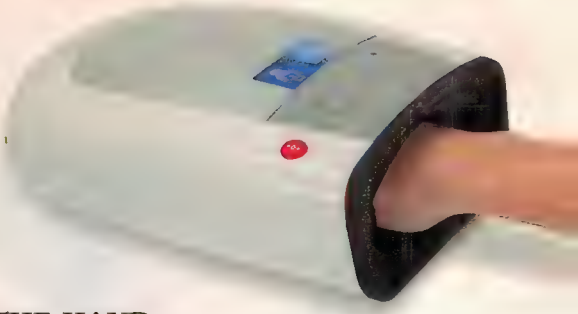
Stacking Patio Chairs Cover. 27" L x 30" W x 49" H.	KG-78230	$29.95
Lounge Chair Cover. 35" L x 35" W x 35" H.	KG-78231	$39.95
Rocker/Adirondack Chair Cover. 27" L x 30" W x 49" H.	KG-78232	$39.95
Sofa Cover. 85" L x 36" W x 35" H.	KG-78233	$49.95
Loveseat Cover. 58" L x 36" W x 35" H.	KG-78234	$44.95
Round Table and Chairs Cover. 84" L x 84" W x 36" H.	KG-78235	$69.95
Oval Table and Chairs Cover. 110" L x 84" W x 36" H.	KG-78236	$99.95
Rectangle Table and Chairs Cover. 84" L x 48" W x 36" D.	KG-78237	$69.95
Square Central AC Cover. 34" L x 34" W x 30" H. (3⅓ lbs.)	KG-78239	$29.95

THE SLIM PROFILE AIR CONDITIONER.

This is the slim profile air conditioner that is up to 40% more compact than typical models, minimizing view obstruction from a window. At only 12¾"-high, the air conditioner allows more sunlight to shine into a room than other window units yet cools up to 250' sq. despite its diminutive stature. The 6,300 BTU air conditioner has four fan speeds and four-way louvers that allow cool air to be directed to a specific area. The unit has a digital thermostat and its remote control allows across-the-room adjustment of temperature, fan speeds, and the 24-hour timer. With a washable, reusable air filter. 18¾" W x 15¾" D x 12¾" H. (46 lbs.)
KG-81376 $249.95



THE HAND REFLEXOLOGY MASSAGER.

This is the device that applies gentle, soothing massage to both the top and bottom of the hand. Similar to hand reflexology, it compresses trigger points on the palm and back of hand using a mechanical air pressure system that kneads the hand. A team of physical therapists found the massager to have potential to help relieve pain and discomfort in the hands; its soothing rhythm helps to relieve the tension, stress, and fatigue associated with extended keyboard and mouse usage. After a hand is inserted into the device's soft polyester interior, a push of a button begins a 5-, 10-, or 15-minute session at one of four pressure levels. It can also provide far infrared heat during sessions to promote better circulation. Requires four AA batteries. 10¼" L x 7¾" W x 9¾" D. (2¾ lbs.)
KG-81569 $129.95

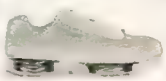
THE BEST MULTI HANDSET CORDLESS TELEPHONE.

This is The Best multi-handset cordless phone because it allowed the clearest conversations and was easiest to set up in tests conducted by the Hammacher Schlemmer Institute. Analysts rated this system highest for audio that was crisp and clear, unlike lesser models that were plagued by static or echoing. All the unit's functions are easily programmed via clear, onscreen instructions as opposed to models that require users to enter confusing codes or squint at miniscule displays. The phone system's DECT 6.0 technology allowed static-free calls up to 155' away from the base station, far superior to a model that dropped calls beyond 100'. The two-line digital answering machine/charging base has a large, easy-to-read LCD for caller ID (requires subscription), and can synch with up to four Bluetooth devices, enabling cell phone calls to be placed and received using any handset. It supports up to 12 handsets (one included; additional handsets sold separately). The cordless handset features a 20-number autodial memory, an illuminated keypad, and an intercom function. Handset battery provides up to seven hours of talk time on a full charge. Base: 4" L x 9¾" W x 8¾" H. (3¾ lbs.)
KG-81307 $169.95

Additional Cordless Handset. KG-81178 $69.95

THE SPRING LOADED WALKING SHOES.

These shoes have shock-absorbing springs in the soles that relieve the stress and fatigue of running, walking, or standing better than any shoe available. Tests performed at Michigan State University proved that the patented springs returned up to 96% of the energy from each step that would otherwise be lost to the ground. Unlike the compressed foams and gels used for cushioning on other shoes, these springs will never break down or degrade. Full-grain leather upper, with a one-piece outsole of abrasion-resistant carbon rubber. Each shoe contains one spring in the heel and one in the forefoot. Whole/half sizes: Men's 8-12, 13, and 14; women's 6-11; if in-between sizes, order the next larger size. Medium width; please call customer service at 1-800-543-3366 for wide width sizing. White or Black. (13 oz.)



Springs in sole return 96% of energy

Hook-and-loop straps

Men's Lace-Up.	KG-75644	$139.95
Men's Straps.	KG-78285	$139.95
Women's Lace-Up.	KG-75637	$139.95
Women's Straps.	KG-78286	$139.95

THE POWERED PUMICE STONE.

This is the powered pedicure aid that quickly and gently removes dry, rough, and calloused skin on the feet. The device's unique micro-mineral roller spins at 1800 rpm, quickly and effectively buffing away hard, jagged skin on the sole and heel to leave feet softer and smoother. Similar in size to an electric razor, the lightweight roller can be held comfortably in one hand, producing salon-quality results with less time and effort than a pumice stone or metal foot file. Comes with coarse and extra-coarse rollers; each roller lasts up to six weeks when used three times per week. Requires two AA batteries. 7" L x 4" W x 2" D. (6 oz.)

KG-82261 $49.95

Replacement Rollers. One coarse, one extra-coarse. (3 oz.)
KG-82280 $19.95

Rechargeable battery powers agitator brush

THE HOTELIER'S RECHARGEABLE SWEEPER.

This is the cordless sweeper trusted by restaurants and hotel chains for its unobtrusive cleaning power and simple operation. The rechargeable battery-driven agitator brush and geared belt drive work equally well on carpet or hard surface floors sweeping debris into the large 17-oz. removable dustbin. This sweeper's lightweight construction, one-handed operation, and nearly inaudible 12-volt motor make it ideal for a quick cleanup during a dinner party, touching up a foyer or area rug between regular vacuuming, or handling the inevitable mess created by children or pets. Its telescoping handle adjusts from 40" to 50" long to accommodate users of different sizes. The battery can be removed for convenient recharging and provides 90-minutes of operation on a 10-hour charge from the included AC adapter. Includes a wall mount for convenient storage. 42" H x 12" W x 11" D. (4 lbs.)
KG-83380 $129.95

THE SOLAR POOL HEATING RINGS.

These are the floating rings that harness the power of sunlight to raise the temperature of an average-sized pool by up to 4½° F per week. They require less effort to maneuver and store than traditional tarp covers, and eliminate the need for energy-consuming electrical heaters when covering just 70% of the pool's surface. Each ring acts as a partial barrier, helping to slow evaporation of water and chemicals, in addition to reducing heat loss at night. Built with an integrated spring, each ring twists and folds for storage. See hammacher.com or call Customer Service toll-free at 1-800-233-4800 to determine how many rings your pool requires. UV-resistant poly-vinyl. Blue. 65½" L x 38" W. (1¾ lbs.)
KG-82414 Set of Two $59.95

THE BEST TELEVISION HEADPHONES.

These wireless headphones earned The Best rating from the Hammacher Schlemmer Institute because they provided clearest audio and greatest transmission range of any model tested. The Best headphones received CD-quality audio up to 42' away from a television, more than 2X further than lesser models, and up to 230' when tested outdoors. The Best model uses 7.1 channel surround sound and delivered the fullest sound and clearest dialogue, leading panelists to say "It was like I was at the movies" and "outstanding stereo sound." Other headphones produced muffled audio and conversations. Described by panelists as "the most comfortable headphones I've ever worn" and "incredibly soft," The Best model scored highest for comfort, outperforming lesser models that were "hot and stifling" and squeezed too tightly. The Best headphones do not require a line of sight with the transmitter and their rechargeable battery lasts up to 20 hours. 7½" L x 7½" W x 3¾" D. (10¾ oz.)

KG-82730 $299.95

THE BRIGHTNESS ZOOMING NATURAL LIGHT LAMP.

This is the only lamp with a light beam that widens or narrows to provide daylight-simulating illumination for hobbies or ambient lighting. Simply pulling the patent-pending shade adjusts the light beam to 711 different diameters between 3" and 31" when the lampshade is 12" away from the lighted surface. At maximum zoom, the 3"-diameter beam produces more than 10,000 LUX (2½X brighter than a typical lamp) that's ideal for illuminating fine details of crafts, and the 31" beam provides optimal light for reading or ambient illumination. Light is produced by one 50,000-hour rated LED that generates clarity-enhancing, crisp white illumination that simulates natural daylight to help reduce eyestrain. An adjustable 15½" gooseneck can be raised, lowered, or twisted for optimal light projection. The lamp has a steel pole and an anodized aluminum shade with a nickel finish and gold accents. Assembly required. 65" H x 9⅗" Diam. (7 lbs.)

KG-81960 $119.95

Table Lamp. Light beam diameters between 3½"-19" provides up to 10,000 LUX of brightness. 23" H x 6½" Diam. (2¾ lbs.)

KG-82507 $69.95

THE FOLDAWAY WALKER'S TREADMILL.

This is the walker's motorless treadmill that folds to 14" high, allowing easy storage in a closet or standing upright against a wall. Unlike noisy, powered treadmills that must be placed near an electrical outlet, this manual model's quiet, magnetic-resistance 43" L x 12½" W textured track and smooth dual weighted flywheels let walkers workout anywhere in the home. A battery-powered monitor (requires one AA battery) tracks time, speed, distance, and calories. Adjusts to eight levels of resistance. With sturdy steel frame, padded handrails, skid-resistant feet, and integrated wheels. Supports up to 250 lbs. Assembly required. Deployed 47" L x 26" W x 44" H; folded 47" L x 26" W x 14" H. (72 lbs.)

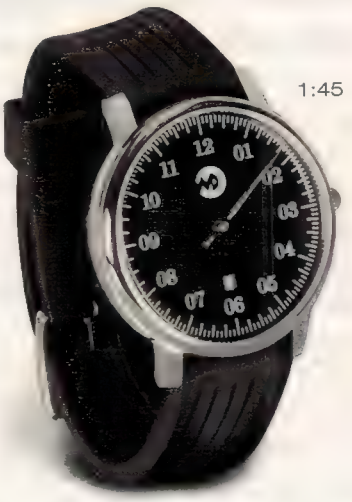
KG-11967 $249.95 FD

The Floor Protecting Gym Mat. Foldable 12" segments permit easy sizing without trimming. Black. 84" L x 36" W x 1/4" H. (8 lbs.)

KG-83564 $49.95

THE ONE HANDED WATCH.

This is the minimalist watch that displays the time using only one hand. Instead of a separate minute hand, the intriguing accessory has 144 markers on its dial that break down each hour into five-minute increments. Long lines and large numerals indicate the hour, while shorter lines demarcate the 15-, 30- and 45-minute positions. The single slender hand tapers to a precise point so its location on the large 1½" face can be easily read. A single crown sets the time and the date, which is displayed in a window at the six o'clock position. The precise Japanese quartz movement is protected behind a domed crystal, the case and lugs are crafted from polished 316L stainless steel, and the caseback is screwed down for durability. The black silicone strap fits wrists 5½" to 8". 1¾" Diam. x 1/2" D. (1½ oz)



KG-83576 $99.95

THE SLEEP IMPROVING PILLOW WEDGE.

This gently sloped pillow provides a subtle incline that raises the upper body for relief from the symptoms of heartburn, sinus congestion, and snoring. The angled shape starts level with the bed and gently elevates sleepers, helping to avoid positions which can contribute to acid reflux and other digestive problems, and allows gravity to gently drain sinus passages. The pillow is crafted from two layers of medical grade polyurethane foam. Its anti-microbial treated 80% cotton/20% polyester velour cover zips off for washing. Use one pillow for a twin bed; two may be placed side by side on full-, queen-, and king-sized beds. Imported. 5" H x 26" W x 32" L. (2 lbs.)
KG-77397 $79.95

THE FLYING HOVERCRAFT.

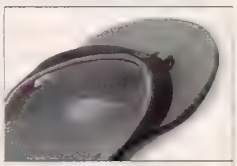
This is the hovercraft that glides over land and water yet also soars in the air up to 70 mph with the aid of integrated wings. A 130-hp twin-cylinder, liquid-cooled gasoline engine—turbocharged and fuel-injected—drives its 60" wood/carbon composite thrust propeller while a 1,100-rpm 34" lift fan inflates its durable vinyl-coated nylon skirt for hovering above the ground. Operating in fresh- or saltwater and up to 30% inclines over sand, mud, grass, swamp, desert, ice, and snow, its wings and horizontal elevator enable pilots to simply hop over water- or land-based obstacles up to 20'-high unsurmountable to a typical hovercraft. A joystick controls three vertical rudders and the elevator, a twist friction-lock throttle controls forward speed, and a variable drive system controls the lift fan for hovering. Braking is provided by lowering the lift fan's rpms; comes to rest on Kevlar composite landing skids. Its low center of gravity and composite fiberglass/PVC hull enable it to operate in winds up to 25 mph and waves up to 6' when in flight. Two nine-gallon gasoline tanks provide a 160-mile range. Supports pilot/passenger payloads up to 600 lbs. for flight. Requires registration as a boat. Special conditions and guarantee limitations apply. Please call 1-800-227-3528 for details. 19' L x 7'8" W x 6'6". (1,100 lbs.)
KG-11933 $190,000

THE ONLY AUDIO RESTORING CASSETTE TO CD CONVERTER.

This is the only device that restores a cassette tape's audio quality before converting it to audio CD format. Made by TEAC, the company that pioneered magnetic tape recording in the 1950s, it is the only stand-alone device that uses a patented Dolby noise reduction process to remove annoying distractions, such as tape hiss, so voices and music are heard clearly as if captured on an open-reel recorder. Its tape speed control overcomes the warped playback of cassettes that routinely suffer from "tape stretch" over a lifespan of forward and reverse, reproducing the original pitch of a recording. It can also convert content to CDs from any audio device plugged into its USB or auxiliary ports, and convert content into MP3s for direct storage onto any USB storage device. With headphone jack and remote. Plugs into AC. 18" W x 6" H x 12" D. (7 lbs.)
KG-81524 $499.95

THE FOREFOOT PAIN REDUCING SANDALS.

These are the sandals that help to alleviate forefoot pain. Recipient of the prestigious American Podiatric Medical Association's Seal of Acceptance, the sandals are built with a metatarsal pad that softens the step at the ball of the wearer's foot. The sandals' EVA footbed conforms to shape of wearer's foot for a custom fit, providing orthotic arch support. Deep heel cups promote stability and proper foot alignment for better control over pronation and supination, unlike typical flat, slab-style sandals. The soft, woven toe post and neoprene-covered polyurethane strap ensure comfort while the durable rubber outsoles ensure reliable footing. Black. (3 oz.)



Metatarsal pad softens step

Women's. Sizes 6-11. KG-81911 $49.95
Men's. Sizes 7-13. KG-83515 $49.95

THE HEAT THERAPY NECK MASSAGER.

This is the collar that helps to relieve neck tension using vibrating massage, electric stimulation, and heat therapy. Used by professional therapists, it is ideal for helping to relieve muscle pain and strain from driving, flying, or office work. Slipping around the neck comfortably and controlled from the included infrared remote, the massager's six vibration modes promote relaxation. Twin metal conductors built into the collar send six intensity levels of harmless low-frequency electrical pulses into the neck's tissue that block pain signals passing through nerves to the brain, increasing blood flow to promote healing. Two elements built into the collar provide three levels of far-infrared heat that penetrates neck muscles for optimal relaxation. You can select sessions in 5-minute increments up to 30 minutes. Its rechargeable battery provides up to 2½ hours of operation from a six-hour charge using the included AC adapter. 9¾" L x 9" W x 2½" H. (1¼ lbs.)
KG-82325 $149.95

THE BEST FLOOR STEAMER.

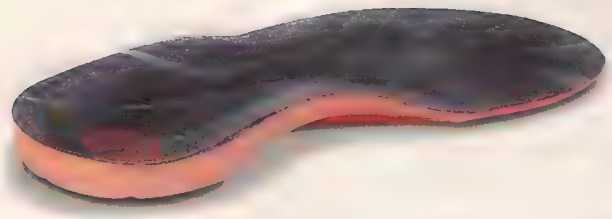
This floor steamer earned The Best rating from the Hammacher Schlemmer Institute because it cleaned floors faster and more effectively than any model. The Best model cleaned dried honey from a tile floor in only three seconds—7X faster than other floor steamers. The Best Floor Steamer cleaned dried juice from hardwood floors 2X faster than other models and removed more synthetic germ powder than any tested steamer. The Best Floor Steamer produces pressurized 212° F steam that kills 99.99% of bacteria including MRSA, *Salmonella*, and *Staphylococcus*. The Best model heated up in only two minutes, far superior to lesser floor steamers that required 10 minutes to warm up. The Best Floor Steamer's swiveling, triangular cleaning head fits easily into corners and along baseboards, the 17-oz. water reservoir removes for ease of refilling, and it produces up to 25 continuous minutes of steam. Includes three reusable microfiber pads. 47½" H x 11" W x 9" D. (6 lbs.)
KG-83383 $149.95

THE FOLDAWAY RECUMBENT EXERCISE BICYCLE.

This is the recumbent exercise bicycle that folds in seconds to half its set-up size for unobtrusive storage under a bed or in a closet. Unlike traditional stationary models that force riders to pedal while hunched over (causing unnecessary back strain), this recumbent model encourages users to sit upright and pedal with correct spinal posture. The bicycle has an LCD for simple navigation of workout menus, displaying your heart rate (when gripping the sensors built into the handlebars), exercise time, speed, calories burned, and distance traveled, and the bicycle's resistance adjusts at the turn of a knob. The sturdy steel frame ensures years of reliable use, the foam-padded handgrips and seat provide optimal comfort, and the seat adjusts to suit different riders. Pedal straps keep your feet secured for an even pedal stroke. Integrated wheels ensure ease of portability. Supports up to 250 lbs. and heights between 5'4" and 6'. Assembly required. Set-up: 47" H x 26" W x 30¼" D. Folded: 45" H x 26" W x 19" D. (38¼ lbs.)
KG-82354 $199.95

THE 12X MAGNIFICATION VANITY MIRROR.

This is the lighted vanity mirror that provides 12X magnification for easily applying makeup, inserting contact lenses, or grooming. When you are within 8" of the mirror it produces distortion-free reflections of skin and hair that are 12X larger than normal. Available exclusively from Hammacher Schlemmer, the dual-sided 7½" diameter mirror is ringed on both sides with 32 ultra-bright LEDs that produce a warm, flattering glow that simulates natural daylight. The optical-quality mirror tilts 360°, and the opposite side has a 1X magnification that provides a true, full view of the face. The all-metal frame has a satin nickel finish and a 5¾"-diameter weighted base. LEDs rated for 50,000 hours. Plugs into AC. 17¼" H x 11" W x 5½" D. (5 lbs.)
KG-83565 $139.95



THE PLANTAR FASCIITIS INSOLES.

These are the orthotic insoles that realign feet to a neutral position to help to combat the painful effects of plantar fasciitis. Recipient of the prestigious American Podiatric Medical Association's Seal of Acceptance, the lightweight EVA insoles use a 4° rear foot wedge that encourages a neutral foot position that prevents excessive pronation—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. Extra cushioning in the forefoot and heel provides added shock absorption. Contoured around heel and arch to achieve 100% foot contact, the insoles can be trimmed in the forefoot for optimal fit inside casual, dress, or athletic shoes without impeding daily activities. With anti-microbial, odor absorbing cover. Sizes S (Men's 5½-7; Women's 6½-8), M (Men's 7½-9; Women's 8½-10), L (Men's 9½-11; Women's 10½-12), XL (Men's 11½-13). (4 oz.)
KG-82390 $39.95

THE HIDDEN SANDBOX PLAYHOUSE.

This is the wood playhouse that rolls aside to reveal a sandbox concealed beneath its floor. The playhouse is easily moved by adults to give children access to a 55" x 30" pine sandbox that turns a backyard into a beach, its 6"-high sides ensuring the sand stays contained in the box. After playtime, the playhouse rolls back in place to keep animals, debris, and weather out, so the sand stays clean and dry. Hewn from top-grade Austrian pine, the child-sized chalet is fenced on three sides to create a cozy, shaded clubhouse. The wood is treated with a water-based stain that is safe for kids and the environment, and the heavy-duty vinyl canopy has a UPF rating of 50+, the highest attainable, to block the sun's harmful rays as well as it does rain showers. Assembly required. Ages 1½ to 5 years. Holds ten 50 lb. bags of sand (not included). Closed: 56¾" H x 54" W x 53½" D. (90 lbs.)
KG-12257 $499.95 FD

THE HOME FLOOR SCRUBBER/POLISHER.

This home floor cleaner scrubs and polishes any hard-surface floor or carpet with a commercial machine's vigor, yet is easily controlled with one hand. The dual, counter-rotating nylon brushes spin at 470 rpm to remove deeply imbedded stains from carpets and buff a brilliant sheen into hardwood floors, tile, or marble. The 1/3-hp machine can be used with any home-cleaning solution or stain remover and is as easy to operate as a vacuum cleaner. The brushes engage with a tap of the foot pedal, and its lightweight, slim design and wheels allow you to quickly navigate around furniture and along walls, while the 18'-long cord provides enough slack to clean large areas. Three sets of pads—felt (wood floors), microfiber (tile), and terry cloth (carpet)—accommodate different surfaces, or you can leave the brushes uncovered to scrub concrete in a garage or basement. The rugged ABS housing and 18-gauge steel handle ensure years of reliable use. Plugs into AC. 40" H x 11½" W x 8½" D. (6 lbs.)

Dual nylon brushes

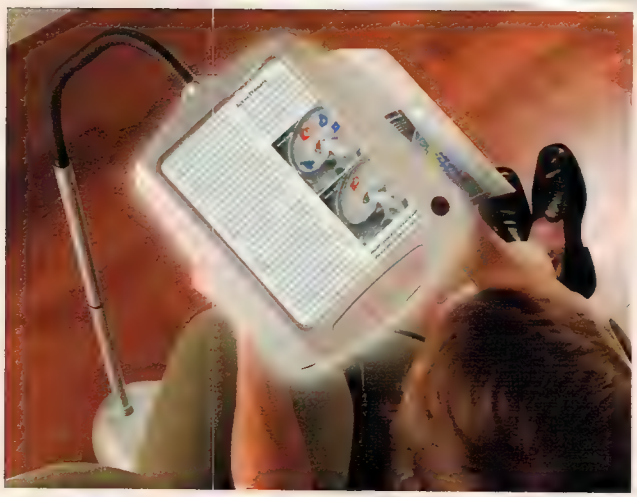
KG-75775 $99.95

Additional Pads. Specify microfiber, felt, or terry cloth; set of two.
KG-76131 $14.95

THE TEMPERATURE REGULATING BLANKET.

Using patented technology developed for NASA, this is the blanket that absorbs, stores, and releases heat to prevent chills or overheating which can result in restlessness. Imbedded in the fabric are millions of invisible microcapsules that absorb excess heat when you are hot and release the stored heat when you are cold, ensuring a comfortable temperature and humidity. The fabric is ideal for couples and their varying body temperatures as it will adjust to each sleeper's individual micro-climate. It is machine-washable, and naturally antibacterial and odor resistant. Made from 50% Merino wool and 50% acrylic. Imported. Oyster, White, Sage, Chocolate, and Blue.

Twin. 66" W x 96" L. (3 lbs.)	KG-78017	$109.95
Full. 80" W x 96" L. (3½ lbs.)	KG-78005	$129.95
Queen. 90" W x 96" L. (4 lbs.)	KG-78014	$149.95
King. 108" W x 96" L. (4¾ lbs.)	KG-78006	$169.95

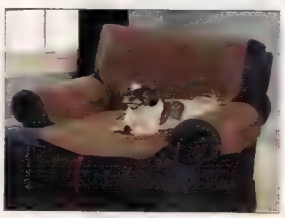


THE CORDLESS WIDE VIEW ILLUMINATING MAGNIFIER.

This LED-illuminated magnifier provides a 30% larger field of view than traditional circular lenses. The rectangular, 8" x 10" acrylic lens magnifies without distortion, allowing you to quickly scan with both eyes. The scratch-resistant lens makes objects appear three times their actual size and 12 LEDs cast expansive, bright light without the glare common to fluorescent and incandescent bulbs, resulting in reduced eyestrain. Mounted on a flexible gooseneck, the lens can be raised, lowered, and twisted to the optimal position for reading, detailed crafts, or other up-close work. The floor-standing unit's weighted base counterbalances its head to prevent tipping and a handle on the magnifier lets you maneuver it easily. LEDs are rated for 50,000 hours. For an optimal view, hold pages parallel to the lens. Rechargeable battery provides eight hours of continuous light from an eight-hour charge with the included AC adapter. 57" H x 28" W x 12¼" D. (9 lbs.)
KG-81730 $99.95

THE PET MESS FURNITURE PROTECTOR.

This is the washable cover that protects furniture from pet hair and damage. Made from stain-resistant ultrasuede, it shields upholstery against fur, scratches, and other pet messes, so owners need not shoo four-legged friends to the floor or constantly follow their trail with a vacuum or washcloth. The cover is generously sized to spread over furniture backs, armrests, and seats, and the seat section is quilted and lined with a waterproof membrane for additional padding and defense. Secured with a rubberized backing and adjustable straps, the protector will not bunch, slide or shift, and its dark color hides dirt. Machine wash, line dry. Cocoa.



Sofa. 71" L x 28" W x 1" D. (3¼ lbs.) KG-83557 $69.95
Loveseat. 52" L x 28" W x 1" D. (2½ lbs.) KG-83558 $59.95
Chair. 28" L x 23" W x 1" D. (1¾ lbs.) KG-83559 $49.95

THE BEST WRIST BLOOD PRESSURE MONITOR.

This wrist blood pressure monitor earned The Best rating from the Hammacher Schlemmer Institute because it was the most accurate and was one of the easiest to operate in comparison tests. The monitors' systolic and diastolic readings were compared to those taken by a cardiology nurse, and The Best model displayed a 94% accuracy rate—the highest of any monitor. The Best model uses the oscillometric method, a technique recommended by the American Heart Association for its accuracy and clinically proven to provide accurate readings for hypertension and arrhythmia. The Best Wrist Blood Pressure Monitor was one of only two models that automatically illuminates when the device is held at heart level—the ideal position for accurate readings. Panelists lauded The Best model's automatic inflating cuff because it "felt nice around the wrist and was easy to put on." It has irregular heart beat detection and stores 100 readings each for two users. Powered by two AAA batteries (included) that enable up to 300 readings. 3" H x 2¾" Diam. (5 oz.)

KG-81575 $129.95

THE LOW IMPACT FOLDAWAY STRIDER.

This is the exercise strider that provides a cardiovascular workout that's gentle on joints and folds for convenient storage. The pedals and handlebars slide back and forth in a smooth, natural striding motion, providing a simultaneous upper- and lower-body exercise regimen without putting unnecessary stress on joints or ligaments. The strider folds without requiring the removal of any components and stores conveniently under a bed or in a closet. The sturdy steel frame and textured foot pedals and handlebars provide stability during workouts. The LCD panel shows heart rate, calories burned, strides per minute, steps taken, and elapsed time. Includes two AAA batteries. Requires assembly. Supports up to 225 lbs. 55½" H x 28" W x 17¾" D. Folds to 12½" D. (44 lbs.)
KG-81452 $279.95

THE WIND DEFYING PACKABLE UMBRELLA.

This is the packable umbrella that resists gusts up to 35 mph that turn traditional umbrellas inside-out. Only available at Hammacher Schlemmer, a patented overlapping vent system disperses wind through eight reinforced slits in the canopy to eliminate inversion while shielding you from precipitation. A press of the spring-activated auto-open button expands the steel shaft and opens the nylon canopy; a second press closes the canopy. Reflective binding on the canopy's rim provides visibility in low-light conditions. With pinchless runner, corrosion-resistant fiberglass ribs and spreaders, straight handle, and nylon storage sleeve.

43" Canopy. Closed 12¾" L x 3" W. (1 lb.) KG-82231 $29.95
46" Canopy. Closed 17" L x 3" W. (1 lb.) KG-82232 $34.95
54" Canopy. Closed 14¾" L x 3" W. (1 lb.) KG-82230 $39.95

62" Canopy Traditional Doorman's Umbrella.
Manual open and close. Fiberglass shaft. Closed 38½" L x 3" W. (1½ lb.)
KG-82229 $39.95

68" Canopy Complete Coverage Umbrella.
Auto-open; manual close. Fiberglass shaft. Closed 42" L x 3" W. (2 lbs.)
KG-82228 $49.95

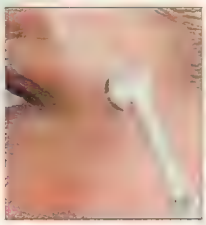
THE ORIGINAL SLEEP SOUND GENERATOR.

This device produces a soothing whooshing sound that helps block distracting noise. The sound generator ameliorates noise from ticking clocks, traffic, or coworkers, creating an environment that is more conducive to concentration, relaxation, or sleep. Ideal for use in a baby's room to create a soothing atmosphere, the compact device sets up unobtrusively on a desktop or nightstand and its volume and frequency are adjustable. Plugs into AC. 3½" H x 6½" Diam. (1½ lbs.)
KG-60586 $59.95

Single Frequency Model. KG-60587 $54.95

THE CROW'S FEET REDUCING SKIN TONER.

This is the device that tightens skin and diminishes wrinkles around the eyes without requiring surgical procedures. Using the same technology implemented by professional aestheticians, the device emits safe, gentle micro currents that stimulate muscle contractions to strengthen and tighten the skin and reduce wrinkles. The low-level micro currents penetrate deep into muscles to increase subcutaneous blood circulation and oxygenation, mitigating the muscular elasticity that causes skin to sag around the eyes. The included gel with chamomile and rose extracts mitigates dark circles and reduces the appearance of fine lines and wrinkles. The fine tip enables precise, targeted treatment around the eyes, mouth, and forehead. Includes 6-volt battery, gel, and storage pouch. 7" H x 2½" W x 1" D. (2 lbs.)
KG-82604 $139.95



Replacement Battery.
KG-83336 $6.95

THE BACK OF THE DOOR CABINET.

This is the storage cabinet that optimizes the unused space behind a door. Unlike the hooks used by over-the-door shelving that do not allow proper closure of a door, this one installs in minutes using a patented connection system that attaches to a door's existing hinges, eliminating the need to alter a door's structure. Once attached and the door is closed, the cabinet swings open for easy access, allowing you to organize bathing, cleaning, or additional pantry items using the six included adjustable shelves. Retention rods span each shelf to secure objects and enable the storage of taller items. Durable MDF construction. Requires 3½" of space between an adjacent wall and a door's hinge pins for corner installations. Minor assembly. White.

Half Door Cabinet. Attaches to doors with three removable-pin hinges.
35" H x 16" W x 3¾" D. (13¼ lbs.)
KG-83384 $129.95

Full Door Cabinet. Attaches to doors with two or three removable-pin hinges.
70" H x 16" W x 3¾" D. (25¼ lbs.)
KG-82761 $199.95

THE BRAZILIAN EUCALYPTUS GLIDER FURNITURE.

Recalling the hardwood platform rockers from the early 1900s, this glider furniture is made from sturdy, weatherproof Brazilian eucalyptus. Eucalyptus has a Janka hardness rating of 1,125—30% higher than mahogany—making it one of the densest, strongest woods in the world. Eucalyptus wood's natural oils and tight grain prevent damage from rain, mold, and termites, allowing confident outdoor storage. The eucalyptus is kiln dried to enhance its durability, and the furniture is crafted with hardwood doweling and stainless steel hardware to ensure years of reliable use. A ball bearing suspension system provides smooth, relaxed gliding forward and backward with minimal effort. Left alone, the wood will develop a unique silvery gray patina, or it may be oiled to retain its original appearance. Minimal assembly.

Glider Bench. 48" W x 26" D x 36" H. (60 lbs.)
KG-78213 $299.95 ($15)

Coffee Table. 47¼" L x 23¾" W x 21¾" H. (21 lbs.)
KG-78215 $169.95

Glider Chair. 23¼" L x 26" D x 36" H. (35 lbs.) KG-78214 $229.95
Side Table. 23¾" L x 23¾" W x 19" H. (10 lbs.) KG-78221 $89.95

THE FOOT STABILITY SPORT SANDALS.

These are the sport sandals that have a split toe design and four poly-cotton toe separators for superior comfort, stability and balance. Inspired by the sandals worn by the Anasazi people native to the Four Corners' rocky terrain, they have a split in the platform between the big toe and the other four digits. This ergonomic design lets the toes move independently, providing a steadier balance and a better feel for the ground, whether it's a steep trail or a slippery riverbed. The non-rubbing, soft cotton posts between all the toes keep feet from sliding around, even when hiking downhill, and the straps across the forefoot and around the ankle are padded to reduce friction. The waterproof sandals have a padded footbed and arch, and the triple-density layered, textured sole provides excellent traction, cushions against sharp rocks, but will not scuff floors. Men's sizes 7-13. (15½ oz.)
KG-83566 $99.95

THE BEST GENTLEMAN'S FOIL SHAVER.

This foil shaver earned The Best rating from the Hammacher Schlemmer Institute because it produced the closest, most comfortable shave. The Best model's foils generate subtle vibrations that lift hair follicles and enable the five blades (the most in the industry) to cut below the skin, leading panelists to say it provided, "an extraordinary close shave" and cut as close as "a barber's straight razor." Unlike lesser shavers that required "several more passes along the jawbone," The Best model reached "every nook and cranny without a problem." While other shavers produced excessive noise and caused skin irritation, The Best model generated a gentle whir and cut hairs without pulling or nicking the skin, leading one panelist to say it was "the most comfortable electric razor I have ever used." The waterproof shaver can be used in the shower, its base automatically cleans and dries the head, and provides up to 15 three-minute shaves after a one-hour charge. Includes one cleaning cartridge. 6¼" H x 2¾" W x 2" D. (7 oz.)

KG-82404 $399.95

Replacement Foil And Blades. Blades last up to two years. 1½" L x 1" W x 1" D. (3/4 oz.) KG-82539 $89.95

Three Additional Cleaning Cartridges.
3½" L x 2⅗" W x 3/4" H. (1⅓ oz.) KG-78778 $14.95

THE PROFESSIONAL'S IMAGE RESTORING DIGITAL SLIDE CONVERTER.

This is the scanner that converts and restores 35mm slide images to their original quality. Its magazine accepts up to 50 slides at a time, scanning them automatically one-at-a-time, enabling large-scale conversion projects, and each slide may be previewed using the built-in light panel. A full 5,000 x 5,000 dpi resolution scan—its highest setting—of a single slide takes just over three minutes, capturing all the details of the original image at 34 megapixels. Once converted, the software removes surface defects such as dust and scratches from an image (after the scanner's infrared sensor detects dust), restores original colors from faded film images, and removes film grain from converted images. Images are saved onto a computer using the included USB cable. Includes Adobe Photoshop Elements 9.0 software. Works with Windows 7, Vista, XP, or Mac. Plugs into AC. 11¾" L x 11½" W x 5" H. (5½ lbs.)
KG-81256 $1,300

Additional Slide Tray. Holds 50 slides. KG-79517 $24.95

THE CIRCULATION IMPROVING LEG WRAPS.

These leg wraps inflate and deflate to improve circulation, soothe sore muscles, and reduce swelling in your lower extremities. Similar to hospital compression boots that stimulate circulation in sedentary patients, the leg wraps have six airbags that wrap around the entire leg and inflate and deflate to help blood vessels expand and contract. The compression intervals stimulate circulation in the thighs, hamstrings, calves, and feet and help facilitate blood flow back to the heart. The corded remote allows you to select from three levels of intensity and choose from seven programs that pinpoint different areas. Adjustable Velcro closures ensure optimal fit for all sizes. Plugs into AC. 33½" H x 30¾" W x 3/4" D. (4 lbs.)
KG-76534 $199.95

THE PORE CLEANING MICRODERMABRASION SYSTEM.

This is the diamond-tip microdermabrasion system that uses gentle yet powerful suction to deeply cleanse pores and leave skin smooth and rejuvenated. Unlike microdermabrasion kits that use crystals or peels, this system creates no messy residue and is safe for use all over the face, including the delicate under-eye region. The natural diamond-tipped wand exfoliates the epidermis while simultaneously vacuuming up built-up dirt, makeup, and other impurities. In only three 10-minute treatments a week, dead skin cells are extracted while collagen and elastin are replenished, resulting in a more even skin tone and reducing the appearance of enlarged pores, age spots, and wrinkles. Users can select automatic programs that target cheeks, lips, forehead, eyes, and nose with one of three levels of intensity, or manually set the device to their preference. An LCD panel shows the program selected and elapsed time, and the unit's integral case has a flip-up full-face 10" x 6" mirror. Includes a year's supply of 100 replacement filters. Plugs into AC. 11½" L x 9" W x 3" D. (3 lbs.)
KG-82806 $299.95

THE SANDAL SNEAKERS.

These are the walking shoes that provide the air circulation of a sandal with the support of a sneaker. The uppers are made from breathable, padded nylon mesh with polyurethane trim that keeps feet cool yet prevents gravel from entering the shoe. With a soft foam textured footbed that cradles the foot in comfort, the removable, dual-layer EVA/Ortholite insoles provides the same support as a sneaker while walking. Hook-and-loop fasteners secure around the top of the foot and the heel, providing a custom, comfortable fit and optimal foot stability while running errands or riding a bicycle. Covering EVA midsoles, durable slip-resistant EVA/rubber outsoles ensure confident grip on hard surfaces. Taupe. Women's whole sizes 5-12; medium width. (1½ lbs.)
KG-82208 $69.95

THE JEWELER'S STEAM CLEANER.

This jewelry cleaner uses pressurized steam—the same cleaning method used by professional jewelers—to instantly restore the original luster to diamonds, gemstones, and precious metals. Without scrubbing or harsh chemicals, the device uses ordinary tap water and produces 40 psi of steam to remove dirt, dust, and grime from rings, earrings, bracelets, and necklaces. The steam cleans small crevices in ring settings and chain links that ordinary cleaning methods cannot reach. It can be set up next to a sink so that the spout is over the basin, and it turns on with the touch of a button and begins to produce steam in two minutes. Includes a pair of tweezers for holding jewelry under the spout and a funnel and cup for filling the 12½-oz. reservoir. Plugs into AC. 11" H x 6" W x 11½" D. (4¼ lbs.)
KG-76668 $129.95

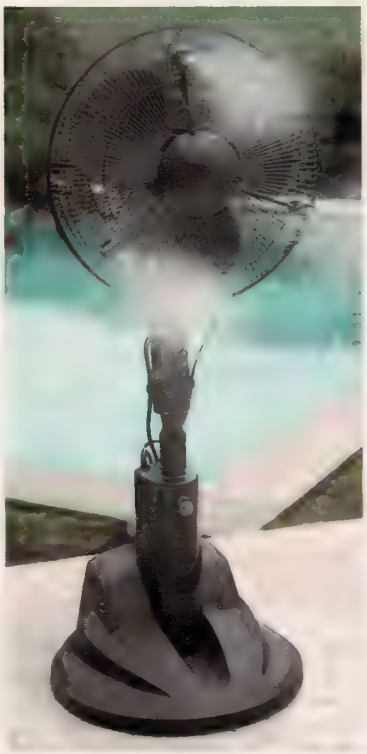
THE BEST BLENDER.

This blender earned The Best rating from the Hammacher Schlemmer Institute because of its effectiveness and speed with which it crushed ice and blended fruit and vegetables. The Best Blender chopped 20 ice cubes into snow in only 11 seconds, unlike lesser models that required nearly one minute, and it was the only blender that completely crushed 36 oz. of ice. The Best Blender outperformed other models that cost up to 6X more, thanks to six blades (the most of any blender) positioned at the bottom, middle, and top of the pitcher that blended bananas, strawberries, and ice into a silky fruit smoothie. The Best model did not incur any damage when it blended a full pitcher of ice or when the pitcher and blades were washed repeatedly in a dishwasher, contributing to a perfect score for durability.

The Best model's superior features include spouts on the 72-oz. pitcher and lid that allow confident pours and it has three speeds and a pulse function. 13" H x 10" W x 8½" D. (8⅗ lbs.)
KG-83227 $99.95

THE EVAPORATIVE MISTING FAN.

This is the fan that emits evaporative mist to cool ambient air temperature by as much as 30° F. Three patented nozzles create microdroplets of mist that feel dry to the touch and evaporate instantly, creating a fan-driven, cooling mist that won't dampen surfaces. The 16"-diameter fan oscillates up to 90° and its blades adjust from 930 to 1,220 rpm to cool up to 200' sq. on a deck or patio. Because flying insects typically avoid wind and moisture, the fan also helps reduce these outdoor nuisances. The fan has a rust- and UV-resistant frame, it connects to a standard hose and uses only 1/2 gallon of water per hour, and its replaceable 5-micron filter removes air and water impurities. Adjusts from 44" to 56" high. Plugs into AC with a 6'-long cord. 44"-56" H x 17⅓" Diam. (24 lbs.)
KG-81047
$249.95



THE 2X BRIGHTER CORDLESS MOTION ACTIVATED LIGHT.

Available exclusively from Hammacher Schlemmer, this cordless, weatherproof light illuminates porches, decks, or patios with LEDs that are twice as bright as typical models. Its six ultra-bright LEDs produce 72 lumens of glare-free light, providing a wide-angle beam similar to a floodlight. The light mounts easily anywhere you desire with the included mounting plate and screws, and no wiring is required. It can be tilted vertically and rotated for any desired position. Its motion sensor will turn the light on at night when it detects movement from up to 25' away and shuts the light off when no motion is detected for 30 seconds. Four C batteries (required) provide power for up to a year; LEDs are rated for 100,000 hours. Silver. 6" L x 6" W x 5" D. (1½ lbs.)

KG-82622 $49.95

THE GENUINE TURKISH COTTON MORNING ROBE.

This is the lightweight bathrobe ideal for transitioning from waking up to dressing in the morning, imported exclusively by Hammacher Schlemmer from the Denizli region of Turkey, where the world's best towels have been made since the Middle Ages. Constructed from an 11½-oz. per-square-yard fabric made from 100% Turkish cotton, its loosely twisted 1/2"-high looped pile (most towels only have 1/4" pile) and exceptional 35,000 loops per-square-yard pile count absorbs water readily and helps conserve body heat. The machine-washable, tumble-dry material is heavier—but not excessively so—than most terry cloths and velours, and the robe becomes softer and more absorbent with every wash. Its calf-length 46" length is complemented by a shawl collar, raglan sleeves, and belt. Machine wash. Navy or Red. In unisex sizes (see chart) XS, S, M, L, XL, XXL, or XXXL. (8 oz.)
KG-82888
$99.95

Sizes	Women's	Men's
XS	6-8	32-34
S	10-12	36-38
M	14-16	40-42
L	18	44-46
XL	20-22	48
XXL	24-26	50
XXXL	28	52

THE CANOPIED LOUNGER.

This is the portable lounge chair with an integrated canopy that shades your head and upper body. The dual-hinged canopy swings forward, tilts up to 90°, and locks into place to provide shade at any time of day. The 20" x 22½" canopy blocks 99% of the sun's harmful UV rays. The lounge chair has a sturdy yet lightweight aluminum frame and a 600-denier polyester surface that is supportive and allows optimal air circulation for all-day comfort. The backrest adjusts to five positions and the 2"-thick foam-lined pillow provides head and neck support. The chair folds to only 8½" wide and has integrated straps for ease of transport to the beach. Supports up to 250 lbs. 75½" L x 26½" W x 43" H. (13 lbs.)
KG-82500 $149.95

THE ONE STEP DVD/CD DUPLICATOR.

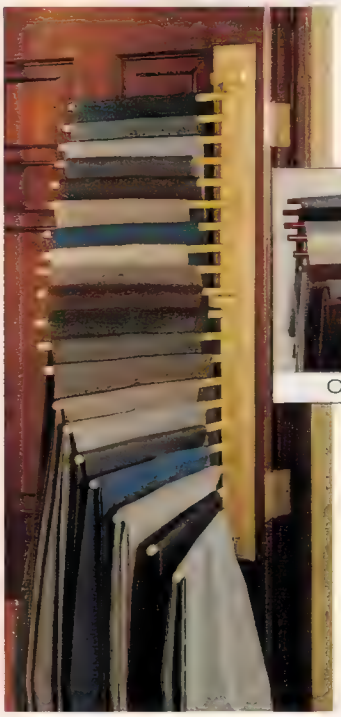
At the touch of a button, this standalone duplicator makes an exact replica of a DVD or CD in just over six minutes without the need for a PC. It can also create custom playlist discs from multiple audio CDs, producing a compilation CD that includes all selected tracks. At 24X DVD and 48X CD drive speeds, this device can copy an entire library of home movies. An ample internal 64 MB buffer (with 2 MB drive buffer) ensures that large files are copied seamlessly and without error. Supports all DVD technology platforms. The device will not duplicate copyrighted or encrypted material. Plugs into AC. 7" H x 7" W x 10" D. (10 lbs.)
KG-81246 $259.95

25 DVD-R Discs. Each holds 120 minutes of video.
KG-79586 $19.95

30 CD-R Music CDs. Holds 80 minutes of music or 700 MB of data.
KG-79532 $19.95

THE CLOSET ORGANIZING TROUSER RACK.

Extending only 16½" from a closet wall or door, this rack keeps 20 pairs of slacks neatly hung and readily accessible. It easily mounts to a closet wall or door and has a 10-gauge steel support bracket that holds 20 hardwood dowels so you can hang trousers flush against the wall, then swing them out individually, up to 180°. The 5/8"-diameter dowels reduce creasing of even fine fabrics and one-inch vertical spacing between the dowels allows for easy visibility. Support bracket has solid hardwood back with clear lacquer finish and mounts with self-tapping drywall anchors (included). Imported. Oak or Cherry finish.



Twenty Trouser Rack.
Mounting board 39¾" L x 3" W.
KG-83456 $64.95

Ten Trouser Rack.
Ten dowels extend 18" from a closet wall or door; mounting board 20" H x 2¾" W.
KG-83455 $44.95

THE PERSONAL OXYGEN BAR.

Modeled after oxygen bars found in resorts and spas, this is the personal oxygen bar that increases the concentration of oxygen you breathe by 30%, helping you to achieve a sense of calm to facilitate relaxation. A compressor draws in ambient air and first passes it through two removable, washable filters that remove larger dust particles and impurities. A membrane then isolates oxygen, increasing its total concentration. The concentrated oxygen is then pumped through a tube to a headset—worn either over the head or around the neck—where it gently exits an adjustable outlet near the mouth, allowing you to recline, lie supine, or sit in your favorite comfortable chair as you inhale. It has easy-to-use pushbutton controls that allow you to enjoy 10- to 30-minute sessions, and its built-in speaker plays up to four different ethereal musical patterns to accompany inhalation. After each session, it will automatically purge itself of excess water vapor and heat from the compressor before shutting itself down. Plugs into AC. 15¾" H x 11½" W x 5½" D. (11 lbs.)
KG-75345 $399.95

THE WORDSMITH'S MANUAL TYPEWRITER.

This is the manual typewriter that recalls the thoughtful, well-written correspondence of yesteryear. Devoid of technological crutches such as spell-check and deletion, each of its 44 keys requires a firm, purposeful stroke for a steady click-clacking cadence that encourages the patient, considered sentiment of a wordsmith. Using a 10-characters-per-inch Pica 87 font, it faithfully reproduces the eclectic printed impressions of its forebears—variable kerning, subtly ghosted letters, and nuanced baseline shifts—imparting unique, personal character to every letter, piece of prose, or verse of poetry. Updated with ABS housing and carrying case. Black/red/stencil spool ribbon. 4½" H x 12¼" W x 14¼" D. (9¾ lbs.)
KG-82670 $199.95

Replacement Ribbon. KG-81087 $4.95

THE HANGING COCOON.

This is the hammock that cocoons its user within a private suspended sanctuary, ideal for reading, relaxing, or reflecting. Inspired by the hanging, tapering nests of weaver birds, its semi-enclosed design provides a haven for children and adults alike who enjoy solitude while engrossed in a story or replenishing the spirit. Supporting up to 440 lbs. when hung using the included 15' nylon rope and steel carabiner, it is equally at-home in a backyard, woods, or den. The shell is a 350-gram cotton/polyester blend, providing the soft feel of canvas with the durability of a technical fabric. Treated with polyurethane for water resistance and UPF 50+ sun protection. Requires 8' 9" headroom and 7' 3" floor space. (11 lbs.)
KG-83596 $399.95

THE PLANTAR FASCIITIS ORTHOTIC SANDAL.

These sandals help to combat the effects of plantar fasciitis with a stabilizing orthotic footbed that realigns your feet to a neutral position. The deep heel cups are molded into the sandals' comfortably soft, shock-absorbing EVA footbeds, providing arch support while aligning the feet into a natural position for those who over-pronate—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. A medical study conducted by a panel of physicians confirmed that participants who wore the sandals experienced a decrease in pronation, improving their gait mechanics. Completely waterproof, the soles are made from resilient rubber molded with a non-slip pattern. The toe straps are padded with foam. The orthotic footbeds provide optimal comfort and support when the sandals are worn for at least a few hours per day over the course of two weeks. Men's sizes 5-12; Women's sizes 6-13. Whole sizes only. For men's half-sizes, order the next size up. For women's half sizes, order the next size down. Khaki or Black.

Slide

Sandal. (1½ lbs.) KG-76997 $59.95
Slide. With hook-and-loop strap. (1½ lbs.) KG-78292 $69.95

THE FOLD FLAT LUGGAGE.

This is the soft-sided luggage that compacts to less than half its size when empty for space-efficient storage. A nylon twill fabric that is reinforced with a water-resistant lining gives this unstructured luggage rugged durability that belies its light weight, even when full. The bag has a large padded exterior zippered pocket while the fully lined interior has two zippered pockets and compression straps. With contents removed, the luggage collapses easily and slips into a clear PVC bag for storage under a bed or in a closet. Top and side padded carrying handles, a telescoping aluminum handle, and two smooth-rolling polyurethane wheels allow effortless navigation through airport terminals. Includes combination lock and luggage tag. Gray.

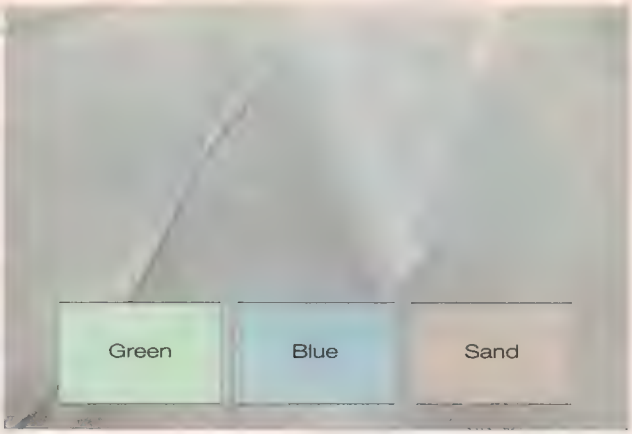
Folds to less than half its size

22" Carry On. 22" L x 14" W x 8" D. (5½ lbs.) KG-83513 $189.95
28" Suitcase. 28" L x 19" W x 10" D. (7¾ lbs.) KG-83363 $229.95

THE WIRELESS SMARTPHONE PHOTO PRINTER.

This is the printer that connects wirelessly to an iPhone or Android-powered phone and prints vibrant color photographs. An iPhone running a free app transmits pictures over a home Wi-Fi network to the printer, allowing you to print from anywhere in the home. In less than a minute and without ink cartridges, it prints 4" x 6" borderless photographs at 300 dpi resolution in up to 256 gradations and 16.7 million colors. The pictures are printed on patented paper embedded with yellow, magenta, and cyan dye crystals, producing rich, vibrant photographs that are waterproof and resist fingerprints, dust, and scratches. It can also print pictures directly from PictBridge-enabled cameras. Includes paper cartridge for 10 prints; additional paper cartridges sold below. Compatible with all iPhone (including iPhone 5), iPad, and iPod touch models running iOS 3 and up and Android-powered devices running OS 2 and up. 7" L x 6" W x 4" H. (3 lbs.)
KG-82590 $219.95

Replacement Paper Cartridge. Makes 36 4" x 6" prints.
KG-79930 $24.95



THE TEMPERATURE REGULATING SHEET SET.

Using a fabric developed for NASA to help astronauts adapt to extreme temperature fluctuations, these sheets prevent overheating or eliminate chills to create an optimal sleeping climate. Imbedded in the sheets are millions of invisible microcapsules that absorb excess heat when you are hot and release the stored heat when you are cold, ensuring a comfortable bed temperature and humidity. Unlike an electric blanket, the microcapsules adjust independently to an individual's climate, allowing two sleepers with different temperature preferences to remain comfortable throughout the night. The 350-thread count blended cotton fabric is impeccably soft and machine washable. Includes one fitted sheet and one flat sheet, and pillowcases. Green, Blue, Sand, White.

THE 14 GALLON PORTABLE GAS PUMP.

This is the 14-gallon gas pump with a patented siphon handle that instantly stops and starts the flow of gas, allowing you to fill a 10-gallon gas tank in five minutes. A squeeze of the handle initiates hydrostatic pressure that dispenses gas without any pumping. Two sturdy 6" wheels and the integrated handle ensure ease of transport to a dock or shed, while the 10' hose allows you to refuel hard-to-reach gas tanks without lifting the entire container. Unlike traditional gas cans, the unit has two shutoff valves—one on the hose and one on the container—that seal internal pressure and restrict gas vapors. Made from durable, high-density polyethylene, the gas pump will neither rust nor dent and it can be set up horizontally or vertically when refueling. Not recommended for diesel fuel. 34½" H x 16" W x 12½" D. (19 lbs.)
KG-75388 $169.95

THE HEAT AND COLD THERAPY MASSAGER.

This is the handheld massager that provides both hot and cold therapy. Ideal for relaxing tired muscles or relieving inflammation of stiff joints, its dual thermal system provides 113° F heat that stimulates blood circulation like a hot-stone massage while its 35° F cooling reduces swelling like an ice pack. Unlike vibrating massagers that only stimulate the surface of the skin, its two-speed percussive head generates 2,100 - 2,500 rpm vibrations that penetrate deep into muscles and relieve tightness and knots; its ergonomic head reaches areas that lesser massagers cannot. Cordless, its rechargeable battery provides up to 45 minutes of massage from a one-hour charge using the included AC adapter. 15¾" L x 4½" W x 3" D. (1½ lbs.)
KG-81849
$99.95

THE PEDOMETER WALKING STICK.

This is the walking stick with a built-in pedometer that tracks steps, distance, time, and calories. Made from lightweight yet sturdy aluminum, the stick assembles from two halves, twisting and locking into place. Located on the shaft just below the handle, the stick's pedometer automatically activates when its rubber tip strikes the ground, measuring every other step taken during a walking session while displaying elapsed time; when movement stops, the pedometer pauses to ensure accuracy. Its display also shows total steps, calories burned, and distance in 10ths of a mile. Its contoured ABS handle includes a polyester wrist strap while its upper shaft is coated with rubber for a comfortable grip. An LED light clips to the shaft to illuminate walkways or flash a warning signal by blinking. The included batteries power the display for one year and LED for up to 22 hours of continuous use. Length adjusts from 31½"-39¼". (1¼ lbs.)

KG-83506 $99.95

THE EXTRA LARGE NUMBER READOUT SCALE.

This is the digital bathroom scale that displays results in giant numerals for easy reading. The bright LCD screen is almost half a foot wide and displays readings in massive 2½" high numbers that can be viewed without squinting or stooping down. Even turning the scale on requires no bending, just a simple tap of a foot on the platform. The display shows readings for five seconds after users step off, and the scale automatically powers down after 10 seconds to conserve the batteries. With a nonslip texture for safety and comfort, the scale has a 440 lb. weight capacity and displays results in pounds or kilograms to within 0.2 lb./0.1 kg. The LCD screen indicates when batteries are low. Includes two CR2032 batteries. 13¼" L x 12½" W x 2" D. (2½ lbs.)

KG-83538 $59.95

THE GENUINE TURKISH BATHROBE.

This is the bathrobe imported exclusively by Hammacher Schlemmer and manufactured in the Denizli region of Turkey, where the world's finest towels have been made since the Middle Ages. This thick, generously sized 100% Turkish cotton bathrobe absorbs water readily and helps conserve body heat. Its loosely twisted 1/2"-high looped pile (most towels only have 1/4" pile) and exceptionally high pile count of 69,000 loops per square yard accounts for its exceptional absorbency. Weighing 22 oz. per square yard (60% heavier than other robes), the machine-washable, tumble-dry material is much heavier than most terry cloths and velours, and the robe becomes softer and more absorbent with every wash. 52" long with shawl collar, raglan sleeves, and belt. Imported. Machine wash. Presented in our signature gift box. In unisex sizes (see chart) XS, S, M, L, XL, XXL, or XXXL.

Sizes	Women's	Men's
XS	6-8	32-34
S	10-12	36-38
M	14-16	40-42
L	18	44-46
XL	20-22	48

THE SPACE SAVING 36 PAIR SHOE RACK.

This telescoping shoe rack holds up to 36 pairs of shoes, yet only requires 1'-diameter of floor space. The standalone organizer has six hangers and each one holds six pairs of shoes and adjusts to any height on the pole for customizable storage that keeps floors uncluttered and footwear within reach. The rack's spring-loaded tension pole telescopes from 88½"-97" high to accommodate different ceiling heights and sets up without any drilling or marring of floors or ceilings. The pole locks into place and its base ensures stability even when the rack is filled to capacity. A basket on the top of the pole provides convenient storage for accessories. Electroplated steel construction.

90½" H x 1' Diam. (18 lbs.)

KG-79648 $99.95

18 pair model

The Space Saving 18 Pair Shoe Rack. Similar to above, but it does not reach the ceiling. With three hangers that each hold six pairs of shoes.

39" H x 1' Diam. (10 lbs.)

KG-79649 $49.95

THE CORDLESS READING LAMP.

This is the rechargeable reading lamp that provides bright light anywhere without requiring proximity to a power outlet. An internal rechargeable battery powers the lamp for up to 10 hours after a 10-hour charge via the included AC adapter. The lamp has 48 LED bulbs that cast bright white illumination without the glare and distortion produced by an incandescent bulb's yellowish glow. A flexible gooseneck can be raised, lowered, or twisted for optimal positioning over a book, computer screen, or crafts. The lamp has a brass-plated base, pole, and shade, and a dimmer dial provides smooth transitions between light levels. Bulbs last 50,000 hours. 10" Diam x 53" H. (13 lbs.)

KG-79613 $199.95

Cordless Desk Lamp. 20" H x 8¼" Diam. (7½ lbs.)

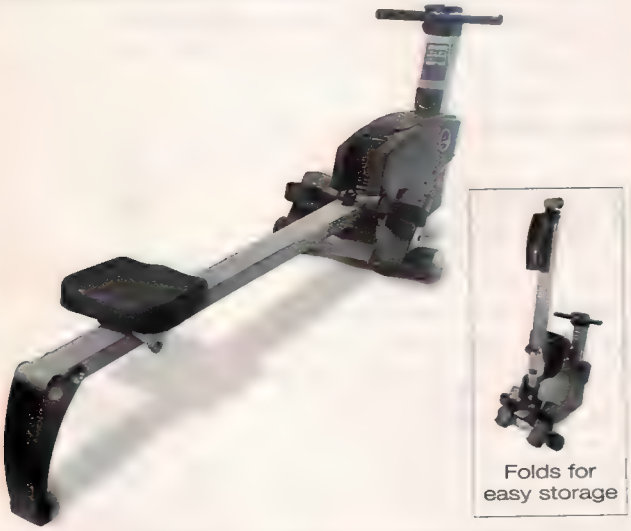
KG-83215 $149.95

THE ADJUSTABLE SHEEPSKIN SLIPPERS.

These comfortably soft slippers have adjustable uppers made from Mongolian sheepskin that provide a custom fit for narrow or wide feet. The double-walled uppers are made from durable chestnut-napped suede and are adjusted using hook-and-loop fasteners. The sheepskin interiors' dense, hollow fibers allow air to circulate, keeping your feet toasty warm. The slippers have a roomy toe area, and the cushioned insole is made from sheepskin for maximum comfort. The rippled rubber outsole has a raised high-grip herringbone design that ensures stable footing indoors and outdoors. For a roomier fit, order the next size up. (1¼ lbs.)

Men's. S (7½-8½), M (9-10), L (10½-11½), XL (12-13), or XXL (14-15).
KG-75094 $79.95

Women's. M (6½-7½), L (8-9), or XL (9½-10½).
KG-75061 $69.95



Folds for easy storage

THE FOLDAWAY ROWING MACHINE.

This is the home rowing machine that provides a full-body workout yet easily folds up for compact storage. The rower uses quiet magnetic resistance to strengthen the arms, core, legs and lungs while being easy on the joints, and its generous 46" slide length comfortably accommodates users up to 6'6" tall. After a session, a quick two-step process pivots and secures the steel monorail vertically such that the rower occupies no more floor space than an ottoman. Wheels on the base allow you to easily roll the rower out of the way or into a closet without marring floors. The rower's ergometer has five intensity levels, and its LCD screen simultaneously tracks a workout's duration, speed, distance and calories burned. Hook-and-loop straps ensure that feet stay securely positioned on the foot pads. The steel frame and molded polyurethane seat support up to 250 lbs. Folded: 58" H x 24" W x 29" D. Open: 82" L x 24" W x 26" H. (70 lbs.)

KG-12205 $324.95 ($50) FD

THE GENUINE TURKISH COTTON SHOWER CURTAIN.

This is the shower curtain made from 100% pure Turkish cotton, a luxury fiber renowned for its superior absorbency, durability, and softness. Imported from Denizli, famous for producing the world's finest cotton since the Middle Ages, the long-staple cotton has a narrow diameter, resulting in a high thread-count, plush fabric with an absorbent surface that dries quickly, even in a humid bathroom. The lightweight curtain is woven from undyed white yarn in a waffle piqué pattern, providing a fresh and clean look. The rustproof metal grommets slide smoothly along a shower rod, and the durable curtain can be machine washed and dried for easy care. Shower liner recommended. White. 72" L x 72" W. (2½ lbs.)

KG-83578 $49.95

THE WORLD'S THINNEST CALENDAR WATCH.

Measuring only 1/4" (0.2590") thick, this is the world's thinnest calendar wristwatch. The watch face fits comfortably under mens' sleeves and gloves, and it weighs merely one ounce, so you'll hardly know you're wearing it. Made by Steinhausen of Germany, crafters of fine timepieces for 85 years, the watch is the product of five years of research and design by German engineers and Swiss watchmakers who collaborated to put intricate mechanical clock movement into the world's thinnest watch face. The movement is precision Swiss quartz for accurate, reliable timekeeping, displayed on an elegantly simple face with Roman numerals and a day-of-the-month display. Plated in 18k gold, the watch has a sapphire stone embedded into the crown and comes with two Italian leather bands (brown and black). Includes storage box.

1/4" thick

KG-76475 $169.95

Silver Plated Watch. KG-77760 $149.95

THE NECK PAIN RELIEVING PILLOW.

Invented by a chiropractor, this is the pillow that maintains optimal cervical spine alignment in any sleeping position to reduce head and neck discomfort. Unlike typical pillows that encourage improper spinal alignment, this patented pillow has a slight depression that cradles a back sleeper's head and supports the natural curvature of the cervical vertebrae, reducing neck strain and stiffness. Two slightly elevated side surfaces maintain optimal head and neck alignment for side sleepers while two curved indentations cradle a sleeper's shoulder whether they are lying on their right or left sides. Made from two kinds of naturally hypoallergenic and antimicrobial foam, the pillow contours to the shape of the head and neck, eliminating pressure points and providing a plush, comfortable yet supportive cushion. The soft, smooth cotton and polyester cover is removable and washable. 28" L x 16" D x 6" H. (7 lbs.)

Maintains proper head and neck alignment

KG-83397 $199.95

THE HEATED CIRCULATION ENHANCING LOWER LEG MASSAGER.

This is the heated leg massager that enhances blood circulation to soothe sore, tired muscles in the calves and feet. Both leg wells heat up to a soothing 131° F to loosen tight muscles and ligaments and improve blood flow to relieve aches in the feet and lower legs. The device provides three kneading and three vibrating massage programs of varying intensities to penetrate deep into tissue and relieve swelling in the calves and ankles. Rollers at the base of both leg wells massage the arches and soles, rejuvenating fatigued feet. The massager sets up in front of any chair for a convenient massage session and stores unobtrusively in a closet when not in use. A control panel between the footwells allows you to select and adjust massage programs. Plugs into AC. 22¾" H x 22½" W x 17" D. (29 lbs.)

KG-82867 $299.95

12% quieter

THE QUIET HAIR DRYER.

Unlike hair dryers that can generate over 81.8dB of noise—equivalent to a vacuum cleaner or factory floor—this hair dryer only generates 72.8dB, allowing you to carry on a conversation. Its efficient 1,500-watt electric motor produces a 48-mph air speed at the higher of its two speed settings to dry hair quickly while reducing the need to shout while conversing. With three heat settings, its tourmaline ceramic heating element produces 133° F for salon-quality styling that results in shiny, smooth hair without frizz. Includes removable lint filter and concentrator. Cold shot button allows activation from handle or barrel grip. With 8' cord. 11¾" L x 5¾" W x 11" H. (1½ lbs.)

KG-82803 $124.95

THE EUROPEAN GOOSE DOWN PILLOW.

Available exclusively from Hammacher Schlemmer, this pillow is filled with European white goose down, one of the softest, most luxurious down clusters in the world. While lesser pillows are stuffed with small down clusters from immature waterfowl, this pillow is filled with large down plumules from fully-grown geese, ensuring superior softness, loft, and breathability. Each ounce of down has nearly two million fluffy filaments that interlock and overlap to form a supple cushion, and the gusset allows the down to expand and achieve its fullest loft. The down compresses to contour to the shape of your head and neck for optimal support and quickly reverts to its original loft when you raise your head. The 100% hypoallergenic pillow has a 280-thread count cotton shell with jacquard stripes.

Soft-Density Pillows. For those who sleep on their stomachs.

THE BEST WATER JET DENTAL CLEANER.

This water jet dental cleaner earned the highest rating from the Hammacher Schlemmer Institute because it thoroughly cleaned between teeth and along gumlines and was the most comfortable. The Best Water Jet Dental Cleaner is clinically proven to remove 99.9% of plaque in three seconds, thanks to 5-90 psi water pressure and 1,200 pulses per minute that reach between teeth and below the gumline—areas neglected by traditional brushing and flossing. Panelists lauded The Best model for being comfortable to hold and gentle on the gums, thanks to a slim, ergonomic handle and 10 water pressure settings. Unlike lesser models that were difficult to use, panelists agreed that The Best model was the easiest to fill with water and its attachments removed and inserted with minimal effort. Recording a perfect score for features, The Best Water Jet Dental Cleaner was the only unit with an attachment for cleaning braces, and it also comes with a tongue cleaner, toothbrush head, and a gentle-cleaning tip. 10½" H x 5½" W x 3½" D. (2 lbs.)

KG-74509 $59.95

THE LIGHTWEIGHT IMPERVIOUS LUGGAGE.

This impervious luggage is made from polycarbonate composite (the same material used in bulletproof glass) yet is lighter than typical soft-sided models. The 2.6mm-thick, scratch-resistant shell withstands the rigors of modern day travel without cracking or denting. The suitcase has reinforced corners and both halves of the protective shell are secured by a durable ABS zipper. A second zipper provides 2" of expansion, increasing the overall volume of each piece by up to 25%. The generous interior is lined with rugged nylon; one side has a zippered divider with an exterior mesh pocket, the other side has compression straps. Four swiveling wheels, two padded carrying handles, and a telescoping aluminum handle enable effortless transport through airport terminals. Charcoal pattern.

Play Piano in a FLASH!
Save thousands on piano lessons
Over $350 value if purchased separately
More than 300,000 units sold!
The Fastest Way to Learn Piano. Guaranteed!

THE LEARN TO PLAY PIANO DVDS.

This is the 12-DVD collection of piano-playing tips and techniques led by Scott Houston, the Emmy Award-winning host of the public television series The Piano Guy. Geared toward beginners (but with a wealth of insight for more experienced players), the series offers 22 hours of the "tips, cheap tricks, and professional secrets" Houston is famous for. Featuring overhead videography of hands on the keyboard, the simplified, easy-to-follow techniques are like having an instructor in the room while practicing basic chords, slides, pedal tones, roots and left-hand patterns. As in Houston's television show, these lessons keep students engaged by building skills around well-known pop songs such as *Mack the Knife*, *Moon River*, *Imagine*, and *Sweet Home Alabama*, as well as Christmas carols and hymns. Some songs include printable sheet music and audio tracks for pianists to accompany. 12" H x 10" W" x 3" D. (3 lbs.)
KG-81531 $99.95

THE SANDALWOOD WATCH.

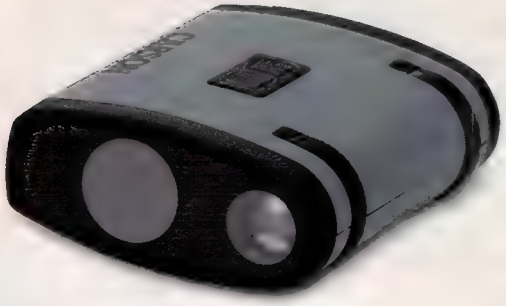
This is the featherweight wristwatch with a case and band made from solid sandalwood. Preferred for its use in high-quality chess pieces and for its aromatic scent, sandalwood's dark red heartwood possesses subtle color differences, so each watch made results in a unique timepiece with varying, nuanced grain patterns—no two are alike. Hand-cut to precise, uniform dimensions by artisans, each of the 50 pieces that form the band's links, bezel, crown, case, and case back originate from select specimens harvested from sustainable plantation-based stands grown in East Africa. Sanded smooth with a high-gloss finish, the wood's renowned scent can still be detected. Powered by accurate Miyota quartz movement, its efficient analog dial provides reliable timekeeping with a two-year battery.

With an antique bronze finish, its bronze clasp coordinates with six adjustable links (seek jeweler) for a customized fit for wrists up to 8⅝" in circumference. Case 2" Diam. x 3/4" D. (2 oz.)
KG-83145 $139.95

The Lady's Sandalwood Watch. As above; 3/4"-wide band fits wrists up to 7⅞" in circumference. Case 1½" Diam. x 7/16" D. (1¼ oz.)
KG-83526 $139.95

THE NIGHTTIME PLANTAR FASCIITIS THERAPY BRACE.

This is the lightweight brace for plantar fasciitis sufferers that gently pulls the toes back while you sleep to help relieve heel and foot pain and promote healing. Unlike bulky "night splints," the brace slips on like a sock and is held in position by a 2"-wide hook and loop fastener. An adjustable strap lifts the toes up slightly to stretch the plantar fascia ligament throughout the night. The brace's material provides gentle compression to reduce inflammation, and utilizes a patented lining that captures your naturally generated body heat to increase circulation and accelerate the healing process. But unlike other products, it allows your skin to breathe and remain comfortably dry. The non-slip sole assures good traction should you need to get up during the night. Hand wash. Universal design fits on either leg. Specify unisex sizes XS (Men's 3-5; Women's 4½-6½), S (Men's 5½-7; Women's 7-8½), M (Men's 7½-10; Women's 9-11½), L (Men's 10½-12; Women's 12-13½), XL (Men's 12½-14; Women's 14-15½), XXL (Men's 14½-16; Women's 16-17½). (3½ oz.)
KG-75234 $39.95



THE SHIRTPOCKET NIGHT VISION MONOCULAR.

This is the compact night vision monocular that fits in a pocket. No larger than a tape measure, it provides handy night optics for spotting wildlife in either dusk's ambient light or the total darkness of a moonless night. Ideal for pre-dawn hikes, nighttime ambles, or spelunking adventures, the monocular uses active infrared technology to illuminate subjects up to 82' away and, unlike models that use image intensifier tubes that provide grainy green images, this digital model's CCD results in crisp black and white images. With adjustable brightness level and a 19° viewing angle. Includes carry pouch and wristband. Requires three AAA batteries. 2½" L x 2¼" W x 3/4" D. (3½ oz.)

KG-82794 $179.95

THE 128-OUNCE CERAMIC PET FOUNTAIN.

Unlike plastic pet fountains that develop cracks, this 128-oz. drinking fountain is made from durable, nonporous glazed ceramic that mitigates bacteria growth. Ceramic resists bacteria (commonly found on porous plastic surfaces) that cause acne on a pet's mouth and chin. The ceramic drinking fountain is dishwasher-safe, enabling simple, thorough cleaning. The fountain has an integrated pump that draws water from the basin to the top of the dome where it pools and cascades back into the 3" H reservoir. The falling stream attracts pets with the sound of trickling water and entices them to drink more often—a practice that can reduce the pet's risk of kidney disease and urinary tract infection. A charcoal filter removes impurities responsible for unpleasant tastes and odors in water. Filter lasts up to 30 days. Plugs into AC. 14" L x 11¾" W x 7¼" H. (8 lbs.)
KG-82459 $89.95

The 72-Ounce Ceramic Pet Fountain. 14" L x 11" W x 4½" H. (7 lbs.)
KG-77737 $79.95

Three Replacement Filters. 4" L x 2½" W x 3/4" H. (1¼ oz.)
KG-77739 $11.95

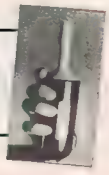
THE INFLATABLE BACKYARD LOG FLUME.

This is the log flume that inflates in two minutes in any backyard. Only available at Hammacher Schlemmer, the dual chutes are constantly irrigated by two sprinklers that attach to a single garden hose. Sliders are sprayed on the way down until they are deposited into a 1' high pool, ensuring complete saturation. Heavy-duty double-stitched plastic handles assist two climbers at a time as they scale the structure's footholds to the top. The included air blower plugs into AC and keeps the flume constantly inflated to an optimal firmness that guarantees brisk sliding. Six stakes firmly secure the arena to the ground; four additional stakes keep the air blower and air hose rigidly fixed in one place. Built from resilient 840- and 420-denier PVC-coated fabric, the flume supports up to 200 lbs. Ages 5-12. Inflated: 21' L x 5' 8" W x 9' H. Deflated: 32¼" L x 17" W x 17" H. (55 lbs.)
KG-82236 $599.95

THE SIMPLE TO DO LIST RECORDER.

This is the voice recorder that organizes verbal reminders and to-do lists with the touch of a button. Large buttons labeled "groceries," "notes," and "family" instantly store voice memos in separate digital folders, allowing users to quickly check shopping lists, upcoming doctor appointments, or forthcoming family commitments. A built-in condenser microphone captures clear audio with minimal background noise and voice memos can be played back at three different speeds to ensure optimal clarity. The cell phone-sized device has 2GB of built-in memory that holds up to 560 hours of recordings and a 1.8" LCD screen allows you to easily locate voice memos, change recording settings, and delete memos. Requires two AAA batteries. 7⅜" L x 4½" W x 1½" D. (12 oz.)
KG-83329 $49.95

The First Electric Toothbrush
1955: We introduced the first electric toothbrush in an effort to help Americans improve dental hygiene.



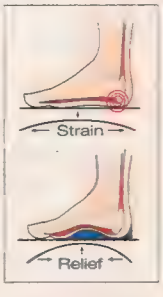
THE GENUINE HANDMADE IRISH SHILLELAGH.

This is the genuine walking stick handmade in Ireland and bearing the same name as the town traditionally known as the source of its origin centuries ago—Shillelagh. Located in County Wicklow in southeastern Ireland, the town is situated near robust stands of blackthorn (*Prunus spinosa*), the wood species used exclusively to make each shillelagh, selected for its superior weight-to-hardness ratio, unlike inauthentic versions that fuse a blackthorn handle with a hazel shaft. Each stick is harvested from specimens of the stout wood in remote areas of County Wicklow, Cork, and Kerry, and each is hand-sanded and lacquered with a high-gloss finish—no two sticks are identical, so each one made is unique. Thought to have elongated into its present form from its shorter fighting stick predecessor, today they are used by farmers for herding sheep or cattle, or simply as walking companions—many are considered family heirlooms. Every stick is finished with a copper tip. Sticks are 36"-39" long. (1 lb.)
KG-78855 $69.95

Each hand-crafted shillelagh is unique

THE PLANTAR FASCIITIS DRESS SANDAL.

These dress sandals help to combat the effects of plantar fasciitis with a stabilizing orthotic footbed that realigns your feet to a neutral position. The deep heel cups are molded into the sandals' comfortably soft, shock-absorbing EVA footbeds, providing arch support while aligning the feet into a natural position for those who over-pronate—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. A medical study conducted by a panel of physicians confirmed that participants who wore the sandals experienced a decrease in pronation, improving their gait mechanics. The soles are made from resilient rubber molded with a non-slip pattern. Durable PU uppers with an imprinted crocodile pattern secure the foot with hook-and-loop fasteners over the toes and top of foot. Black or Brown. Women's sizes 6-11. Whole sizes only; for half sizes, order the next size down. Medium to wide width. (6 oz.)
KG-79659 $79.95

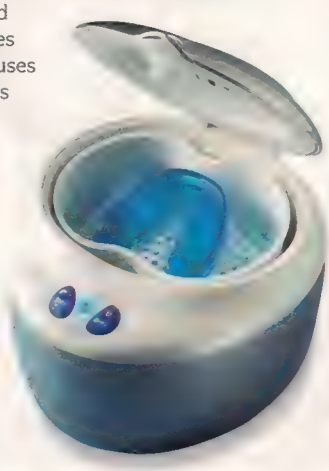


THE COTTON A-2 BOMBER JACKET.

This is the 100% cotton version of the iconic A-2 bomber jacket worn by World War II pilots. Made by Cockpit, supplier to the U.S. Air Force and Navy, the jacket is inspired by oral histories of deployed aviators asking local tailors to create tropical-weight versions of the leather A-2 to suit warmer climates, updated for lightweight, modern wear with a cotton shell that replaces the stiffness of leather, providing a comfortable, generous fit. It has snap closures on the top-entry and side pockets, an inside chest pocket, a soft goatskin collar, a zippered wind flap with brass pull, knit cuffs and waistband, and a pen pocket. The interior back lining is screen-printed with a "The Nation Salutes You" message with double U.S. flags. Cold wash only. Imported. Khaki. Men's sizes M (40), L (42-44), XL (46) or XXL (48-50). (2½ lbs.)
KG-73131 $149.95

THE ULTRAVIOLET DENTAL CLEANER AND SANITIZER.

This compact device uses ultrasonic technology and germicidal UV light (the same kind used to sanitize hospital instruments) to clean and sanitize orthodontic devices, athletic mouth guards, and teeth-whitening trays. Proven to eliminate up to 99.9% of germs like E. *coli* and *Staphylococcus*, the unit vibrates 8,000 times per minute and uses tap water to clean dental aids in five minutes without the need for chemicals. The unit stores unobtrusively on a vanity or in a duffel bag and automatically shuts off after a five-minute cycle. UV bulb is rated for 10,000 hours of use. Accommodates dental devices 3¾" x 2¾" and smaller. Requires three AA batteries.



4¾" L x 5" W x 4" D. (13 oz.)
KG-74142 $69.95

The First Portable Radio
1930: We introduced a briefcase-sized portable radio weighing more than 30 lbs. Though bulky by today's standards, it was trim compared to consoles of the day.

THE BEST INFLATABLE BED.

This inflatable bed earned The Best title from the Hammacher Schlemmer Institute because of its superior combination of comfort, ease of use, and air retention. The Best model's inflatable I-beam and oval air coils provide support, conform to the sleeper's body shape, and cushion pressure points, leading panelists to laud its "perfect firmness" and conclude it had "the best surface comfort." Other beds were described as "way too hard" or "wobbly," and some sagged in the center. Bags of rice weighing a total of 300 lbs. were placed on the beds for two days, and The Best model retained 98.4% of its air—far superior to lesser models that were completely deflated after 24 hours. The Best model has a built-in electric pump that inflates or deflates the bed in 3½ minutes. At 18" high, it was the easiest to get in and out of and unlike other beds that were difficult to store, The Best model folds easily and stores in an included bag. An 8½" gusset ensures optimal expansion and it has a soft flocked surface.

Queen. 80" L x 60" W x 18" D. (20¼ lbs.) KG-83645 $169.95
Twin. 74" L x 39" W x 18" H. (16½ lbs.) KG-81878 $129.95

THE LONG REACH LOTION APPLICATOR.

This is the applicator that stores lotion and applies it to hard-to-reach areas. Its 19"-long sturdy ABS handle is equipped with a removable attachment head ideal for applying moisturizers, creams, or tanning lotion to the back without the need for assistance or bending. The attachment head's leak-proof reservoir stores up to five applications of lotion, massaged into the skin evenly by 17 rolling polypropylene balls that roll smoothly on the back, calves, or tops of feet. Includes three additional attachment heads: a 100% polyester sponge for body wash, a 100% sisal brush for exfoliation, and a synthetic pumice stone for more vigorous exfoliation. Handle splits into two pieces for easy travel; all four attachments can be used with the full or half handle, or independently. (14¾ oz.)

KG-83230 $34.95

THE 8,000 PICTURE DIGITAL PHOTO STORAGE VAULT.

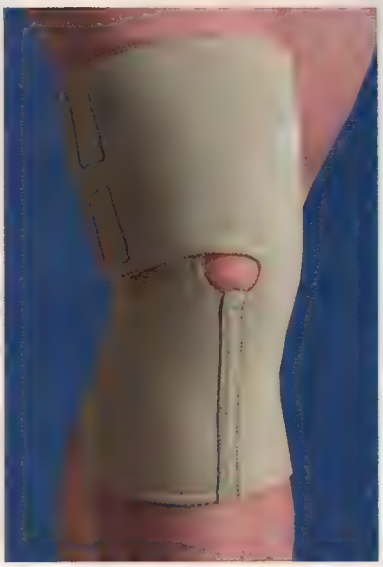
This is the pocket-sized vault that automatically finds and stores up to 8,000 digital photographs. Ideal for use with photo developing kiosks and digital photo frames, it plugs into a computer's USB 2.0 port and automatically finds JPEG image files and saves them with an 8 GB capacity—there is no software to install. You can also specify locations to search for pictures, including CDs/DVDs, external hard drives, and camera cards; it "remembers" where it has searched and will only store new images that it finds. You can also search for any file type. It can also be set to search for specific photo file types or specific locations on a computer. Works with Windows 7, Vista, and XP, and Mac OS 10.4.11 and above; with a 10+ year lifespan. 2¾" L x 3/4" W x 1/4" D. (2 oz.)
KG-81517 $59.95

THE FULL IMMERSION PROFESSIONAL RACER'S SIMULATOR.

This is the only racing simulator with a 180°, 106"-wide HD screen that immerses the driver in a high-speed virtual car race of unparalleled realism. The seamless 7 million-pixel screen wraps halfway around the driver and displays the window net, side mirrors, and passed cars in the driver's peripheral vision—exactly where they would be seen inside a real cockpit. Designed with the manufacturers of the high-performance Ariel Atom sports car, the simulator has a sequential shift transmission—the same gearbox found in professional racecars—for rapid transition between gears and angle- and force-adjustable gas, brake, and clutch pedals. As drivers make rapid turns and drive over bumps, motion transducers push the cockpit up and down to transmit road and engine reverberation to the driver. Fifty seven renowned race circuits, including Daytona International Speedway, Indianapolis Motor Speedway, and Laguna Seca, are recreated from three-dimensional laser scans that capture every camber, curve, and pavement crack for a digital reproduction that is accurate to 1/13th of an inch. Players choose from 30 race cars, such as the classic Ford '34 Coupe and Lotus 79, digitally recreated from the manufacturers' CAD data and a physics engine that replicates dynamic forces drivers actually experience. Special conditions and guarantee limitations apply. Please call 1-800-227-3528 for details. 6½' H x 9' W x 7¾' D. (552 lbs.)
KG-12224 $65,000 FD

THE ARTHRITIS PAIN RELIEVING KNEE WRAP.

This knee wrap stimulates blood circulation, promoting relief from arthritic pain while you perform your daily routine or while you sleep. The wrap exerts a gentle compression and warms the surface skin, facilitating blood flow throughout the knee to reduce swelling, improve the mobility of joints and ligaments, and help relieve arthritic pain. The wrap is made from a flexible nylon/neoprene material that allows a full range of motion, and fastens with an adjustable hook-and-loop closure for a personalized fit and compression variation. The wrap's patented lining wicks away moisture and allows the skin to breathe to ensure comfort during extended wear. For proper sizing, measure circumference of the knee slightly bent, underneath kneecap. Hand wash. Specify unisex sizes XS (11"-12½"), S (12½"-13¾"), M (13¾"-14½"), L (14½"-15¾"), XL (15¾"-17"), XXL (17"-18½").



KG-78509 $39.95

THE BEST CUFF BLOOD PRESSURE MONITOR.

This cuff blood pressure monitor earned The Best rating from the Hammacher Schlemmer Institute because it was the most accurate and had the most comfortable cuff. Each monitor's systolic and diastolic measurements were compared to readings taken by a registered nurse. The Best model deviated from the nurse's readings by only 3.79%—nearly 3X more accurate than lesser models. Panelists preferred The Best model's cuff because it did not over tighten like other monitors and was smooth against the skin. The LCD panel shows diastolic and systolic blood pressure in 7/8"-high numerals, as well as pulse, date, and time; LEDs alert you if blood pressure readings fall outside recommended levels. The display stores up to 90 readings for two people. Six AA batteries (included) provide cordless operation for about 150 readings, or the unit plugs into AC with an included adapter. Cuff fits arms 7¾"-13½" in circumference. 9¾" H x 8" W x 9½" D. (4½ lbs.)
KG-75439 $179.95

THE 30 DAY LANTERN.

This is the lantern that provides up to 30 days of reliable light on one set of batteries. The lantern's three 1.4-watt LEDs use a fraction of the energy of traditional bulbs to produce 720 consecutive hours of light on its lowest setting using only three D batteries (not included). The lantern generates up to 300 lumens of bright, white light that can be seen from up to 75½' away. Made from impact-resistant ABS with rubberized encasements, the lantern is shock- and water-resistant. The device has a green LED that flashes when the device is off for easy location in blackouts and a built-in hook allows the lantern to be hung upside down. With three light output levels and a flashing mode (provides 32 hours of light on high). 7¼" H x 4⅛" Diam. (1¾ lbs.)

KG-83489 $59.95

Chocolate

THE LADY'S PLANTAR FASCIITIS SPORTS SANDALS.

These lady's sports sandals help to combat the effects of plantar fasciitis with a built-in, podiatrist-designed stabilizing orthotic footbed that realigns feet to a neutral position. The deep heel cups are molded into the sandals' comfortably soft, shock-absorbing, triple-density EVA footbeds, providing cushioning for the heel and forefoot while aligning the feet into a natural position for those who over-pronate—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. A medical study conducted by a panel of physicians confirmed that participants who wore the sandals experienced a decrease in pronation, improving their gait mechanics. The resilient Vibram outsoles are made from rubber molded with a slip-resistant pattern that grips most surfaces. The durable, flexible leather uppers have soft, padded jersey liners and bungee strap overlay; with soft nylon webbing toe strap. Chocolate or Charcoal. Women's whole sizes 6-11. For half sizes, order the next size down. Medium to wide width. (6 oz.)

KG-83353 $99.95

THE ORGANIZED TRAVELER'S CARRY ON.

This supple leather carry-on holds travel essentials but is not cumbersome. The accessible pockets and tiered sleeves keep tickets and credit cards at the ready, and the large inner compartment is lined with nylon. Padding protects cameras and other small electronics. With adjustable shoulder strap, padded handle, brushed-nickel hardware, and self-mending zippers. Brown or Black. 11½" H x 10½" W x 4¾" D. (2½ lbs.)

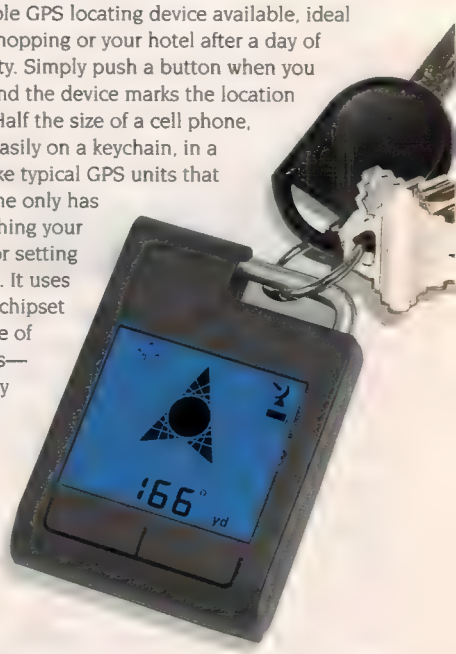
KG-75204 $199.95

The Organized Traveler's Leather Laptop Bag.
As above, but with a 12" H x 17" W x 7" D compartment that accommodates a 17" laptop. (3½ lbs.)

KG-76023 $239.95

THE GPS HOMING DEVICE.

This is the simplest portable GPS locating device available, ideal for finding your car after shopping or your hotel after a day of touring in an unfamiliar city. Simply push a button when you leave your car or a hotel and the device marks the location and points the way back. Half the size of a cell phone, the compact receiver fits easily on a keychain, in a pocket, or in a purse. Unlike typical GPS units that are highly complex, this one only has two buttons: one for switching your compass mode, another for setting up to three starting points. It uses an advanced GPS receiver chipset that provides a high degree of accuracy—within five yards—in urban canyons or heavily forested environments. It counts down the distance (in yards, miles, meters, or kilometers) as you approach your starting point and its self-calibrating digital compass displays your heading in degrees and indicates direction with an easy-to-read arrow. A backlight button illuminates the display for easy reading in low light conditions. It also remembers your waypoints when powered off. Weather resistant. Requires two AAA batteries. 3¼" L x 2" W x 3/4" D. (2 oz.)



KG-78558 $79.95

THE PRESSURE BOOSTING AND CLOG PREVENTING SHOWERHEAD.

This is the showerhead used by five-star resort spas for its power, water-saving technology, and durability. Using the Venturi principle of fluid mechanics, the showerhead has 16 air vents that inject oxygen into the chamber as a three-fin turbine accelerates water velocity, resulting in increased pressure while using 30% - 70% less water. Manufactured using acetal-resin engineering plastic, renowned as a low-friction and wear-resistant metal substitute, the showerhead will neither clog nor corrode, ensuring a lifetime of optimal water flow. The spray dynamics have a comfort-control feature that adjusts to achieve a soft mist or massaging spray and uses 1/2" plumbing. 5¼" L x 3¼" Diam. (1 lb.)

Rainfall showerhead

Chrome.	KG-73570	$79.95
Antique Bronze.	KG-79599	$89.95

Handheld Showerhead. As above, with a 360° pivoting head, four adjustable stream settings, and instructions for easy installation. Chrome or Brushed Nickel. 9" L x 5" W x 2" D. (1 lb.)
KG-77585 $79.95

Pressure Boosting Rainfall Showerhead.
Broad, 7½" diameter showerhead has 54 spray nozzles that create a rainfall effect. Includes extension arm.

Chrome.	KG-78031	$79.95
Nickel.	KG-78042	$79.95

THE PAIN RELIEVING MATTRESS TOPPER.

This is the cushioned mattress topper that is used in hospitals worldwide to relieve the pain and sleeplessness caused by arthritis, bursitis, and other orthopedic conditions. Containing twice as much memory foam as standard mattress toppers, the dense 4-lb. cover is shaped into unique raised hexagons, with the channels around them filled with a proprietary soy-based gel. This supportive structure cradles bones and disperses body weight, reducing the pressure on aching muscles and joints. The environmentally friendly, breathable gel also ensures the topper retains its shape and draws heat away from the skin, preventing night sweats and hot spots. Covered in soft polyester, the topper is bound at the edges for durability and positions easily under a fitted sheet. Made in the U.S.

Memory foam and gel cradles body

King. 78" L x 74" W x 2" D. (48 lbs.)	KG-12216	$999.95 FD
Queen. 78" L x 58" W x 2" D. (36 lbs.)	KG-12217	$899.95 FD

THE BEST TALKING WATCH.

This is the talking analog watch that ranked highest in every category in evaluations by the Hammacher Schlemmer Institute. Unlike lesser models that were inaudible or malfunctioned completely, this model announces the time distinctly in a male voice, ideal for those who find it difficult or inconvenient (such as when driving) to look at a watch. In addition to the time, the watch can announce the day and date, alarm, and sound a chime at the top of the hour. Contrary to other watches that were found to be overly complicated to operate, this watch offers straightforward instructions and functions that are easily accessed via two buttons. To ensure accuracy, the watch automatically synchronizes nightly with the atomic clock in Ft. Collins, CO, a timekeeping standard that won't vary by a second in 80 million years. The watch's face is set within a stainless steel case. Its 3/4"-wide black leather strap fits wrists up to 8½". Face is 1½" diameter x 5/8" D. (6½ oz.)

"The time is ten o'eight A.M."

KG-79673 $99.95

THE POSTURE IMPROVING SADDLE SEAT.

This saddle seat helps you replicate an equestrian's healthy posture to reduce back fatigue and discomfort while seated. Its gentle forward slope shifts the pelvis forward and raises the buttocks above the knees, resulting in semi-standing posture that discourages slouching—a major cause of back discomfort. The sides of the seat are also sloped, spreading the knees apart (hip abduction) and keeping the pelvis upright to reduce stress on the back, shoulders, and neck. Unlike traditional chairs that can restrict blood circulation in the legs, the saddle seat does not exert contact pressure on the back of the legs, reducing muscle fatigue. The chair swivels 360° and has five casters for optimal mobility and stability, its polyurethane foam seat is soft yet supportive, and it has a durable polished aluminum frame. With tilt- and height-adjustment. Supports up to 280 lbs. 21"-28" H x 17" W x 14" D. (17½ lbs.)
KG-79184 $159.95

THE PAIN RELIEVING NEUROMUSCULAR STIMULATOR SYSTEM.

This cordless home electrotherapy system delivers hours of drug-free pain relief without requiring a visit to a doctor. The device employs Transcutaneous Electrical Nerve Stimulation (TENS) therapy, a method of pain relief therapy widely adopted by medical professionals. When the self-adhesive electrode pads of this device are placed on sore spots, they send harmless low-frequency electrical pulses into the tissue that block pain signals passing through nerves to the brain. The system increases blood flow to the area to promote healing and relaxation. According to the American Physical Therapy Association, TENS therapy can be an effective element of pain management for low-intensity discomfort, such as back pain and muscle soreness in the extremities. The tethered controller lets you easily choose from 10 treatment modes with 10 intensity levels. System comes with two 1½" x 3½" electrode pads, two 3" x 5" electrode pads, an adjustable belt that secures the electrodes for back pain relief, and carrying bag. Includes three AAA batteries. Not for use by those with pacemakers. 6" L x 2¾" W x 1" D. (1 lb.)

KG-79568 $129.95

Replacement electrode pads. Two each: 1½" x 3½" and 3" x 5" pads. (1¼ oz.) KG-82721 $19.95

THE CONFIGURABLE READING LAMP.

Made by the company that supplies task lights to the U.S. military, this pliable lamp holds any loop, curve, or angle to provide crisp reading light wherever it's desired. The lamp's 34" gooseneck is made from brass-coated coils that will never slip out of place or droop like typical lamps. The gooseneck is encased in high-impact polyamide that's impervious to dust, oil, and moisture. The sturdy base enables one-handed manipulation of the lamp, and the 2½"-diameter narrow lamp head won't obstruct your view when placed over reading material. The 6-watt LED bulb produces bright, white light that illuminates pages or tasks with an eyestrain-reducing, focused glow. It lasts up to 35,000 hours, and does not produce heat, allowing the light-projection angle to be adjusted by hand. Plugs into AC. 55" H x 9½" Diam. (10 lbs.)

KG-83369 $349.95

THE PACKABLE PANAMA HAT.

This is the packable Panama hat that springs back to its original shape when unpacked. Offered exclusively by Hammacher Schlemmer, it is made in Ecuador from bleached leaves of the Toquilla palm, the traditional plant fiber used to make Panama hats since they were first discovered by North Americans in the early 1900s during construction of the Panama Canal. Ideal for travel, it can be easily packed into suitcases or squeezed flat for between-seat storage, yet the fibers' unique woven pattern allow the hat to spring back to its original shape. Its brim provides 360° of sun protection (50+ UV rating); woven fibers allow air to circulate. Natural color. Sizes M (hat size 7-7⅛"; head circumference 22¼-22⅜"), L (7¼-7⅜"; 22½-23¼"), and XL (7½-7⅝"; 23½-24"). (1 oz.)

Rolls up and unfurls to original shape

Driving cap

KG-76778 $79.95

Packable Panama Driving Cap. Natural color. Sizes S (hat size 6⅞-7"; head circumference 22"), M (7-7⅛"; 22¼-22⅜"), L (7¼-7⅜"; 22½-23¼"), and XL (7½-7⅝"; 23½-24"). (1 oz.)

KG-81163 $69.95

40" canopy

THE WORLD'S SMALLEST AUTOMATIC UMBRELLA.

Carried inconspicuously in a purse or trouser pocket, this is the smallest umbrella available that opens and closes with the push of a button. Only 8" long when closed, the umbrella instantly deploys its generous 40" diameter canopy when a button on its handle is pressed. When the skies clear, a second press of the button collapses the canopy. Made by a third-generation umbrella maker based in rainy Portland, Oregon, the umbrella is constructed with a polyester canopy and steel shaft, ribs, and stretchers that withstand breezes better than flimsily built compacts made with plastic. And unlike other so-called compacts, it's small enough to keep on your person at all times, so you'll never get caught unprepared by a sudden downpour. With wrist strap and nylon sleeve. Black. Closed: 8" L x 2¾" diameter. (9 oz.)

KG-83512 $29.95

The Hammacher Schlemmer Lifetime Guarantee

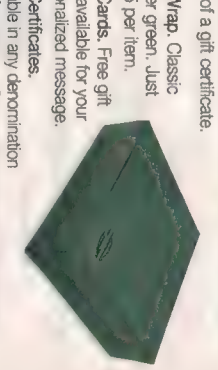
Unconditional and Unwavering

Items that we sell are guaranteed for their normal life under standard non-commercial use. Should any product ever fail to meet your expectations, simply return it prepaid and insured with proof of purchase. We will replace it or refund the cost of the item less the original shipping and service fees. Please note that returns older than one year will be credited in the form of a gift certificate.

Gift Wrap. Classic Hunter green. Just $6.95 per item.

Gift Cards. Free gift card available for your personalized message.

Gift Certificates. Available in any denomination from $25 and up. Redeemable through our catalog, at our store, or online. We'll print the recipient's name and include a gift card. Not redeemable for cash.



Corporate Gifts and Incentives. Call 1-866-714-0530 for personalized service regarding volume purchases for clients, customers, or employees.

Mailing List Preferences. We sometimes make our customer list available to merchants whose products may be of interest to you. If you do not wish to receive these mailings, please call or e-mail Customer Service.

Returns and Exchanges. Use the instructions and label provided in the package. A return for exchange should take 10 days or less; for faster service, contact Customer Service. If you are returning a product you received as a gift, you may exchange it for an item of equal value or for a gift certificate of equal value.

Prices. All are in U.S. dollars. We reserve the right to correct typographical errors. Prices subject to change.

($25) These shipping and service charges apply in addition to standard shipping and service. Call for Premium or Express delivery rates.*

THE CHILD PILOTED TUMBLER.

This is the rolling tumbler piloted by a child ensconced inside its protective inflatable honeycomb structure. Made from heavy-duty 1/8"-thick PVC, 30 hexagonal chambers form the tumbler's globular shape; each end provides a 13¾" diameter opening that allows entry for a child up to 80 lbs. With ample room in the interior for changing position, a child's shifting body weight is the only requirement to generate momentum—Newtonian physics provides the physical comedy. Ten transparent chambers enable pilots to avoid obstacles, ensuring a proper heading when aiming for rivals. Inflates by mouth or with pump (recommended, electric air pump sold separately). Ages 3 and up. 47" diameter. (7 lbs.)
KG-82330 $79.95

THE REMOTE CONTROLLED ROLLING BEVERAGE COOLER.

This amusing remote-controlled cooler can roll across a patio, rug, or kitchen floor to deliver a well-timed beverage to parched party guests. With room for 12 cans or bottles and ice, the cooler rolls on four sturdy underside wheels up to 40' from the host at the controls. The remote's simple controls send the cooler forward, backward, and left or right. With sides of water-resistant insulated vinyl and a secure zippered lid, beverages stay cold for hours. The cooler can be carried with the removable shoulder strap and collapses to just 6½" tall for storage. Sturdy construction can transport 22 lbs. of drinks and ice. Requires one 9-volt battery and six C batteries. 13¼" H x 12" diam. (7 lbs.)
KG-76019 $79.95

THE FOOT PAIN RELIEVING NEUROMUSCULAR STIMULATING SOCKS.

These are the socks that contains an electrotherapy system to conveniently deliver pain relief to the entire foot. Using Transcutaneous Electrical Nerve Stimulation (TENS), thin silver wires imperceptibly sewn into the comfortable sock conduct harmless low-frequency electrical pulses to the foot. This drug-free treatment—the same used by physical therapists and other medical professionals—increases blood flow to promote healing and minimize pain caused by arthritis and plantar fasciitis. The sock maintains full contact with the foot's entire surface, including the ankle, providing all-over therapy without having to reposition electrodes as with standard TENS devices. Its tethered controller offers six different modes and 20 intensity levels to provide customized relief, with settings clearly displayed on a large LCD screen. Rechargeable lithium ion battery provides 15 hours of treatment from an eight-hour charge using the included AC adapter. Hand wash. Includes left and right socks, electrode wires, and two gel pads. One size fits most.
KG-82697 $229.95

The Hand Pain Relieving Neuromuscular Stimulating Glove. Includes left- and right-hand gloves. One size fits most.
KG-82700 $229.95

THE 4½' HIGH ROADSIDE EMERGENCY BEACON.

This is the 4½'-high beacon that affixes to the roof of a car to provide superior visibility in an emergency. Unlike roadside flares, window-mounted triangles, or a car's hazard lights—near-to-ground items that aren't as easily discerned—this extra tall beacon is elevated so it can be seen from up to 1/2-mile away by oncoming traffic and authorities or services for locating a disabled vehicle. The beacon's 16 ultra-bright red and white LEDs flash a 360° warning signal that lasts for up to 10 hours. Top-mounted LEDs allow you to project the beacon's light upward to attract attention when a car is stranded in a ditch or low area. Its collapsible 4' pole snaps together in seconds and is topped with an orange pennant for easy daytime identification, and the magnetized base adheres to a car roof. Kit stores neatly in a trunk and includes a flashlight, orange safety vest, and three AAA batteries. 18" H x 16" W x 4½" D. (4 lbs.)
KG-83679 $99.95

THE RAPID COMPOSTER.

This is the rapid composter that uses a unique aerating core and insulated walls to speed the breakdown of organic material. While standard composters may take six months to decompose matter, this rapid model needs as few as 13 weeks, with no turning or intervention required. Users simply lift the secure lid and insert wet and dry kitchen and garden waste. The cone shapes on the ventilating core create air pockets, so air can flow in all directions, and the 1½"-thick insulated walls trap heat, even in the shade or during winter, and also keep materials from drying out in hot weather. Holding up to 50 lbs. of material, its design speedily breaks down 6X the material in a year as do standard composters. Nutrient-rich compost is neatly removed through two access doors in the bottom chamber, and the base of the composter collects the resulting "compost tea" that can be used as a natural fertilizer for plants. Its subdued, wind-resistant durable exterior blends with the outdoors while resisting animals. Minimal toolless assembly. 46" H x 20" W x 20" D. (31 lbs.)

Ventilating core

KG-83694 $299.95

THE ADJUSTABLE TEMPERATURE OUTDOOR SHOWER.

This is the outdoor shower that provides a temperature-adjustable stream of water anywhere in a yard. The shower's housing acts as a greenhouse and heats water from a hose; turning the shower handle combines cool water from the hose and the heated water, producing a soothing cascade of water from 60° F to 130° F. The unit produces up to 4¾-gallons of hot water after three hours of sun exposure, providing up to four two-minute showers. The water pressure is strong enough to quickly rinse off chlorine or dirt, and the showerhead swivels and tilts for optimal positioning. The shower sets up on the included base or mounts onto concrete with the included bolts. Made from durable, weatherproof PVC. 80½" H x 11" D x 5½" W. (22 lbs.)

KG-79897 $199.95

THE GROWING CHILD'S ADJUSTABLE FOLDING CHAIR.

This is the folding chair that adapts as a child grows, safely accommodating infants to school-aged kids. The portable indoor-outdoor chair has a five-point harness that secures babies as young as three months in place, while padding on the sides and back stabilizes the head and body. For pre-walkers between ages six and 12 months, the seat cover folds back to reveal leg holes, so children can stand with support while a fabric bucket keeps their feet off the ground. Once children are old enough to sit on their own, the safety harness can be removed; the chair supports up to 75 lbs. It has a removable sun shade, cup holder, and a detachable tray that transforms it into a portable feeding chair complete with a mesh pocket for holding snacks and toys and catching spills. Durable nylon surfaces wipe clean with a damp cloth and will endure years of camping trips and soccer games without staining or fading. Includes carrying bag. 24¾" L x 8¾" W x 7¼" D (8 lbs.)

KG-83327 $99.95

THE HEATED SHAVING LATHER DISPENSER.

This is the heated lather machine that dispenses warm shaving cream or gel to enable a closer, more comfortable shave. The device heats shaving cream or gel in 1½ minutes, producing a barbershop-worthy, soothing lather that opens pores and softens and raises hair so it is easier to cut. A dial adjusts the temperature of the lather and an indicator light illuminates when the preferred temperature has been achieved. The unit accommodates most canisters up to 2½"-wide and stores unobtrusively on a countertop or inside a toiletry kit. Plugs into AC. 7¼" H x 4" W. (1½ lbs.)

KG-83312 $34.95

THE BEST OF JOHNNY CARSON TONIGHT SHOW DVDS.

This is the 15-DVD set that comprises more than 30 hours from *The Tonight Show* featuring the best moments from Johnny Carson's 30-year reign as king of late night television. The box set includes 56 complete episodes selected by one of the program's original producers. Each episode highlights Carson's incomparable comic timing, whether bantering with guests, playing the reverse psychic "Carnac" The Magnificent, challenging audience members to Stump the Band, or delivering his opening monologue. A bonus disk features all new interviews with some of *The Tonight Show's* regular guest stars including actress Loni Anderson, animal handler Jim Fowler, and comedian David Brenner. It also contains over an hour of rescued footage from the 1960s and 1970s including an appearance by the crew of Apollo 13 and a visit from Charlton Heston. Box: 9½" L x 7¾" W x 3" D. (3 lbs.)
KG-82293 $84.95

THE LEARN TO PLAY BANJO.

This full-sized, five-string banjo and instructional DVD provide an easy way for budding banjoists to learn the three-finger playing style made famous by bluegrass legend Earl Scruggs. Bluegrass banjo player Avram Siegel guides you step-by-step through tuning using downloaded automatic tuning software, scales, chords, and rolls, as well as folk classics such as *Cripple Creek* and *Cumberland Gap*. The banjo features a traditional 11" rim paired with a sapelli resonator for rich, powerful tones in every position. The slim, adjustable poplar neck with a rosewood fingerboard allows for smooth transitions between chords. Its five light-gauge strings and open-gear machine heads provide easy playing and precise tuning. Includes two finger picks, thumb pick, and a carrying bag. Ages 13 and up. 37" L x 13" Diam. x 3¼" D. (5 lbs.)
KG-82821 $199.95

THE SLEEP ASSISTING MUSIC HEADBAND.

This is the soft headband that has built-in headphones, making it easy to listen to music while falling asleep. Unlike ear buds that can slip out or bulky headphones that can be awkward to wear in bed, this stretchy headband stays comfortably in place all night long. Its 20mm diameter flat speakers are tucked unobtrusively inside the cozy fleece and provide a full 20 Hz to 20 kHz frequency range. A 48" audio cord exits via a pocket in the back to prevent tangling, and a volume control on the headband eliminates the need to fumble for a device in the dark. Compatible with any device that has a 1/8" audio port, the headband is ideal for unwinding with a book, drifting off to music, or even playing white noise to drown out a snoring partner. Machine washable. Black. 8" L x 6" W x 2½" D. (3 oz.)

KG-82654 $49.95

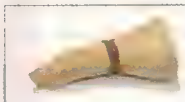
THE EXACT REPRODUCTION WIZARD OF OZ LIBRARY.

Reuniting readers with Dorothy, the Tin Man, the Cowardly Lion, and the Scarecrow, this is the exact replica edition of L. Frank Baum's complete *Wizard of* Oz series. Originally published between 1900 and 1920, the 14-volume library assembles all the Baum titles in one collection, reissued for the first time in their inaugural form by historic publisher Charles Winthrope & Sons, experts at preserving literary classics. The books meticulously recreate every detail of the first editions, including the typeface, endpapers, and even typographical errors that were later corrected. The original artwork by William Wallace Denslow and John R. Neill is intricately reproduced, complete with the brilliant full color and metallic inks that were hallmarks of the initial printings. The artists' designs inspired the three included 7" H bookends that illustrate the green-faced witch, Dorothy and her friends, and even her little dog Toto. When the books are displayed in order and the linen case bindings are covered in the included dust jackets, the spines show a panoramic scene of the yellow brick road leading toward the Emerald City. The library also includes a bonus 15th book, *Little Wizard Stories of* Oz, a rare, rediscovered collection of short stories.

KG-12168 $749.95 FD

THE LADY'S PACKABLE PANAMA HAT.

This is the lady's packable Panama hat that springs back to its original shape when unpacked. Unlike other straw hats that are starched and stiff, this Panama hat is soft and pliable, enabling it to withstand the rigors of travel. Each hat is fashioned by expert craftsmen using the Llano weave—a traditional coastal herringbone-like pattern—that allows it to be gently flattened to fit into a suitcase, a dresser drawer, or between airplane seats. Each hat is made by hand in Ecuador from the bleached leaves of *carludovica palmata*, or Toquilla palm, a renewable plant fiber used to make all Panama hats, and takes four to five days to complete. This hat's extra-wide 4" brim provides 360° of sun protection for a UPF 50+ rating—the highest attainable—yet the natural woven fibers allow air to circulate, keeping you cool. Leather chin strap with tagua ivory slider. Natural color. One size fits most. (1 oz.)



Rolls up and unfurls to original shape

KG-79668 $79.95

THE R2-D2 PROJECTION ALARM CLOCK.

This is the R2-D2 alarm clock that projects the time and wakes you with his unique beeps and whistles from the *Star Wars* saga. When the alarm goes off in a darkened bedroom, the headstrong astromech droid projects the time onto a wall or ceiling and sounds a 30-second soliloquy of familiar whistles and chirps with the intensity and volume of a pending stormtrooper arrival. In addition to sounding an hourly chime, a touch of R2's button will project the time, but not without enthusiastic banter; the time and date are also shown on an 1/4" x 1/2" LCD on R2-D2's armored exterior. R2's three posable legs allow you to adjust the projection angle. Includes two AAA batteries. 6¼" H x 4" W x 2" D. (6 oz.)

KG-81089 $39.95

THE BOB ROSS PAINTING TUTORIAL.

This is the 20-lesson DVD tutorial for aspiring oil painters featuring Bob Ross, host of public television's popular *Joy of Painting* from 1983-1994. Each half-hour episode reinforces Ross' Wet-on-Wet Technique, a fast, simple method of painting that anyone can master, regardless of artistic ability. Delivered in Ross' soft-spoken, nurturing manner, students can paint along with the master as he creates majestic mountain scenes, mighty waterfalls, graceful seascapes, and rustic rural landscapes, along with his catchphrase "Happy little trees". Ten hours on 10 DVDs. Box: 11½" H x 10" W x 2½" D. (3 lbs.)

KG-81654 $89.95

Made from genuine fire hose

THE FIREHOSE iPAD COVER.

This is the iPad cover made from a genuine decommissioned firehose. Firehoses' renowned strength and durability stems from their unique construction, which uses a double-jacket outer fabric layer made from polyester to protect its rubber liner. The cover's interior is made from durable, stain-resistant microfiber. The sleeve secures an iPad on all sides while providing access to all controls and charging connector. In landscape mode, the upper half of the case flexes and props up at the desired angle for elevated typing or a nearly upright position for watching a movie. An elastic band secures the case. Compatible with iPad2 and iPad3. 10" L x 8" W x 1" D. (1 lb.)

KG-83619 $69.95

The Firehose Wallet.

Hefty construction ensures durability; includes four credit card slots, two internal pockets, and a rubber-lined, divided large pocket for bills. 4½" L x 3" H x 1/4" D. (4¾ oz.)

KG-83568 $39.95

THE CONTINUOUSLY COOLING MATTRESS PAD.

This is the mattress pad with an internal system that continuously circulates cool water at your preferred temperature so that you can sleep comfortably. Water is pumped through soft, flexible silicone tubing within the pad to help eliminate night sweats and restlessness that can deprive you of a sound slumber. More energy efficient than cooling an entire room and more targeted than a fan, the mattress pad has dual zones (except twin) that enable bedmates to independently control the temperature on each side using the included wireless remote controls. The pad's temperature can be adjusted in one-degree increments down to 46° F (or warmed to 118° F). The pad's dual cooling units operate quietly and have a 12-hour timer that automatically turns the pad on and off. Cooling units plug into AC with 8' cord; each remote requires 2 AAA batteries. Pad can be machine washed and dried. Cooling unit 7" H x 12" W x 11" D.

Pumps cool water through the pad

Twin. 75" L x 38" W. (15 lbs.)	KG-12287	$449.95 FD

THE HOOK AND SLICE REDUCING GOLF BALLS.

Banned by the United States Golf Association, these are the golf balls that reduce slices and hooks. The balls have truncated, shallow dimples around their equators and deeper, more concentrated dimples near their poles that arrest the side spin and lower the drag that cause slices and hooks, resulting in 50% straighter drives. The distance and trajectory of the golf balls are the same as typical balls, ensuring you'll be able to carry bunkers and water hazards. These enhanced balls also provide better backspin control on greens when hit with short-distance irons. Includes 12 balls. (1½ lbs.)
KG-82764 $34.95

THE SIDE OPENING BISON LEATHER WEEKENDER.

Made of American bison leather—valued for its long-lasting durability since the early days of the Great Plains tribes—this weekender opens from the side to provide easy access to clothes throughout the entire bag. The side panel allows you to quickly remove or insert several days worth of clothes and travel items without rummaging or disheveling neatly folded garments. The bison hide is meticulously vegetable-tanned by leather artisans, resulting in a glossy, pebbled finish with a rich feel. Three large interior pockets accommodate toiletries or personal items, and three small pockets are ideal for holding a PDA, cell phone, and MP3 player. Two zippered end-pockets offer separate storage for two pairs of shoes. The wheeled bag has a telescoping handle for ease of navigation. With a soft leather lining, antique brass fittings, and shoulder and hand straps. 15" H x 24" L x 12½" D. (10 lbs.)

KG-75808 $329.95

THE ONLY PET STAIN PHEROMONE REMOVING SOLUTION.

This is the only pet stain cleaner that removes undetectable pheromones to break the cycle of a dog or cat's repeated soiling. Unlike lesser cleaners that merely remove surface stains, this unique formulation binds to the pheromone molecules—the chemical attractants released when a dog or cat marks its territory. Simply saturate the soiled area, scrub, and blot dry; in just three minutes, the stain and pheromones are eliminated, thereby discouraging pets from returning to a soiled area. The solution can be applied safely to carpeting, upholstery, fabric, hardwood floors, tile, concrete, or most any non-porous surface and will not cause discoloration.

Safe for pets, children, and those with sensitivity to chemicals, the solution is non-toxic, non-flammable, enzyme-free, biodegradable, and fragrance-free. It is also effective at removing other stubborn stains, such as blood, wine, and grass. Made in the U.S.

32 oz. Bottle. (2¼ lbs.)	KG-83462	$39.95
128 oz. Bottle. (8¾ lbs.)	KG-83242	$69.95

THE FOREIGN CORRESPONDENT'S VEST.

This is the authentic 16-pocket vest worn by foreign news correspondents to keep essential gear organized and accessible while on assignment in far-flung locales. Eliminating the need for extra hip- or backpacks, the vest includes a strong gusseted back pocket that holds a 14" laptop, while a cell phone, tape recorder, and camera can be carried in the four deep front pockets, all of which close with hook-and-loop fasteners. Four additional zippered pockets on the front keep essentials handy, and the vest interior conceals five more roomy pockets for storing a passport, wallet and other valuables securely. Made from rugged 65% polyester/35% cotton fabric, the all-weather zippered garment has hand-warming pockets, a concealed hood in the collar, a mesh panel that provides ventilation, and a UPF rating of 50+—the highest attainable. Extra equipment can be attached to the vest's four stainless steel D-rings or secured under the epaulets, and padding along the shoulders offers comfort while hauling gear. Buckles on the side adjust the fit. Machine wash and dry. Khaki. Men's sizes S (34-36), M (38-40), L (42-44), XL (46-48), and XXL (50-52). (1½ lbs.)
KG-12221 $349.95

THE INSTANT GEODESIC DOME.

This is the geodesic dome that assembles in less than 15 minutes for indoor or outdoor play. It provides a durable, safe structure for children to scramble over, under, and through, building agility as they climb. Each of its 52 bars supports up to 150 lbs. when secured with the included snap-in connectors yet unlike traditional metal climbing domes, the sturdy PVC plastic construction is lightweight, and it will not rust, peel, or become too hot or cold to the touch as seasons change. Ages 3 and up. 50" H x 70" Diam. (27 lbs.)
KG-82400 $199.95

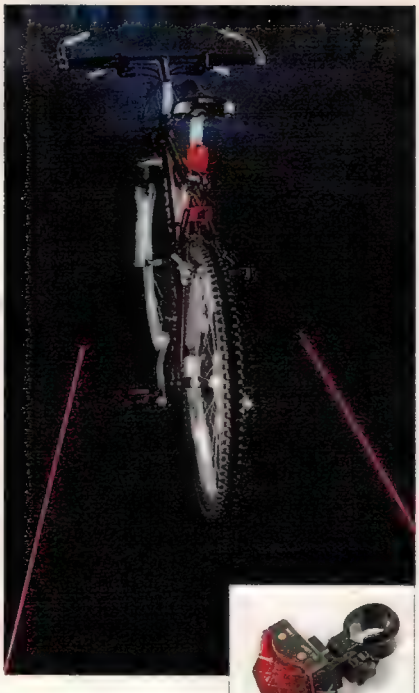
THE COMPLETE PAINTINGS OF THE LOUVRE.

This is the meticulously curated tome that catalogs all 3,022 paintings on display at the Musée du Louvre, the world's most renowned art museum. The Louvre's unparalleled collection includes such masterworks as Delacroix's *Liberty Leading the People*, Vermeer's *The Lacemaker* and da Vinci icons *Mona Lisa* and *Madonna of the Rocks*, all of which are reproduced in brilliant color. Four hundred of the most significant pieces are further illuminated through essays by art historians, including Vincent Pomarède, chief curator of the Louvre's painting collection. Wrapped in a sturdy slipcase, the book includes a DVD that allows readers to browse the entire collection on a computer, sorting entries by artist, date, or genre. A walk-through option even lets viewers take a room-by-room tour of the paintings exactly as a visitor would in person. 784 pages. 10½" H x 10½" W x 2" D. (10 lbs.)
KG-81902 $74.95

THE iPAD KEYBOARD SPEAKER CASE.

This is the iPad keyboard case with built-in speakers that enhance listening to music or watching movies. Connecting wirelessly to an iPad via Bluetooth, the keyboard provides easy typing with responsive keys that supply crisp, spring-back action. The keyboard's integrated twin 1½"-diam. speakers connect to an iPad's audio-out port with an included 3.5mm cable for more enjoyable audio. The case's adjustable stand props up an iPad in landscape mode. Made from durable polyurethane that resists water and dust, the case leaves an iPad's 30-pin connector free for charging and its camera free for impromptu pictures. The keyboard's integral 1,200 mAh lithium polymer battery lasts 24 hours (keyboard only; three hours when using speakers) on a full charge from a USB connection using the included microUSB cable. Folds to the size of a portfolio for transport and storage. Compatible with iPad2 and iPad3. 10¼" L x 7¾" W x 1" D. (1¼ lbs.)
KG-83196 $99.95

THE CYCLIST'S VIRTUAL SAFETY LANE.



This is the device that mounts to a bicycle's seat post and projects two 5-milliwat red lasers onto the ground, generating a virtual bicycle lane. Providing motorists with a visual indicator of a cyclist's riding width, it is ideal for increasing the safety margin around a cyclist during pre-dawn or dusk rides. Visible under headlights and streetlights from over a mile away, the 6'-long lane begins mid-cycle at the seat post and extends behind. An additional five red LEDs increase visibility as a standard blinking taillight. Includes two AAA batteries. (3 oz.)
KG-83485 $39.95

THE HOSELESS EVAPORATIVE COOLING FAN.

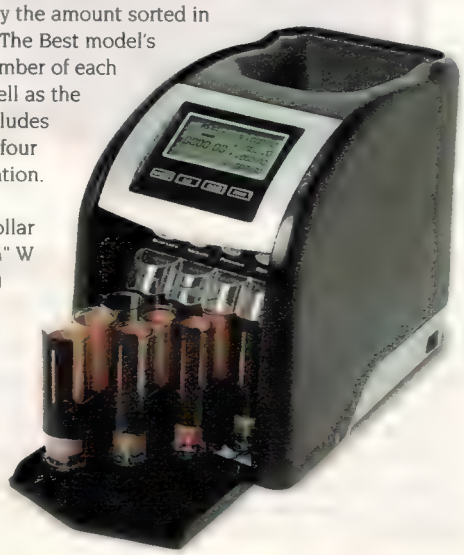
This misting outdoor fan makes a patio or deck as comfortable as an air-conditioned room without being tethered to a garden hose. Its six patented nozzles create micro-fine droplets that feel dry to the touch and evaporate almost instantly, reducing the air temperature by as much as 30° F. A five-gallon reservoir holds enough water for up to eight hours of continuous misting; the density of mist adjusts with a simple turn of a dial. The 18" fan oscillates 50°, cooling up to a 500' sq. area. Plugs into AC. Height adjusts from 47" to 56". 18½" Diam. base. (40 lbs.)
KG-83525 $399.95

1,000' sq. Fan. With eight-gallon tank. Height adjusts from 47" to 60". 30" Diam. base. Some assembly required. (88 lbs.)
KG-78511 $799.95

For 30 years, the Hammacher Schlemmer Institute has performed extensive comparison testing of leading products to determine **The Best.**

THE BEST DIGITAL COIN SORTER.

This is the digital coin sorter that earned The Best rating from the Hammacher Schlemmer Institute because it was the most accurate and easiest to operate. During testing each model counted $375 in assorted coins and The Best Digital Coin Sorter was 99.98% accurate, far superior to lesser models that jammed or were wildly inaccurate. The Best model sorts coins into 16 tubes (four for each denomination) and, unlike other models, it automatically stops when the tubes are full to prevent jams. The Best model allows users to load the hopper with up to 800 coins at once and its 26-rpm motor quickly sorts 312 coins per minute. While other sorters only display the amount sorted in dollars and cents, The Best model's LCD shows the number of each coin counted as well as the dollar amount. Includes 16 coin-wrappers (four for each denomination. U.S. coins only; not for use with dollar coins. 13½" D x 7¾" W x 10¼" H. (9½ lbs.)
KG-83491
$189.95



Extra Coin Wrappers.
54 each of penny, nickel, dime, and quarter.
KG-73701
$15.95

THE LEARN TO PLAY VIOLIN.

This hand-carved solid wood violin and instructional CD-ROM help aspiring virtuosos learn finger placement for proper play in real time. With the use of your computer's microphone, the software "listens" while you play and shows you correct finger placement using its animated fingerboard. The CD-ROM includes 160 lessons that teach the fundamentals of tuning, bow preparation, correct arm positioning, and how to play many songs. The violin is an authentic, full-size instrument with a spruce top and a maple neck, back, and ribs that produce rich, full sound. The maple bridge, solid ebony fingerboard and fittings, built-in fine tuners, and a precisely balanced Brazilwood bow with real, unbleached horsehair provide the feel of a professional violin while remaining manageable for novices. Includes automatic tuning software, adjustable shoulder rest, rosin cake, and a hard-sided carrying case. Ages 13 and up. 23½" L x 8¼" W x 2½" D. (5 lbs.)
KG-82822
$179.95

THE VIDEO SCREEN MICROSCOPE.

This is the microscope that replaces the standard eyepiece with an LCD screen that displays objects at up to 1600X magnification. A built-in 5 MP digital camera captures still images or videos and displays objects on a 3½" thin-film transistor LCD at 320 x 240 resolution. The microscope's three objective lenses (4X, 10X, or 40X) provide magnification from 40X-400X (up to 1600X when used with its 4X digital zoom). Objects can either be illuminated from the top (for solid objects) or from the bottom (for prepared slides) using two separate built-in light sources. A colored filter wheel helps block out wavelengths to make objects clearer. The camera's built-in 128 MB memory can store up to 120 still shots or up to 40 minutes of video at 1600 x 1200 resolution; an SD card slot allows for memory expansion. A USB port (cable included) allows you to download content to your computer; works with Windows 7, Vista (32-bit version only), and XP. Plugs into AC. 13" H x 6" W x 4½" D. (3¼ lbs.)

KG-79302 $299.95

50 Prepared Slides. With various plant parts and human tissue samples. KG-79303 $49.95

100 Prepared Slides. With various plant sections, human tissue, and animal samples. KG-79304 $99.95

50 Blank Slides. KG-81526 $39.95

THE HANDHELD RECHARGEABLE POWER SCRUBBER.

This is the handheld rechargeable power scrubber that thoroughly cleans and polishes without elbow grease, chemicals, or a restrictive electrical cord. Exclusively available from Hammacher Schlemmer, the scrubber comes with reusable, interchangeable cleaning pads of varying coarseness, so it can attack heavy-duty grime on a grill, wipe scuffs from a tile floor, or even gently polish glass without scratching. The palm-sized scrubber does not produce unpleasant vibrations or noise, and its iron-shaped head and cordless operation make it easy to maneuver even into tight corners. Rechargeable lithium-ion battery provides 30 minutes of power from a 45-minute charge using the included AC charger. Includes six cleaning pads (two each: light, medium, and heavy duty). 7¼" L x 4" W x 4" D. (1¼ lbs.)

KG-82476 $89.95

THE ONLY LIGHT ADAPTING SUNGLASSES.

Unlike typical darkening sunglasses that adjust to UV rays (which do not pass through car windows), these superior sunglasses adapt to light intensity to provide optimal eye comfort while driving. Photochromic pigments inside the lenses react to visible light as it comes through a windshield, lightening or darkening the lens to block 80% to 91% of the light. The polarized, copper-tinted lenses have an antireflective coating that eliminates glare and reduces eyestrain. An oil-repellent coating prevents fingerprints and causes water to slide off of the lenses instead of beading and impairing visibility. The lenses block 100% of UV-A, -B and -C rays and are scratch- and impact resistant. With a lightweight metal frame, adjustable nosepiece, smooth rubber temple pads, and a hard-sided travel case. 6" W x 1¾" D. (3 oz.)

KG-81286 $199.95

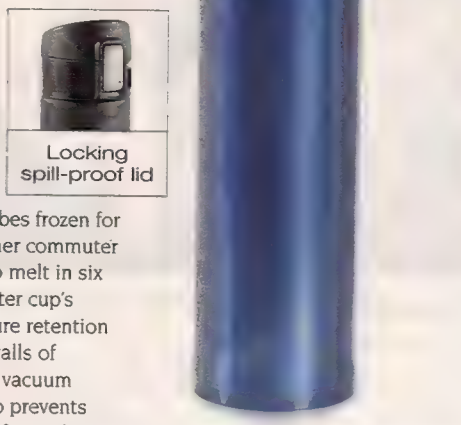
THE ROLLING INSTANT STORAGE SHELF.

This is the rolling storage shelf that deploys or folds in 20 seconds without tools. Made from sturdy, powder-coated 18-gauge steel, the unit unfolds and locks the three bottom shelves into place with a vertical bar in the rear while the top shelf pivots and locks in-place. Fully deployed, it provides four 20" H x 35¾" W x 20¾" D shelves that each support up to 75 lbs. Four smooth-rolling casters allow easy repositioning. Removing the wheels enables the unit to support up to 250 lbs. per shelf. Folds to 62½" H x 20¾" W x 3¾" D for easy storage in a closet or crawlspace; deployed 62½" H x 35¾" W x 20¾" D. (40¾ lbs.)

KG-83385 $149.95

THE BEST COMMUTER CUP.

After comparison tests of commuter cups by the Hammacher Schlemmer Institute, this model proved to be The Best because it is easy to drink from and does not leak, even when inverted. The Best model's spill-proof lid springs open with the touch of a button—staying out of the way as you drink—and its handleless, slim design fits in a car's cup holder. A safety lock prevents spills when the cup is carried in a briefcase or purse. The Best Commuter Cup allowed hot water to decrease in temperature by only 18° F after two hours, unlike lesser models that lost up to 71° F. It kept ice cubes frozen for 36 hours, while other commuter cups allowed ice to melt in six hours. The commuter cup's superior temperature retention is due to its dual walls of stainless steel and vacuum insulation that also prevents heat- or cold- transfer to the exterior. It washes easily because of its removable lid and nonporous interior. Blue or Black. 16-oz. capacity. 9" H x 2½" W. (17 oz.)



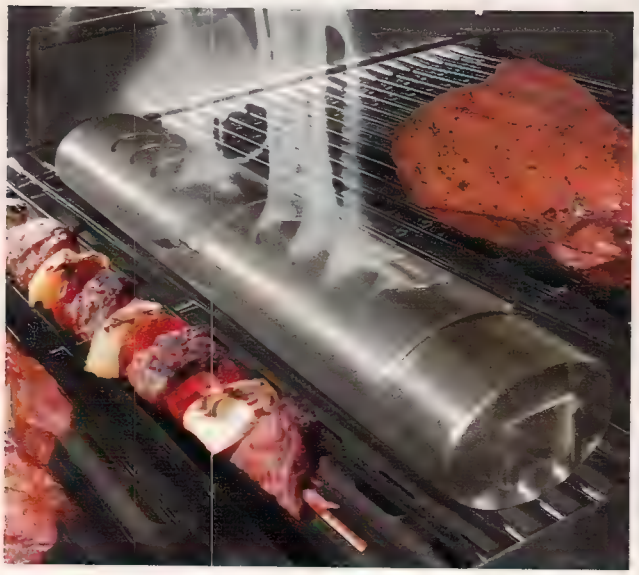
Locking spill-proof lid

KG-82477 $29.95

THE SOLAR INSECT ZAPPERS.

These four solar insect lights simply stake into the ground anywhere in your yard and harness the sun's energy to efficiently eliminate over 100 varieties of flying insects. The UV bulb turns on automatically at dusk and lures mosquitoes, flies, and other insects to eliminate them instantly with a 300-volt electric charge, providing chemical-free bug protection for up to eight hours on a full charge. An integrated solar panel requires only moderate sunlight and charges the internal batteries in eight hours. A grate surrounds the bulbs to discourage curious hands and protect wayward pets, and the housing is made from 100% stainless steel that resists damage from sun and rain. The units switch from bug zappers to accent lights at the touch of a button. Each: 20" H x 6¾" Diam. (14 oz.)

KG-76657 $99.95



THE ONLY FLAMELESS GRILL SMOKER.

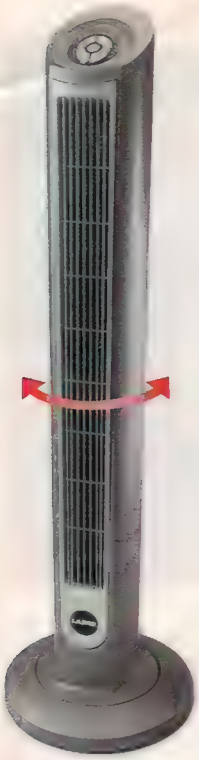
This is the only wood chip smoker box that generates flavor-enhancing smoke without producing flames, resulting in more concentrated, robust flavor. Eight s-shaped vents on the lid of the oval cylindrical smoker allow just enough oxygen to produce smoke but not enough to generate flames, ensuring wood chips smolder slowly and allowing more smoke flavor to infuse with food. The smoker is made from durable 20-gauge 304 steel that allows placement atop hot coals or gas burners and it holds up to 8 oz. of wood chips. Includes a removable 13" handle that allows cooks to place the smoker on the heat source or remove it from the grill to add additional wood chips. 14" L x 2½" W x 1¾" D. (1⅓ lbs.)

KG-79824 $49.95

THE ISOMETRIC RESISTANCE UPPER BODY STRENGTHENER.

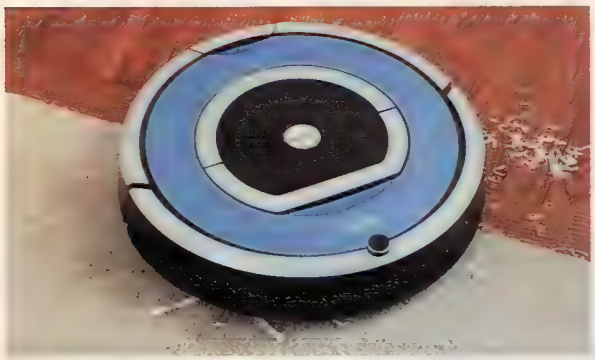
This is the isometric resistance trainer that provides a muscle-strengthening upper body workout that is gentle on joints. Users simply pull or push on the static handlebars without moving upper body joints, creating the same strength-enhancing resistance as free weights but without the strain or detrimental impact. Ideal for improving bone density and mitigating muscle loss, the device has a programmable timer and automatically monitors the applied force and displays the readings on the integrated backlit LCD, allowing users to set goals and determine progress. The device enables up to 23 exercises that strengthen and tone the arms, shoulders, chest, and back. Requires one 9-volt battery. 8" L x 6" W x 2" D. (2½ lbs.)

KG-81943 $79.95



THE BEST TOWER FAN.

This tower fan delivered the best combination of cooling power, quiet operation, and convenience in tests conducted by The Hammacher Schlemmer Institute. The Best Tower Fan produced 522 feet-per-minute wind streams that generated a refreshing, cooling breeze—far superior to other models that were only able to muster 433 feet-per minute winds. It also moved the greatest volume of air, up to 68% more than lesser models. The highly efficient, quiet unit produced only 46 dB on high speed, unlike lesser fans that generated up to 63.3 dB. The fan has a remote control, three speeds, it oscillates 75° for optimal air circulation, it has a 7-hour timer that can be set in one-hour increments, and its 13"-diameter footprint will not protrude into living spaces. Minor assembly. 48" H x 13" Diam. (11 lbs.)
KG-79947 $89.95



THE DIRT DETECTING RADIO FREQUENCY ROBOTIC VACUUM.

This is the only dirt-detecting Roomba that can be scheduled or launched from another room. Exclusively from Hammacher Schlemmer, the Roomba 790 has a radio frequency remote control that transmits signals through ceilings and walls to set the robotic vacuum's cleaning schedule or initiate impromptu cleaning from up to 25' away. Integrated optical sensors detect dirty areas and acoustic sensors determine when the vacuum is working harder to remove detritus, prompting Roomba 790 to concentrate on these areas. Made by iRobot, developers of tactical reconnaissance robots for the U.S. military, Roomba 790 analyzes the dimensions of a room, determines the optimal cleaning path, and autonomously cleans the floor in a back-and-forth pattern. Roomba 790 uses sensors to navigate around furniture and stairs and cleans under beds and along walls. The cleaning head automatically adjusts to accommodate carpets or hard floors and dual HEPA filters capture dirt particles as fine as 0.3 microns. It can be scheduled to automatically clean up to seven times per week or prompted to spot clean. Roomba 790 automatically returns to its charging base when its battery runs low and the three included Virtual Wall lighthouses project infrared beams that confine the vacuum to one room and direct it to another room when it is finished cleaning. Comes with the most accessories of any Roomba available, including six extra HEPA filters and five extra brushes that store in a hard plastic case. 14" Diam x 3¾" H. (8 lbs.)
KG-82540 $699.95

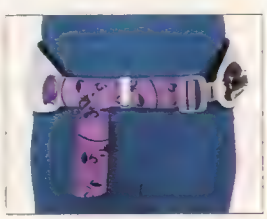
THE EASY ON AND OFF DUST RUFFLE.

This is the dust ruffle that slips on and off easily without lifting the mattress. Unlike a standard bed skirt that fits between the mattress and box spring—requiring hoisting the mattress when laundering is needed—this dust ruffle slips over a mattress and is held in place with an elastic band. The 18"-long, 90 gsm microfiber drop fabric elegantly skims the floor, hiding the box spring, bed frame, and underbed storage. Machine wash and dry. White or Ivory.

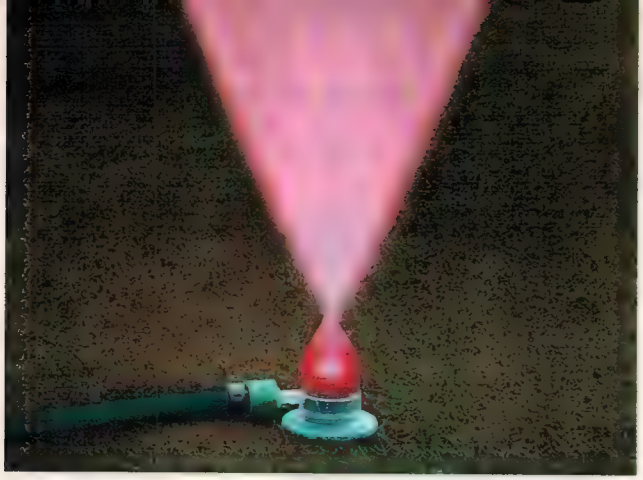
King. 80" L x 78" W. (1½ lbs.)	KG-82769	$39.95
Queen. 80" L x 60" W. (1½ lbs.)	KG-82817	$34.95
Full. 76" L x 54" W. (1½ lbs.)	KG-82818	$29.95
Twin. 76" L x 39" W. (1½ lbs.)	KG-82819	$24.95

THE MENSTRUAL CRAMP RELIEVING COMPRESSION BELT.

This is the compression belt that provides relief from menstrual discomfort in minutes without medication or hot water bottles. Invented by a chiropractor who treats elite female athletes, the ingeniously simple device requires no electricity or batteries. After fastening the belt, the user simply lies on her side and uses an adjustable mechanism to increase the tension of its two compression pads against the hips. By placing steady pressure in this area, the belt relaxes tense pelvic ligaments that can tighten uncomfortably during a woman's menstrual cycle, thereby reducing or eliminating abdominal and back pain. A fifteen-minute session provides hours of relief and can be repeated as often as needed. The adjustable belt fits most sizes and comes with a fabric drawstring storage/travel bag. (1¼ lbs.)



KG-81463 $149.95



THE WATER AND LIGHT SHOW SPRINKLER.

This is the sprinkler that casts a color-changing spray, transforming a lawn into an effervescent water and light show. As water flows through the sprinkler it propels a turbine generator that powers the color changing LEDs and pressurizes the water, producing a 6½' high by 19½' wide plume of fine mist that seamlessly transitions from red to blue to green to yellow to purple. The lightweight, diffuse mist is gentle on flower petals and seedlings and it won't pool or create run off. Eliminating the need for AC power or batteries, the sprinkler is powered by the water from a garden hose and it has an integrated stake for easy set-up in a lawn. 10¾" H x 4" Diam. (1/2 lb.)
KG-82795 $49.95

THE MESSENGER BAG DIRECTOR'S CHAIR.

Rated "Best Overall" by *The Wall Street Journal*, this portable director's chair folds to about the size of a laptop and stores in an easy-to-carry messenger bag. Telescoping legs and a folding backrest enable the chair to fold to less than 4" thick in seconds. Easier to transport than the bulky sacks that accompany lesser models, the chair's messenger bag straps over a shoulder and across the chest for simple, hands-free portability to an outdoor concert or campsite. Despite weighing only 9 lbs., the chair supports up to 250 lbs., thanks to its rugged aluminum and steel frame and 600-denier nylon mesh seat. Unlike lesser portable chairs that sag as you sit, this superior unit's seat and backrest remain taut, providing support during prolonged periods of sitting. Each armrest has an integrated cup holder and a pocket. Navy or Sage. Open: 34" H x 22" W x 17" D; Folded: 3¾" H x 20" W x 12" D. (9 lbs.)
KG-76519 $139.95

Stores in a messenger bag

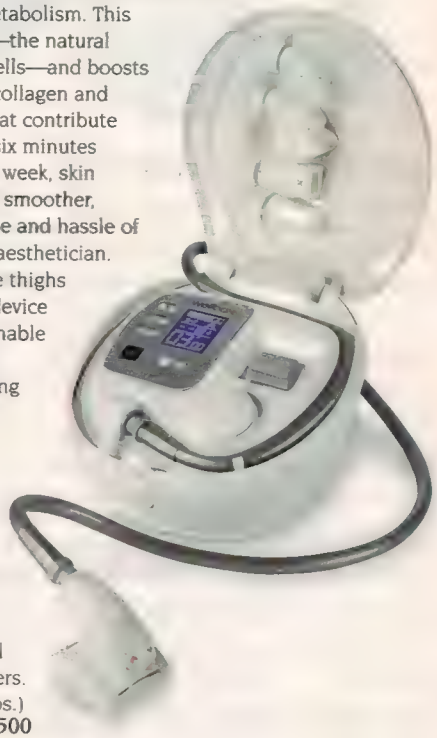
THE COMPACT ELLIPTICAL TRAINER.

This is the full-motion elliptical trainer that easily stores in a closet. Ideal for convenient home or office use, its 20" L x 12" W footprint takes up minimal space. Its foam-covered handle adjusts up to 49½" H and locks into place with a tension knob, providing a secure handhold during a workout. The non-slip pedals provide stable footing during forward and backward elliptical movement; tension adjusts using a dial between the pedals. Displays the number of strides per minute, total number of strides, exercise time, and calories burned. Steel frame supports up to 250 lbs. Includes a LR44 battery for the LCD. Some assembly required. 20" L x 12" W x 49½" H. (30 lbs.)
KG-83231 $169.95

Hideaway Elliptical Trainer. As above, but without handhold. 23" L x 17" W x 11" H. (27 lbs.)
KG-77158 $129.95

THE HOME CELLULITE SMOOTHER.

This is the home device that safely and painlessly smooths and tightens dimpled skin caused by cellulite. Developed in France after 20 years of engineering research, the unit's motorized rollers use gentle suction and massaging pulsations to stimulate fat metabolism. This activates lipolysis—the natural breakdown of fat cells—and boosts the production of collagen and elastin, proteins that contribute to elasticity. After six minutes of use four times a week, skin appears firmer and smoother, without the expense and hassle of repeat visits to an aesthetician. Ideal for use on the thighs and buttocks, the device includes five detachable heads of different widths for smoothing and tightening skin elsewhere on the body, including the delicate areas around the eyelid, lip, and neck. Plugs into AC. Includes five treatment heads, cleaning wipes, and 20 replacement filters. 14" x 10" x 9". (16 lbs.)
KG-82737 $1,500



THE GENUINE TURKISH TOWELS.

These genuine, 100% cotton terry towels come from the Denizli region of Turkey, which is legendary worldwide for its toweling of extraordinary thickness and absorbency. These traditionally looped Turkish towel products have an 800-gram weight, making them among the heaviest, densest towels available in this country. Their 1/4"-thick pile makes them exceptionally soft while an abundance of tightly wound loops offer superior warmth and absorbency. Their softness is greatly enhanced with subsequent washings. Imported.

Washcloth. 12" sq. Set of Four	KG-78086	$24.95
Hand Towel. 31" L x 20" W. (11 oz.)	KG-64279	$19.95
Bath Towel. 55" L x 27" W. (2 lbs.)	KG-64280	$34.95
Bath Sheet. 70" L x 39" W. (3½ lbs.)	KG-64281	$59.95

THE DRY EYE RELIEF KIT.

Recommended by ophthalmologists, these are the goggles that soothe dry, puffy eyes. The included gel packs are warmed in a microwave and placed inside the goggles to stimulate tear production and the release of beneficial oils from the eyes' meibomian glands, increasing humidity and moisture to relieve dry eyes. The gel packs can also be frozen to reduce swelling and eye puffiness from allergies or lack of sleep. The goggles are ideal for those who suffer from nocturnal lagophthalmos because they form an impervious, 360° seal to prevent air, pollen, and dust from drying out eyes during sleep. The goggles' eye cups are lined with soft foam and the adjustable strap ensures a comfortable, proper fit. Each treatment lasts 10 to 15 minutes. Also includes foam inserts that can be soaked in warm or cool water and used during sleep. Gel packs can be heated up to 50 times and the foam inserts enable 60 uses (additional gel packs and foam inserts available below). 7¼" W x 2¾" H. (8 oz.)

Foam and gel inserts

KG-81967 $49.95

Two Additional Foam Inserts.	KG-81917	$5.95
Four Additional Gel Inserts.	KG-81918	$24.95

THE AUTHENTIC SOUND OASIS MACHINE.

This sound generator creates a customized acoustic environment to promote concentration and relaxation. Offered exclusively by Hammacher Schlemmer, the device plays six different sounds (rain, surf, summer night, stream, wind, and white noise) to ameliorate distracting noise in a busy home, noisy office, or a hotel room in a bustling city. Unlike other machines with fake, computer-generated sound, this model uses authentic sounds recorded at the source and they can be set to play continuously or for 30, 60, or 90-minute intervals. Additional sound cards are available below. With digital alarm and headphone jack. Runs on included AC adapter or four AA batteries. 6¾" H x 6¼" W x 2" D. (1½ lbs.)

KG-77174 $69.95

Rhythms of the Sea Sound Card. Includes crashing waves, surf, ocean breeze, ocean rain, and harbor swell.
KG-77162 $19.95

Sounds for Sleep Sound Card. Includes fan, airplane, train, air conditioner, highway, and vacuum cleaner.
KG-77169 $19.95

Wilderness Journey Sound Card. Includes thunderstorm, forest rain, waterfall, loons, wind, and bonfire.
KG-77170 $19.95

White Noise Sound Card. Includes white noise, pink noise, brown noise, gray noise, white rain, and white stream.
KG-82473 $19.95

THE ODOR AND VOC ELIMINATING AIR PURIFIER.

This is the air purifier that uses patented filter technology to remove odors and airborne volatile organic compounds (VOCs). The nano-scale material in the filter, if laid flat, would have the surface area of two badminton courts, helping it capture more than 99% of micron-sized organic particles in a room. The purifier breaks down molecules that carry odor or bear VOCs, the toxic airborne chemicals emitted by many common household synthetics such as carpets, varnishes, and cleaning agents. A numeric display indicates the level of VOCs present and continues to count down as the air purifier removes them; a colored LED provides an indicator of air quality at a glance. The four-speed fan includes a silent mode for quietest operation. For rooms up to 150' sq. Patented filter lasts three years and is easy to replace; the pre-filter is washable. Plugs into AC. 13" H x 2" Diam. (4 lbs.)

KG-83504 $149.95

THE UNDER SEAT ROLLING CARRY ON.

Unlike most rolling carry-ons that have to be hefted into an overhead bin, this model can be rolled from curb to airline aisle, then placed under the seat in front of you. With the handle collapsed, the carry-on is only 15" tall, ensuring unobtrusive storage under most airline seats. Despite its compact size, the carry-on has two side pockets and a 14½" x 11¾" main compartment for storing a weekend's worth of clothes. A padded front pocket holds a 13" laptop or tablet, and the top compartment can be unzipped to expand an extra 3". Ballistic nylon case with self-mending zippers and inline skate wheels. 15" H x 16" W x 10" D. (7½ lbs.)

KG-78076 $119.95

Fits beneath airline seat

THE BEST DIGITAL CAMERA BINOCULARS.

These digital camera binoculars earned The Best rating from the Hammacher Schlemmer Institute because they provided the sharpest magnification and took the most vibrant photos. The Best model's fully coated 8 x 30 mm lenses and 8X magnification allowed analysts to read six lines of an eye chart from 100' away, far superior to lesser binoculars with which analysts could not read any lines of the chart. A professional photographer evaluated prints of digital images taken by each model, and The Best unit's 12 megapixel camera captured photographs that were "brighter with more detail and true-to-life color" than the blurry photos taken by lesser models. The Best Digital Camera Binoculars' superior features include a built-in video camera that captures HD video at 1,280 x 720 resolution and an SD card slot that supports up to 32 GB memory cards. The Best Digital Camera Binoculars' superior features include HD video capture at 1,280 x 720 resolution and an SD card slot that supports up to 32 GB memory cards. Requires three AAA batteries. 5¾" L x 4¼" W x 2" H. (2 lbs.)

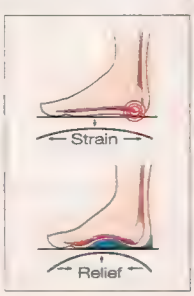
KG-83270 $279.95

THE LADY'S PLANTAR FASCIITIS SANDAL.

These are the lightweight sandals that help to combat the effects of plantar fasciitis with a stabilizing orthotic footbed that realigns feet to a neutral position. Recipient of the prestigious American Podiatric Medical Association's Seal of Acceptance, the sandals are built with a podiatrist-designed, shock-absorbing EVA midsole that provides arch support while aligning the feet into a natural position for those who over-pronate—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. The soft, woven toe post and jersey neoprene-lined polyurethane strap ensure comfort while the durable TPR outsoles' non-slip pattern ensures reliable footing. The orthotic footbeds provide optimal comfort and support when the sandals are worn for at least a few hours per day over the course of two weeks. Women's sizes 5-11. Whole sizes only. For women's half sizes, order the next size down. White, Gold, or Pewter. (1½ lbs.)

KG-82259 $69.95

Orthotic footbed realigns foot



THE OPTIMAL POSTURE OFFICE CHAIR.

This is the office chair that provides chest or back support to help maintain optimal posture. Developed with doctors from the Wooridul Spine Hospital, the chair has a chest rest that provides support as you lean in toward a keyboard or desk, preventing back strain caused by hunching over. The rest swivels 180° for use as a backrest that shifts the shoulders back and chest outward, encouraging the curved, proper posture that reduces back strain. The seat's pelvis support has a gentle forward slope that shifts the pelvis forward and raises the buttocks above the knees, resulting in semi-standing posture that discourages slouching—a major cause of back discomfort. The sides of the seat are also sloped, spreading the knees apart (hip abduction) and keeping the pelvis upright to reduce stress on the back, shoulders, and neck. The chair has six casters, its legs have built-in footrests, and the seat is tilt and height adjustable. 38½" H x 18" W x 17" D. (44 lbs.)

KG-83382 $499.95 ($40)

Chest rest swivels 180°

THE BEST CIRCULATION ENHANCING TRAVEL SOCKS.

These circulation-enhancing socks earned The Best rating from the Hammacher Schlemmer Institute because they provided the most accurate compression and were the most comfortable. The socks were analyzed by a hosiery compression-testing center and The Best socks provided the most accurate, proper compression that was tighter around the ankle and 87% looser at the calf, unlike lesser socks that actually increased compression by 42% at the calf. Panelists wore the socks for eight hours and The Best socks were lauded for being "very light" and they "never felt itchy" unlike lesser models that were "very itchy" or "too tight." The Best Circulation Enhancing Travel Socks are made from a breathable, antibacterial polyester blend that wicks away moisture and keeps feet cool and dry, leading one panelist to say "My feet stayed dry all day even though I was wearing boots." Machine wash and dry. Black or Brown. Sizes S (Men's 5-7½; Women's 6-8½), M (Men's 8-10; Women's 9-11), L (Men's 10½-13; Women's 11½), XL (Men's 13½-15).

KG-83298 $29.95

THE VOICE ACTIVATED R2-D2.

This motorized replica of the headstrong little "droid" from the iconic *Star Wars* films responds to voice commands, navigates rooms and hallways, and makes any home feel like it has been transported to a galaxy far, far away. R2 obeys more than 40 voice commands ("Turn around!", "Move forward two units!") and he plays games like tag, using an infrared sensor to search for people in a room. His sensor helps him follow behind you, or it can be set to detect motion, turning R2 into a room sentry that sounds an alarm when a secured area is invaded. R2's lights, swiveling dome top, and distinctive happy and sad sounds faithfully mimic the real thing, right down to his occasional "bad mood." (A simple command of, "R2, behave yourself!" snaps him out of it.) R2 can also replay sounds and dialog from *Star Wars* movies, answer yes-or-no questions, and dance while playing the famed cantina music. Requires four AA batteries and four D batteries. Minor assembly required. Ages 8 and up. 15" H x 7½" W x 10½" L. (6 lbs.)

KG-77944 $199.95

THE RADIATION DETECTING WATCH.

This is the tactical watch that includes a radiation detector for sensing harmful ionizing radiation. Designed by a supplier of timepieces worn by U.S. military personnel, the watch's integrated Geiger-Müller tube measures single-dose gamma ray levels, as well as cumulative exposure. The ultrasensitive detector tracks dose equivalents—a measure of tissue damage caused by radiation—from 0.0001 to 9999 millisieverts (mSv), and the dose equivalent rate up to 4000 microsieverts per hour (μSv/h). Users can set their minimum radiation threshold, up to 9999 mSv, and an alarm will sound when this level has been reached. Radiation levels are displayed graphically and can also be shown in the electroluminescent backlit digital display, which can be switched between dose equivalent rate, accumulated dose, and the time. The watch has an accurate Swiss quartz movement, with time shown via luminescent analog hour, minute, and second hands. The watch has a durable ultra-lightweight Titanium case, an anti-reflective sapphire crystal, and is water resistant to 330'. Lithium CR2032 battery lasts up to five years. The rugged nylon band fits wrists up to 9" in circumference. Watch face 1¾" Diam. x 3/4" D. (3¾ oz.)

KG-12169 $1,500 FD

For 30 years, the Hammacher Schlemmer Institute has performed extensive comparison testing of leading products to determine **The Best.**

Removable hot/cold gel packs

THE HEADACHE RELIEVING WRAP.

Developed by a neurologist, this head wrap helps relieve headaches naturally, eliminating the need for medications. A study published by the Archives of Family Medicine proved that the head wrap alleviated migraine and tension headaches in 87% of patients. The unit straps comfortably to your head and provides a soothing, consistent pressure that gently compresses blood vessels to help relieve migraines. It comes with three reusable gel packs that can be heated or frozen and inserted into the headband to provide relief from throbbing pain. Heat therapy relaxes tense muscles and the cold treatment cools and constricts blood vessels, helping to alleviate tension headaches. The headband is insulated to retain heat and cold and its adjustable strap and Velcro strap keep it in place. One size fits all. 25½" L x 3¾" H x 1" D. (12¾ oz.)

KG-76528 $49.95

THE EYE FATIGUE PREVENTING READING GLASSES.

Infused with melanin, these magnifying reading glasses prevent eyes from tiring as you read or view a computer monitor. By age 65, eyes lose about 50% of their reserves of melanin, the pigment that gives eyes their color, protects from UV damage, and reduces glare naturally. The synthesized melanin in the lenses compensates for aging eyes' increased sensitivity to glare by filtering out not only ultraviolet light, but also "high-energy visible" blue/violet light, the next most damaging part of the light spectrum. And though the lenses appear to be tinted, they in fact enhance the perception of true color by removing scattered blue light while improving contrast, as naturally occurring melanin does. The lenses are treated with a scratch-resistant coating for long life and are supported by a nylon wire on the bottom that reduces overall weight. The stainless metal alloy frame features adjustable nose pads, integrated spring temple hinges. Not available for shipment in New York. Specify magnification: 1.25, 1.5, 2.0, or 2.5. 1⅛" H x 5½" W. (5 oz.)

KG-78347 $49.95

THE PET RAMP AND STAIRCASE.

This pet staircase converts into a ramp in seconds, providing a means for older or arthritic pets to reach sofas or beds without exerting undue stress on joints and muscles. The steps fold down to form a 30° ramp that allows pets to ascend and descend safely. The stairs are lined with 3/8" non-slip carpet that is soft on paws yet enables confident footing. The stairs are 16" W x 12" D and the durable pine frame supports up to 130 lbs., ensuring a stable platform for full-grown canines or husky felines. The legs fold down for ease of storage. 40" L x 17½" W x 19¼" H. (25 lbs.)

Folded

KG-79687 $199.95

THE THINNEST 20 CARD WALLET.

Doubling the number of cards that can be carried in a typical wallet, this is the thinnest leather wallet that can store up to 20 cards. Its patented twin pair of nested pockets places cards in a flat, efficient side-by-side arrangement, eliminating the excessive bulk present in common wallets. Two additional slots in the interior hold cash and receipts. Perfectly balanced with five cards per pocket, the wallet folds to a thickness no greater than 1/2" and the break between the two pairs of card slots allows it to flex naturally when in a pocket while sitting. Handmade in the U.S., the wallet is made with both a soft, full-grain cowhide leather interior and exterior. 5" L x 3¾" W x 1/4" D. (8 oz.)

1/2"-thin wallet holds as many cards as bulky billfolds

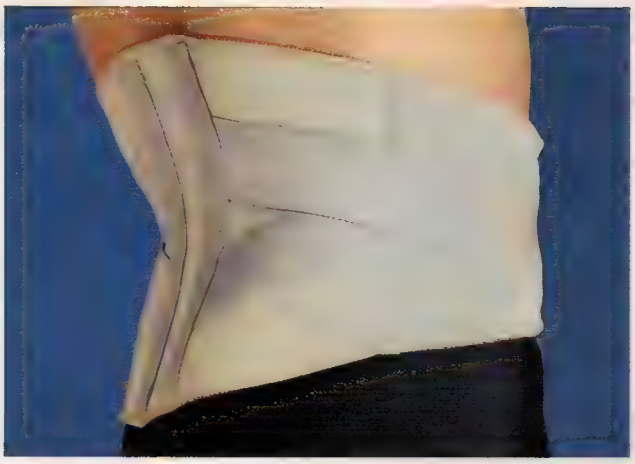
KG-81251 $79.95

Folds to 6" D

THE FOLD AWAY DESK.

This is the portable laptop desk that makes an instant workspace or tabletop, then folds to just 6" wide for unobtrusive storage in a closet or under a sofa. The desk deploys easily without tools by simply spreading apart its frame and flipping the hinged top from a vertical to a horizontal position. A latch on the frame locks in place to ensure stability. The desk rolls with ease when open or collapsed on swiveling wheels, two of which lock. The desk has a 22¾" W x 16" D top of 3/4" thick engineered wood, and a powder-coated steel frame that supports up to 100 lbs. Deployed: 30" H x 22¾" W x 17" D. (23 lbs.)

KG-83355 $99.95



THE COMFORTABLE COMPRESSION LUMBAR WRAP.

This is the lumbar wrap that exerts a gentle yet effective compression to provide support and help relieve back discomfort. The wrap contours to the body and the integrated straps allow you to adjust the level of compression to ensure proper support and optimal comfort during daily wear or while you sleep. The wrap is made from a material that increases subcutaneous temperature by up to 3° F and facilitates blood flow, helping to reduce swelling, improve mobility, and reduce pain in the back. Two stays encourage proper posture and support the natural curvature of the spine. The wrap's lining wicks away moisture and allows the skin to breathe to ensure comfort during extended wear. Specify waist size: S (27½-31¾), M (32-35½), L (35¾-39½), XL (39¾-44), or XXL (44¼-48½). (5 oz.)
KG-81600 $59.95

THE TEMPERATURE REGULATING MATTRESS TOPPER.

This is the mattress topper that prevents overheating and chills using a fabric originally developed for NASA to help astronauts adapt to extreme temperature shifts. Exclusively available from Hammacher Schlemmer, the topper contains millions of invisible microcapsules that absorb excess heat from your skin when you are hot and release that stored warmth when you are cold, creating the optimal sleeping environment. The topper requires no electricity or wires, and it adjusts independently to each individual's climate, so two sleepers will remain comfortable all night. The topper is filled with 16 to 19 oz. of plush polyester fiberfill, depending on its size, and stitched with a baffled box construction that adds loft and durability. The top layer is stitched from soft 300-thread-count cotton sateen. Spot or dry clean.

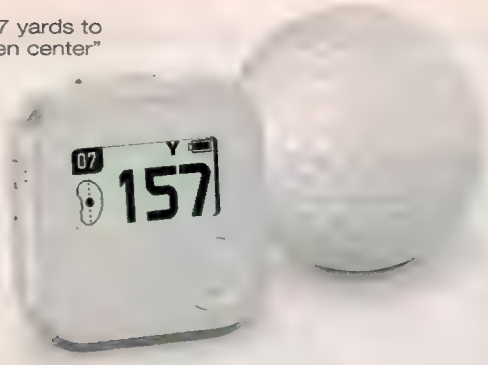
Queen. 80" L x 60" W x 3" D. (15 lbs.) KG-82676 $299.95
King. 80" L x 78" W x 3" D. (18 lbs.) KG-82677 $349.95

THE SINUS RELIEF SYSTEM.

This device painlessly decongests sinus cavities to improve your breathing and mitigate sinus discomfort without medication. Developed by an ear, nose, and throat specialist, the system uses the same principles as *jala neti*, a millennia-old Indian yogic tradition in which a neti pot is used to pour a saline solution through nasal passages, removing mucus build-up caused by allergies, colds, the flu, or sinusitis. More effective than *jala neti* and painless, the unit delivers a gentle, low-pressure pulsating stream of saline that irrigates sinuses. Clinical tests proved the pulsating stream facilitates the movement of sinus cilia—microscopic "hairs" that move like oars to rid sinuses of mucus—that are slowed by post-nasal drip and sinusitis. Fill the reservoir with warm water and the included saline mix (or table salt), place your head over a sink, and insert the wand's nozzle inside a nostril. The solution flows in one nostril and out the other, removing nasal impurities in the process. Use once a day for one to two minutes. Plugs into AC. 7" H x 6¾" W x 5¾" L. (3 lbs.)
KG-77024 $99.95

THE BEST TOASTER OVEN.

This toaster oven earned the highest rating from the Hammacher Schlemmer Institute because it quickly cooked pizza and cookies and maintained a constant cooking temperature. Also described by *The Wall Street Journal* as capable of doing "just about everything we use the oven for," The Best Toaster Oven's internal temperature varied only 2.89° F when measured at different locations within the oven when set to 400° F, far superior to lesser units that varied as much as 65° F and burned different areas of food, such as the back of a pizza. The Best model has nine settings—the most of any oven—designed for specific foods (pizza, bagel, cookies). It suggests ideal cooking temperatures and times for each foodstuff and automatically adjusts the heat for optimal results. The 1,800-watt oven broils, cooks with convection, and defrosts at the touch of a button, its easy-to-read LCD shows temperatures and cooking times, and the 0.8 cubic foot interior accommodates a 12" pizza or six pieces of toast. 10¾" H x 18½" W x 12½" D. (21½ lbs.)
KG-77058 $249.95



THE DISTANCE CALCULATING TALKING GOLF CADDY.

This is the palm-sized GPS unit that verbally tells golfers how far they are from the green to help improve club and shot selections. The device automatically recognizes the golf course and hole you are playing from its pre-loaded database of 35,000 courses. With a press of a button, the GPS announces the remaining distance to the front, back, or center of the green in a clear female voice—accurate to within nine feet—as the data is simultaneously displayed on its monochrome LCD screen. It can also measure the length of drives. Small enough to clip unobtrusively to a visor, belt, or golf bag, the device can speak in one of eight languages. No subscription required; up to 5,000 additional golf courses can be downloaded from the manufacturer's web site. Operates for nine hours after a two-hour charge using the included USB/AC adapter. 1¾" H x 1¾" H x 1/2" D. (1 oz.)
KG-83217 $179.95

THE ALLIED VICTORY SIDECAR MOTORCYCLE.

This is the Ural-T sidecar motorcycle credited with helping the Russian army to achieve victory on the East Front during World War II. Regarded as a reliable workhorse by reconnaissance troops for tackling Russia's unforgiving terrain and climate, it is now considered by enthusiasts to be the historical apex of the classic sidecar motorcycle. Still produced east of the Ural Mountains in Russia, it is updated with modern components for roadworthy cruising. Its electric starter (or kick starter for purists) starts its air-cooled, flat-twin 749cc engine, producing 40 hp for comfortable cruising along scenic routes up to 65 mph; its 5-gallon tank provides up to a 165-mile range. Its five-speed transmission (four forward and one reverse), adjustable twin hydraulic spring shock rear suspension, and front disc and rear drum brakes provide easy foot shifting, smooth rides, and confident stops. The single-wheel, all-steel detachable sidecar ensconces passengers in comfort with a padded vinyl seat and chassis-mounted shock absorbers; its trunk provides 3' cu. of storage. Supports up to 580 lbs. of total payload. Black with maroon pinstripe. Special conditions and guarantee limitations apply. Please call 1-800-227-3528 for details. 8½' L x 5½' W x 43¾" H. (705 lbs.)
KG-11888 $10,000 FD

THE SANDLESS BEACH MAT.

Developed for military use, this is the beach mat that is impossible to cover with sand. Used in military applications to contain sand and dust when helicopters land and take off, the mat is made from two layers of patented woven polyurethane that instantly filter sand to the beach as soon as it falls on its surface. The specially woven polyurethane acts as a one-way filter to prevent sand from reemerging through the bottom of the mat. The 36' sq. mat also eliminates dirt, dust, and water from its surface, ensuring a perpetually clean outdoor expanse for camping or watching a concert. The rip-stop polyurethane construction resists abrasions from outdoor furniture or pets, the bound edges remain flat, and the mat won't absorb moisture, preventing mold and mildew. Metal D-rings accommodate ground stakes (not included). Blue or Orange. 6' W x 6' D. (3¾ lbs.)
KG-81157 $59.95

Sand filters through mat

Beach tote

Four Person Beach Mat. 10' sq. (9 lbs.) KG-82212 $99.95

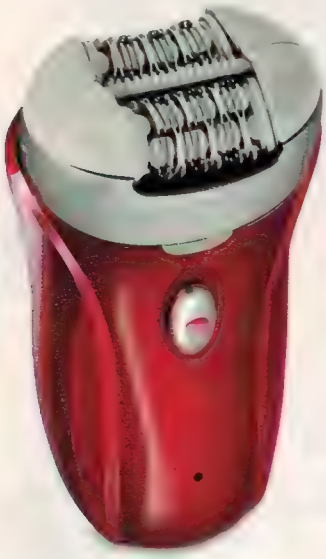
The Sandless Beach Tote. Sand filters through bottom and will not reenter. 15" H x 17" W x 7½" D. (1 lb.) KG-82367 $29.95

THE COMPACT VIBRATION TRAINER.

This is the compact vibrating toner that improves muscle strength and balance. Proven to help increase bone density, regular 10-minute sessions of vibration training have also been shown to improve the strength of the hip flexors, ideal for maintaining balance and posture. Its vibrating platform oscillates at five frequencies between 30-45Hz, a range shown in medical studies to improve blood and lymphatic fluid circulation. The textured platform freely rotates 360° to open the hips, shoulders, and rib cage, and combined with isometric movements, such as tightening the abdominals, and the included resistance bands, the trainer assists in toning muscles and burning fat without the microtrauma associated with typical weight workouts. Supporting users up to 220 lbs., the platform enables seated or standing use while holding onto the vibrating handles (handles can also be removed for operation using the handheld infrared remote). An included booklet of exercises targets massage, relaxation, balance, flexibility, and muscle conditioning. Plugs into AC. 16½" L x 17" W x 41" H. (12½ lbs.)
KG-83417 $299.95

THE MOST EFFICIENT EPILATOR.

This is the epilator that removes hair in a single pass. Seventy-two tweezers—the most of any epilator—remove up to twice as much hair as lesser models, reducing time spent epilating and mitigating discomfort. The epilator lifts flattened or short hair (down to 0.4 mm) so the tweezers remove them at the root, preventing ingrown hairs and leaving skin smooth for up to six weeks. Dual, counter-rotating heads gently hold the skin taut and glide easily across the skin, minimizing irritation. The two-speed epilator's streamlined, 1½"-deep design enables use along bikini lines and underarms, and its gentle operation is ideal for use on the upper lip and chin. Includes a cleaning brush and storage pouch. Plugs into AC.



5" H x 3" W x 1¾" D. (5½ oz.)
KG-78818 $99.95

For 30 years, the Hammacher Schlemmer Institute has performed extensive comparison testing of leading products to determine **The Best.**

THE EVAPORATIVE MIST INDOOR FAN.

This is the indoor fan that produces a dry evaporative mist for enhanced cooling without dampening surfaces. The fan generates gentle ultrasonic vibrations that create microdroplets of mist that feel dry to the touch and evaporate instantly, creating a fan-driven, cooling mist. Ideal for use in dry, hot climates, the device circulates the cooling mist up to 1,600 cubic feet, its louver rotates 360° for targeted cooling, and its 1½-liter tank produces up to nine hours of mist before needing to be refilled. The fan has three speeds, casters that enable easy relocation, and the mist can be turned off for use as a traditional fan. With an LED display, remote control, built-in timer, and a removable water tank. Remote requires two AA batteries. 31" H x 15¾" W x 7½" D. (16½ lbs.)

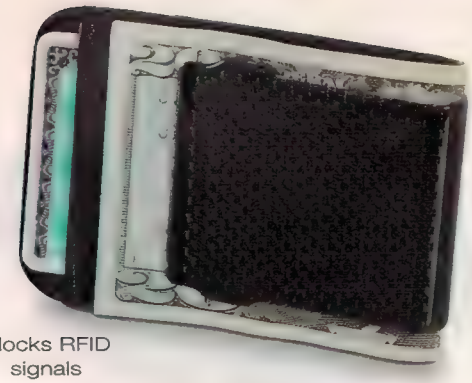
KG-82412 $179.95

THE BEST CORDLESS HAND VACUUM.

This cordless hand vacuum earned The Best rating from the Hammacher Schlemmer Institute because it removed debris the fastest and had the most convenient features of any model. The Best model suctioned cereal from a tiled floor in 8 seconds and table salt from carpet in 13 seconds, far superior to lesser hand vacuums that required 15 seconds and 27 seconds, respectively. The Best model has a robust 18-volt NiCaD battery that generated optimal power for vacuuming soil from vinyl floors 40% faster than lesser vacuums with 15.6-volt batteries. The Best model's rechargeable battery provides up to 16 minutes of continuous vacuuming and its superior features include a motorized brush for removing stubborn detritus, a crevice tool, a washable filter, and a wall-mountable charging station. Recharges in 16 hours via AC. 18⅜" L x 7½" W x 8" H. (6 lbs.)
KG-83394 $69.95

THE INFANT'S SLEEP SOUND LAMB.

Winner of a Creative Mind Magazine Preferred Choice Award for Creative Toys, this is the plush lamb that generates four different sounds to lull infants to sleep. It re-creates the sound of a mother's heartbeat heard within the womb, a gentle rain shower, the calming sounds of ocean surf, and the harmonic sounds of whale song. You can control the volume, and each sound may be set to turn off after 23 or 45 minutes. The lamb attaches to a crib, co-sleeper, or bedpost with a hook-and-loop fastener. Child-safe, it is made of non-toxic and hypoallergenic polyester that can be spot-cleaned. Includes two AA batteries. Newborns and up. 10½" H x 8½" W x 6" D. (1¼ lbs.)
KG-75864 $29.95



Blocks RFID signals

THE CARBON FIBER MONEY CLIP.

This is the money clip made from carbon fiber that blocks credit cards from radio signals. The latest identity theft technique, radio frequency hacking attempts to read personal information from newer credit cards. Made from featherweight carbon fiber—the same resilient material used in the aerospace industry with strength five times that of steel—the clip blocks most radio signals, keeping cards and IDs safe from unauthorized access. The included leather wallet's six slots hold up to 10 cards or IDs and has a 3" L x 2½" pocket for receipts while the flexible clip, which will never weaken or break, steadfastly secures up to 20 bills when placed over the top. Ideal as an unobtrusive front pocket wallet. 2¾" L x 3¾" W. (1 oz.)

KG-82994 $149.95

THE ALL DAY FITNESS WATCH.

This is the watch that tracks resting heart rate, calories burned, and overall activity and rates your fitness. The device compares your current resting heart rate to the average reading from the past week and assesses a fitness score. As fitness improves, resting heart rate decreases (athletes average 49-59 BPM) and the fitness score allows you to track progress and set goals. An integrated accelerometer detects all movement, enabling the watch to automatically track how much time you spend moving each day and calculates calories burned from exercise and daily activities. Also ideal for exercising, the watch provides heart rate readings simply by touching the face and it has a pedometer, chronograph, and countdown timer. The timepiece also displays the date and has an alarm. Stainless steel bezel and polyurethane band. Splash-resistant. Face: 1½" W x 2" L. (4 oz.)

KG-83287 $99.95

THE iPAD ADJUSTABLE FLOOR STAND.

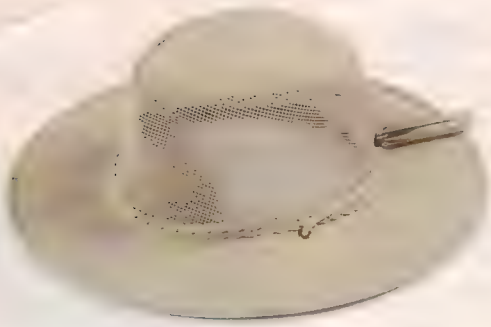
This is the iPad floor stand that telescopes, tilts, and swivels to hold the device at any position for optimal comfort. Four bungee cords on the platform hold an iPad or a similar device inverted over your face while you lie down or sit supine in a lounge chair, eliminating the need to hold the device in awkward positions and leaving hands unencumbered to navigate apps. The stand telescopes from 30" to 53" high, yaws, and rotates 360°, providing customizable comfort whether you are reclined, seated upright, or standing. The stand can be placed next to a chair or couch while keeping the iPad in your line of vision, and the four casters enable quick relocation. Also ideal for holding a device while you are exercising, cooking, or performing hobbies, the stand adjusts to also hold a Kindle, Nook, or other tablet computers. Minor assembly required. 30"-53" H x 13" sq. (30 lbs.)

KG-81565 $179.95

THE REMOTE CONTROLLED ADJUSTABLE INCLINE MATTRESS WEDGE.

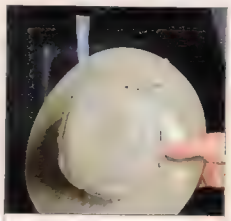
This is the bed wedge that with the touch of a button allows you to adjust the incline of your mattress to your preferred angle of comfort. Made from durable, heavy-gauge PVC with heat seal-welded double seams for added strength and interior baffles for stability, the wedge fits between a box spring and a mattress. The tethered remote's simple three-button operation inflates the wedge to raise the entire head of a mattress up 26" to a 45° angle, ideal for reading or watching TV. It can also deflate the wedge to lesser angles for facilitating sinus drainage, suppressing snoring, or ameliorating heartburn. A third button opens the air valve to flatten the wedge completely in seven minutes. Supports up to 1,000 lbs. Plugs into AC.

King. 72" wide. (10¼ lbs.)	KG-83233	$199.95
Queen. 56" wide. (9 lbs.)	KG-83248	$179.95
Full. 50" wide. (8 lbs.)	KG-83449	$159.95
Twin. 36" wide. (7 lbs.)	KG-83484	$129.95



THE EVAPORATIVE COOLING BRIMMED HAT.

This is the hat that uses evaporation to keep your head up to 30° F cooler than outside air temperature. The hat works by first running it under cool water and shaking off the excess. Its 100% polyester microfiber suede conducts body heat outward, while retaining the cool water and releasing it slowly through evaporation, cooling your head. Its ventilated crown also provides cooling. With a suede cinch and braided cord around the wide 3" brim. It also provides a sun protection rating of UPF 50+—the highest possible—and its wide 3" brim protects your face and neck from the sun's harmful UV rays. Sizes M (hat size 7-7⅛; head circumference 22½"), L (7¼-7⅜; 23¼"), XL (7½-7⅝; 24"), or XXL (7¾-7⅞; 24⅞"). Imported. Khaki. (2 oz.)



Water saturation provides evaporative cooling

KG-76559 $39.95

THE BEST COMPACT ZOOM BINOCULARS.

In tests conducted by the Hammacher Schlemmer Institute, these compact binoculars delivered the best combination of image quality, ease of use, and durability. Analysts were able to clearly view eight of ten rows of an eye chart from 200' away using The Best model, but were only able to see five rows of the eye chart with lesser binoculars. The Best Compact Zoom Binoculars had the easiest to adjust diopter and they were the only model with a tripod mount that's ideal for watching birds for extended periods. In durability tests, the binoculars' lenses stayed fog-free in sub-freezing temperatures, and their grip-enhancing rubberized coating prevented damage after repeated drops from a height of 3'. The binoculars' 21mm objective lenses produce up to a 261' field of view at 1,000 yards and they have fully multi-coated lenses and a Bak-4 prism system, providing 8X to 16X magnification that remains sharp and bright at any distance. 2¼" H x 4½" W x 4½" D. (11 oz.)

KG-78650 $129.95

THE iPAD WIRELESS KEYBOARD TOTE.

This is the iPad carrying bag that includes a Bluetooth keyboard. Exclusively available from Hammacher Schlemmer, the padded case doubles as a mobile workstation. One side of the zippered tote holds an iPad, secured with elastic corner straps, while the other side holds the keyboard, which connects wirelessly via Bluetooth. The full-sized keyboard has high-profile, widely spaced keys that simplify typing. An easel stand on the outside of the tote props an iPad up horizontally, so it can function with the keyboard like a traditional laptop for easy working, chatting, or movie-viewing. Constructed of rugged ballistic nylon, the tote has an external zippered pocket and a soft ultrasuede interior that protects an iPad from scratches. With removable padded wrist rest, leather-trimmed handles and zippers, and removable shoulder strap. Keyboard requires two AA batteries. Black. 13½" L x 8½" W x 2½" D. (2 lbs.)

KG-82384 $99.95

THE EASY DEPLOY FIRE ESCAPE LADDER.

This is the fire escape ladder that deploys easily from its storage box to a length of 14'. Unlike inferior ladders that require assembly or become tangled when extended, this ladder comes ready for use and folds compactly into its box for convenient storage. Its large, non-slip rectangular rungs provide sure footing, unlike lesser models that use slippery, rounded rungs. Fire-resistant nylon strapping connects each rung, making it more comfortable to grasp than chains or ropes. The ladder's rubber-tipped standoffs provide an easy foothold without damaging a home's exterior. Made from strong steel, it supports 375 lbs., exceeding ASTM safety standards, yet it is still lightweight enough for children or the elderly to use. For use in two story residences. Fits 6"- to 10"- wide sills. 12" W x 12' L x 5" D. (13½ lbs.)

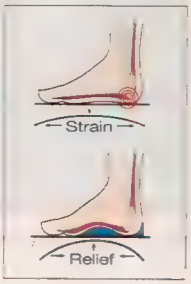
KG-78110 $59.95

Three-story Ladder.
12" W x 24' L x 5" D. (21 lbs.)
KG-82854 $109.95

THE TIGHTER GRIP MONEY CLIP.

Unlike lesser metal money clips that expand after repeated use, this money clip has a hinged clamp that will never lose its tight grip on money or credit cards. Similar to a binder clip, the mechanism locks into place as it clamps, enabling it to hold a single bill as tightly as it secures 20. The accompanying cabretta leather wallet is only 1/8" thick, allowing unobtrusive storage in a front pocket, yet its four pockets and center storage slot accommodate up to 10 credit cards, as well as receipts, photographs, and business cards. Made from zinc alloy with a silver-plated finish. 2⅜" H x 4" L x 1/2" D. (3/4 oz.)
KG-81443 $79.95

Custom Engraving. Three-character limit. Phone orders only.
KG-71838 $9.95

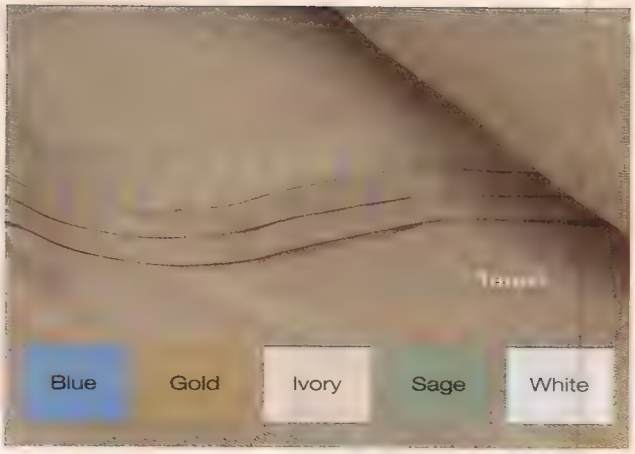


THE GENTLEMAN'S PLANTAR FASCIITIS SPORT SANDALS.

These sports sandals help to combat the effects of plantar fasciitis with a built-in, podiatrist-designed orthotic footbed. The deep heel cups are molded into the sandals' shock-absorbing, triple-density EVA footbeds, providing cushioning for the heel and forefoot while aligning the feet into a natural position. A medical study confirmed that participants who wore the sandals experienced a decrease in pronation. The resilient outsoles are made from rubber molded with a slip-resistant pattern. Flexible leather uppers with hook-and-loop fasteners. Chocolate or Black. Men's whole sizes 7-13. For half sizes, order the next size down. Medium width. (6 oz.)
KG-81882 $109.95

Sport Flip Flops.
As above; with single toe post. Khaki or Black. Men's whole sizes 7-13. (6 oz.)
KG-83360 $89.95

Sport Slides. As above; hook-and-loop fastener over the top of foot. Gray or Black. Men's whole sizes 7-13. (6 oz.)
KG-83361 $79.95



THE 1,500 THREAD COUNT SHEETS.

These mercerized Egyptian cotton sateen sheets are the most luxurious available because they have 1,500 threads per square inch for a noticeably smooth hand, an elegant drape, and a lustrous finish. The sheets are woven from 1,500 threads of the finest quality one-ply yarn from Egyptian cotton fibers, which are 30% longer than other cotton varieties, resulting in cloth that is more durable, more colorfast, smoother, and more comfortable. Sheet sets include a fitted sheet oversized to fit 19"-deep mattresses, two standard (Queen) or King pillowcases (King/California King) with double-pleated hems, and an oversized flat sheet with 4" solid-cap double-pleated hems. Duvet cover sets include a cover and two pillow shams. The sheets become softer with every machine washing. Imported. Specify Blue, Gold, Ivory, Sage, Taupe, or White.

Queen Set. (8 lbs.)	KG-75391	$319.95
Queen Duvet Cover Set. (8 lbs.)	KG-75416	$319.95
Two Standard Pillowcases. (2 lbs.)	KG-75392	$59.95

King Duvet Cover Set. (9 lbs.)	KG-75415	$329.95
Two King Pillowcases. (2 lbs.)	KG-75390	$64.95
California King Set. (11 lbs.)	KG-82266	$349.95
California King Duvet Cover Set. (12 lbs.)	KG-82267	$349.95

THE ARTHRITIS PAIN RELIEVING GLOVES.

This pair of gloves stimulates blood circulation in the hands, promoting relief from arthritic pain while you perform your daily routine or while you sleep. The gloves exert a gentle compression and are lined with a patented material that facilitates blood flow throughout the hands to reduce swelling, improve the mobility of joints and ligaments, and help relieve arthritic pain. A study by the University of Technology in Sydney, Australia showed the gloves provided "considerable relief" or "total relief" of pain in 83% of patients. The gloves wick away moisture and allow hands to breathe to ensure comfort during extended wear. The gloves leave your fingertips exposed and are made from a flexible material, allowing you to grasp objects or dial a phone while maintaining tactility. For proper sizing, measure the circumference of your hand around the knuckles. Specify unisex sizes XS (6"-6¾"), S (7"-7¾"), M (8"-9"), L (9¼"-10½"), XL (10¾"-11½"), XXL (11¾+).
KG-77057 $49.95

THE ORGANIZED READER'S BOOKSTAND.

This bookstand's six open shelves keep reading material organized and easily accessible. The bookstand helps reduce clutter and holds enough newspapers, magazines, and books to sate even the most voracious reader. The shelves are open on two sides, allowing you to easily stack or remove reading material. Despite its large storage capacity, the bookstand requires only 1½' sq. of floor space. Made from birch veneer with a mahogany finish. The bookstand is finished on all sides. Requires assembly. 31" H x 15" W x 15" D. (30 lbs.)
KG-83403 $199.95

The Reader's End Table. As above, but with four open shelves. 21" H x 15" W x 15" D. (25 lbs.)
KG-83407 $149.95

THE BEST SWIM GOGGLES.

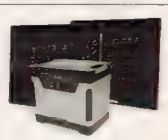
These swim goggles earned The Best rating from the Hammacher Schlemmer Institute because they provided superior suction and leak resistance. A panel of swimmers lauded The Best Swim Goggles for creating a "complete watertight seal" and "not allowing any leakage after 10 laps," unlike lesser models that "began to leak after only two laps." The Best model "fit the contours of my face like a glove" and were "easy to slip on and off," unlike lesser goggles that "had to be readjusted several times" and pulled hair when they were put on or taken off. Unlike other goggles that were "difficult to adjust," The Best Swim Goggles have a button that quickly loosens or tightens the strap, leading a panelist to laud the design as "the best experience I've ever had with goggles." The Best Swim Goggles have tinted polycarbonate lenses that block UV rays and filter 100% of blue light to mitigate distortion and improve depth perception and contrast. 7¼" W x 1¾" H. (2½ oz.)
KG-81206 $24.95

THE COMPACT CORE EXERCISER.

Using no electricity, this is the compact trainer that simulates cantering on a horse to strengthen and tone the core muscles. Exercisers sit on the padded saddle, rest their feet on a rubberized bar, and shift their weight backward to put the device's drivewheel in motion. As the saddle rotates at a moderate 40 rpm or less, it requires the rider to engage lumbar muscles, abs, glutes, and thighs, building core strength to help prevent back injuries and improve balance and posture. A 10-minute session can burn as many calories as 100 situps or a one-hour walk. Because it doesn't require a power cord, the device can be used anywhere, and it weighs half as much as many core trainers, allowing it to be moved easily between rooms or stowed away between workouts. The seat and footrest can be raised or lowered. Supports up to 250 lbs. Assembly required. 35" L x 15" W x 10" D. (35 lbs.)
KG-82763 $249.95

THE SOLAR POWER GENERATOR.

This is the generator that is powered by the sun and provides emergency electricity for any home appliance. Unlike noisy gas or propane generators that produce noxious fumes, this advanced model is silent and provides zero-emission back up power without relying on volatile fuels. When fully charged, the 1250-watt battery powers a refrigerator for up to two days, a television for 35 hours, or a laptop for up to 30 hours. Two 30-watt monocrystalline solar panels charge the generator to full capacity in 20 to 40 hours and they connect to the unit via 8'-long cords, allowing the generator to be used indoors while the solar panels collect sunlight outdoors. An integrated LCD panel shows the wattage coming into and going out of the generator and displays the amount of power left in the generator's battery. Up to eight solar panels (two included; additional panels sold below) connect to the generator at once to accelerate recharging or provide endless power to a refrigerator or any appliance. Also recharges via AC in 16 hours to ensure preparedness before a power failure. 16" L x 11" D x 14½" H. (103 lbs.)
KG-82949 $2,000



Includes two solar panels

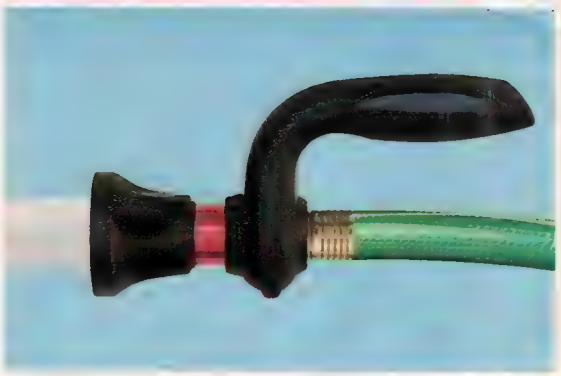
Additional Solar Panel. Each panel generates up to 30 watts per hour; eight panels will power a refrigerator indefinitely. 21" H x 18" W x 1" D. (6½ lbs.) KG-82804 $239.95

THE SUPERIOR SOFTNESS SPA WEAR.

Favored for after-workout wear in international spas, this is the apparel that is exceptionally comfortable due to its softness, yet renowned for its durability. Only available from Hammacher Schlemmer, the wear is made from 55% rayon (bamboo) and 45% nylon, fibers that repel stains and will not shrink, providing a reliable fit year after year. Rayon, made from bamboo—one of the world's hardest woods (its tensile strength exceeds that of steel)—lends a resiliency to the cloth that withstands repeated wearing and washing for a lifetime of use. The environmentally-friendly clothing is also breathable and cool, allowing rapid moisture evaporation after exercise, so the clothing does not become clammy or cling uncomfortably to the skin. Machine washable. Imported. Specify Periwinkle, Sage, or Black. Approximate 31½" inseam for all women's sizes.

Drawstring Pant. Sizes S (4/6), M (8/10), L (12/14), XL (16); plus sizes 1X, 2X, or 3X. (1 lb.) KG-82758 $89.95

Zip Hooded Shirt. Sizes: S (4/6), M (8/10), L (12/14), XL (16); plus sizes 1X, 2X, or 3X. (2 lbs.) KG-82842 $99.95



THE PRESSURE BOOSTING HOSE NOZZLE.

This is the hose nozzle that harnesses the Bernoulli principle of fluid dynamics to increase water pressure. Water velocity is accelerated through a specially designed, narrow channel inside the nozzle, producing a powerful stream or spray that quickly washes away detritus. Manufactured with a stainless steel sprayer, aircraft-grade aluminum shaft, and a vulcanized rubber exterior, the nozzle resists corrosion and withstands the rigors of yard work. The unit produces five spray patterns from a powerful, narrow stream to a broad mist. Rotating the head releases the water, eliminating the need to constantly clutch a trigger, and the offset, ergonomic handle makes it easy to hold and direct the spray. Fits all standard 5/8" hoses. 9" L x 4" W x 2½" D. (6 oz.)
KG-82552 $39.95

THE GENTLEMAN'S PERSONAL BARBER.

Designed for those with closely cropped hairstyles, this electric trimmer allows you to cut your own hair and maintain a clean-cut look. As simple as combing your hair, the trimmer has two bidirectional, curved blades that cut as they move forwards or backwards through your hair while accommodating the contours of your pate. The trimmer adjusts to cut hair to five different lengths (1/8", 3/16", 1/4", 3/8", or 1/2"), or you can cut your hair right to the scalp using the included blade attachment. The device has an integrated, pop-up trimmer for manicuring beards, sideburns, and necklines. Provides 12 three-minute trims after a 16-hour charge. 8¾" L x 6⅛" H x 2½" W. (1⅛ lbs.)
KG-76683 $39.95

THE FRONT POCKET WALLET.

This wallet fits perfectly in a pants' front pocket where it won't tempt pickpockets or cause discomfort as you sit. Cut exactly like the shape of a front pocket, the wallet is curved on one side so that it stores snugly in the contours of the pocket, where it won't create unsightly bulges or wrinkles. The wallet is only 1/4" thin and it's made from soft satin leather that forms gently to the shape of your thigh, so you'll hardly know it's in your pocket. It has three credit card slots, an identification window, and an expansive 10"-long bill compartment that easily accommodates domestic and international currency. Folded: 5" L x 3½" W x 1/4" D. (1¾ oz.)
KG-76590 $49.95

The First Pop Up Toaster
1934: We introduced the first pop-up electric toaster, ideal for use with the culinary innovation of the day: pre-sliced bread.

THE CALLER ANNOUNCING LARGE VIEW TELEPHONES.

Unlike lesser telephones with hard-to-read caller ID displays, these have a large display and an audible feature that announces the names of each caller. The cordless handset has an amplified earpiece that boosts high-frequency sounds up to 30 dB, enhancing clarity, while flashing LEDs visually alert users to incoming calls and new voice messages. The oversized buttons are backlit, and a large LCD with numbers 1½ times larger than standard telephones clearly shows the name and number of incoming calls (base and headset). The base and telephone each have a 200-number memory that can store frequently dialed numbers or emergency contacts at the touch of a button. In the event of power failure, the corded telephone base will retain emergency and speed dialing functions, while allowing incoming and outgoing calls. Operates on the 1.9 GHz DECT band that avoids the crowded 2.4 and 5.8 GHz frequencies used by other cordless telephones, resulting in interference-free calls. Compatible with all inductive coupled hearing aids. Caller ID and voicemail require subscription with telephone company. Includes corded and cordless telephones. Supports up to 12 cordless handsets, available below. Corded telephone base: 5" H x 7" W x 8⅛" D. (2½ lbs.) Cordless telephone: 9½" H x 3¼" W x 4⅛" D. (1 lb.)
KG-83299 $129.95

Additional Handset. KG-83300 $59.95

THE NEW YORK TIMES OF YOUR BIRTHDAY FRONT PAGE.

This framed reproduction of *The New York Times* front page commemorates the day and year of your birth, or any date you prefer. The "Old Gray Lady" is considered the United States' first true "newspaper of record," and these replicas are produced from originals in her official archives. The personalized name and year are printed on the matte, which also contains a circulated penny, nickel, dime, and quarter from the birth year. The document is mounted in a wood frame and protected behind plexiglass. Specify recipient's name (up to 25 characters) and any date between 1934 to 2012. 22" H x 15½" W x 1½" D. (3 lbs.)
KG-11922
$129.95 FD

THE MUSEUM PRECIOUS METALS CLEANING PLATE.

Using electrolytic action instead of traditional chemical-polish abrasion, this tarnish remover bathes away tarnish from oxidized silver without removing any of the underlying metal. Simply place the 6" x 8" cleaning plate in a sink of hot water, add the activator, and immerse the tarnished metal. Tarnish dissolves and transfers to the cleaning plate, which lasts indefinitely and rinses clean under the tap. Non-toxic and harmless to precious gems, the tarnish remover cleans copper, quality brass, bronze, stainless steel, silver, and gold. Includes 1 lb. of activator; use 1 tbsp. per 1 quart of water. 6" W x 8" L. (3 oz.)
KG-65593 $29.95

One Pound of Additional Activator. KG-65613 $14.95

THE CPAP PILLOW.

This is the pillow that optimizes CPAP mask efficiency while increasing the comfort of its wearer. Unlike typical pillows that interfere with mask performance by breaking a cushion's seal, this pillow's hose-friendly, twin cutaways prevent a mask from leaking while its cool breathable mesh, perforated memory foam maximizes comfort and limits perspiration, ideal for use with humidified air. The cutaways combine with an integrated fabric tether to keep hoses from crimping or snagging, enabling left- or right-side sleeping without re-adjustment. The pillow's thickness varies using a removable 3/4"-thick foam insert while its ergonomic shape conforms to the natural curvature of the neck and shoulders for comfortable side or back sleeping. Works with all mask types. Includes two washable pillowcases. 20" W x 4½" H x 13" D. (3 oz.)
KG-83539 $79.95

THE CAT'S PHANTOM MOUSE TEASER.

This is the cat toy that entertains and exercises felines by encouraging them to stalk an elusive "mouse" scurrying beneath a fabric skirt. Exclusive to Hammacher Schlemmer, the unit silently spins a wand under the ripstop nylon canopy, changing its direction unpredictably to imitate the movements of a real rodent. The mouse's tail peeks out tantalizingly, making it irresistible to even skeptical toms or tabbies. The unit's gearless friction drive prevents damage once the prey is caught and its speed adjusts to one of four settings with a push of a button. The toy's low center of gravity and fold-out stabilizers prevent it from tipping during exuberant feline pursuit. Requires three AA batteries. 4¾" H x 23" Diam. (1 lb.)
KG-83713 $29.95

THE GENUINE BAMBOO TIKI BAR.

This is the genuine bamboo tiki bar that provides a weatherproof, outdoor station for storing and serving spirits to guests. Recalling the Polynesian beach bars renowned for serving fruity, rum-based cocktails, the bar is made from 100% Anji Mountain bamboo that has a tensile strength of 28,000 lbs. per square inch—5,000 lbs. greater than that of steel—and is kiln-dried to remove excess moisture, resulting in a natural wood that's impervious to rain, sun, and insects. The 61" x 34" bar top accommodates up to four guests and the bamboo-tiled roof shades the bar to help keep mai tais from melting in the sun. A hanging stemware rack holds up to 15 glasses and a 33" shelved cabinet on the inside of the bar provides convenient storage for spirits, fruit juices, and bar accessories. The bar has a rounded handrail and the footrest is made from one piece of bamboo. Two included backless bamboo stools have flexible wicker-patterned seats, four sturdy bamboo culm legs, and four rungs for foot-propping. Bamboo may develop small, natural fissures that will not affect the structural integrity of the bar. 7⅓' H x 5½' W x 2¾' D. (145 lbs.)

KG-81137 $499.95 ($125)

Additional Bamboo Bar Stool. 30" H x 13½" W x 13½" D. (8¾ lbs.)
KG-81373 $159.95

THE EYESTRAIN REDUCING FLOOR LAMP.

Unlike incandescent bulbs that produce glaring, yellow light, this floor lamp's fluorescent bulb generates clear light that reduces eyestrain and enables clearer vision. Simulating the color fidelity of natural sunlight, the bulb has a correlated color temperature of 6,400° Kelvin that illuminates books, crafts, or computer screens with a distortion-free glow. The energy-efficient 55-watt bulb is equivalent to a 250-watt incandescent and lasts up to 10,000 hours—ten times longer than a typical bulb. The floor lamp has an adjustable neck and a four-way switch. The bulb illuminates after a one second delay. Select finish: Chrome/Black (chrome lampshade, neck, and base with black wooden pole) or Antique Brass/Cherry (brass lampshade, neck, and base with birch, cherry-finished pole). 56" H x 11⅓"-diameter base. (14¾ lbs.)

KG-83223 $149.95

Desk Lamp. As above, but with a 27-watt fluorescent bulb equivalent to a 108-watt incandescent bulb and on/off switch. 22" H x 8" Diam. base. (7 lbs.) KG-83226 $89.95

Floor Lamp Replacement Bulb. (4 oz.) KG-76367 $19.95
Desk Lamp Replacement Bulb. (4 oz.) KG-76772 $14.95

THE SMARTPHONE HOME MONITOR.

This is the security camera that allows you to monitor your home from a smartphone. The camera sets up anywhere in a home and transmits realtime video over the Internet to an iPhone or Android-driven smartphone. A website allows you to pan the camera up to 270° and tilt it up to 125° for optimal remote positioning. The camera transmits 640 x 480 resolution video at 30 fps and has 15 infrared LEDs around the lens for night-vision surveillance. The camera's motion detector automatically sends you an email when it detects movement and saves a 30-second video recording to an SD card (2 GB card included). Connects to a computer via the included Ethernet cable or WiFi. Also compatible with computers running Windows 7, Vista, XP or Mac OS X 10.5 or later. Plugs into AC. 5" H x 4" W x 5" L. (12 oz.)
KG-81289 $249.95

THE ONLY INDOOR PRESSURE SMOKER.

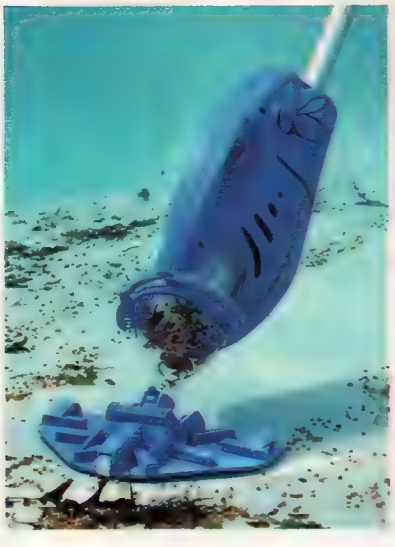
This is the indoor pressure smoker that cooks barbecue brisket in only one hour—five times faster than traditional methods. Combining a pressure cooker and smoker in one appliance, the device increases the internal pressure by 15 psi, cooking food up to 70% faster while causing wood chips to release their fragrant, flavor-enhancing smoke. The internal chamber requires only three to five wood chips (not included) to impart authentic barbecue smoke flavor onto food and all of the hot smoke is contained inside the vessel until the pressure is released. An adjustable four-level rack holds sausages, ribs, or a whole chicken. The pressure smoker also cold smokes cheese or fish, it can sear food prior to pressure smoking, and allows use as a traditional pressure cooker. With a digital timer. Plugs into AC.

5-Quart.
Smokes up to 4 lbs. of food. 11½" H x 13" W x 11" D. (13 lbs.)
KG-79504 $249.95

6½-Quart.
Smokes up to 6 lbs. of food. 12½" H x 13¾" Diam. (15 lbs.)
KG-81897 $299.95

THE HOSELESS POOL VACUUM.

This is the rechargeable pool vacuum that quickly collects underwater debris without bulky hoses, electrical cords, or requiring connection to a pool's filtration system. The untethered, submersible vacuum connects to any standard pool pole and weighs less than 6 lbs., providing optimal maneuverability. Its internal high-flow pump quickly removes detritus from pool walls and floors, cleaning up to 1,171' sq. per hour. The vacuum has a 10¾"-wide head for cleaning large sections of the pool floor and a vacuum nozzle for removing debris from hard-to-reach areas around stairs, corners, and ladders. Made from durable, hard plastic, the vacuum will not dent, scratch, or fade from exposure to the sun. Provides up to one hour of operation after an eight-hour charge from the included AC adapter. With an easy to remove, reusable filter bag for large debris and a fine filter for capturing silt and algae. 6" D x 7¼" W x 20" L. (5½ lbs.)



KG-82550 $249.95

THE PEACEFUL PROGRESSION WAKE UP CLOCK.

More gentle than traditional jarring alarms, this clock uses gradually increasing light, stimulating aromas, and peaceful nature sounds to awaken sleepers. At 30 minutes before wake-up, the clock's light begins to glow softly, brightening over the next half-hour. The device can simultaneously release aromatherapy scents into the air to stimulate the olfactory senses. Fifteen minutes before wake-up, the clock generates your choice of six nature sounds (including ocean surf, thunderstorm, white noise, spring rain, mountain stream, and forest stream). The cycle concludes with a chime (that gradually increases in volume) to wake the most stubborn sleepers. Includes four different aromatherapy beads (Ocean Water, Pear Vanilla, Lavender Essence and Clean Cotton, or you can use your own aromatherapy oils in the stainless steel bowl. With snooze and a function that slowly lowers the volume of the nature sounds over 30, 60, or 90-minutes and then turns the sound off. 7½" H x 5½" W x 6" D. (3 lbs.)
KG-81819 $99.95

Additional Aromatherapy Beads. One .85 oz. jar each of Ocean Water, Pear Vanilla, Lavender Essence, and Clean Cotton.
KG-83404 $12.95

Vibration Speaker. Connects to clock, sets up under a mattress, and vibrates at end of progressive wake cycle.
KG-83405 $19.95

THE NECK AND SPINE SUPPORT PILLOW.

This is the pillow that cradles the neck and properly aligns the cervical part of the spine while sleeping on your back. Its hemispherical design provides a natural, gentle rise that contours to the shape of your head and shoulders, unlike typical pillows that require bunching or allow the head to sink too deeply into its loft. Made with cool gel-infused memory foam that provides support while remaining supple for a comfortable sleep. Its soft fleece cover removes for machine washing. 27¾" L x 15" D x 2" H. (3½ lbs.)
KG-83334 $59.95

THE PAWLEYS ISLAND OVERSIZED ROPE HAMMOCK.

This is the sturdiest, most durable and well-made hammock available. It is handcrafted in the tradition of Pawleys Island, South Carolina, the ancestral home of Captain Joshua Ward who designed the original in the late 1880s. Unlike ordinary hammocks, it is handwoven instead of knotted, using the highest grade soft cotton twill rope. It contains twice as much rope as most comparable models (the two-person hammock uses a full 1,100 feet). Handcrafted seasoned oak staves for maximum stability. Heavy-duty zinc-plated steel hooks and chains, and hanging instructions are provided. Made in the U.S.

Two-Person Hammock. 5' W x 7' L, overall 13½' L. (18 lbs.)
KG-26300 $179.95

Regular-Size Hammock. 4' W x 6½' L, overall 12' L. (15¼ lbs.)
KG-26302 $159.95

Pillow. Water-resistant, polyester foam core. Green. 34" L x 16" W. (3½ lbs.) KG-36515 $44.95

Hammock Stand And Wheel Kit.
KG-75580 $179.95

Pawleys Complete Package. Includes two-person hammock, stand, pillow, and wheels. 5' W x 16' L.
KG-72116 $389.95 ($30)

THE EYE FATIGUE PREVENTING READING SUNGLASSES.

These are the magnifying sunglasses that are infused with melanin to protect the eyes from sun damage and strain while reading outdoors. Melanin is a pigment that naturally shields the eyes from glare and UV damage, but it decreases about 50% by age 65. Exclusive to Hammacher Schlemmer, these reading glasses compensate with a synthetic melanin that filters out damaging rays and glare while improving contrast, so users can see print more clearly in bright daylight. Perfect for the patio or beach, the magnified lenses combine the benefits of readers and sunglasses, so there is no need to fumble with two pairs. The lenses have a scratch-resistant coating, and the frames are lightweight yet durable plastic. Gray or Brown. Not available for shipment to New York. Specify magnification: 1.25, 1.5, 2.0, or 2.5. 5½" L x 5" W x 1" D. (1 lb.)
KG-81364 $69.95

THE FROZEN FRUIT SOFT SERVE PROCESSOR.

This is the device that instantly turns frozen fruit and other flavorings into a soft-serve treat. The unit combines frozen bananas and any additional fruit or chocolate and instantly churns the ingredients to produce a treat with the texture of frozen yogurt or soft-serve ice cream, but without the additional fat, sugar, or preservatives. The chute easily accepts berries, sliced mango, or cantaloupe, and the integrated conical, spinning blade mashes and incorporates the fruit into a silky-smooth confection. The chute, plunger, and blade are dishwasher safe. Includes a dessert storage container, four popsicle molds, and recipe booklet. Plugs into AC. 14" H x 7½" W x 6" D. (5½ lbs.)
KG-81612 $69.95

THE BEST GARMENT STEAMER.

This garment steamer earned The Best rating from the Hammacher Schlemmer Institute because it removed wrinkles and produced steam faster than any other model. The Best Garment Steamer removed wrinkles from a silk scarf, wool pants, and rayon blouse in under two minutes—2X faster than other steamers. It removed wrinkles from a cotton dress shirt in under four minutes, far superior to lesser models that required over 10 minutes. The Best Garment Steamer emitted steam in only 46 seconds—no other model heated up faster—and produced up to 150° F steam, the hottest of any steamer. The Best model turns on and off by simply pressing the foot pedal and has a removable 81-oz. reservoir for easy refilling, a wheeled base that enables portability, and a built-in hanger and vertical clothes support. 65" H x 14⅓" W x 11" D. (13 lbs.)
KG-83395 $179.95

THE BEST ULTRASONIC JEWELRY CLEANER.

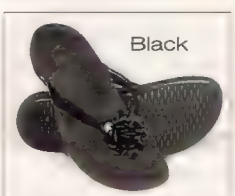
This ultrasonic jewelry cleaner earned The Best rating from the Hammacher Schlemmer Institute because it restored the original luster of jewelry better than any other model. Earrings, rings, and necklaces were soiled with a mixture of hair gel, hand lotion, and dirt and placed in an oven to solidify the detritus. An independent testing laboratory used a scale with an accuracy to 0.0001 grams to weigh each piece after the soiling process and again after one cycle in the ultrasonic cleaners. The Best model removed 99.8% of the debris. The Best Ultrasonic Jewelry Cleaner uses 42,000 Hz of ultrasonic sound waves and water (detergent is optional) to penetrate deep into crevices and safely and effectively clean intricate areas of bracelets or watchbands. Unlike lesser cleaners, The Best model has an easy-to-follow instruction manual, a crystal clear LED screen with a digital timer, a watch holder, and an easily accessible 18-ounce water reservoir. 5½" H x 8¼" L x 6" D. (3 lbs.)

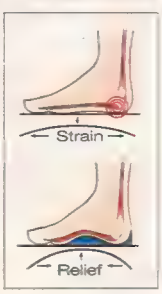
KG-82214 $59.95

Raspberry

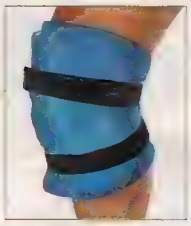
THE LADY'S PLANTAR FASCIITIS FLIP FLOPS.

These are the lady's lightweight flip flops that help to combat the effects of plantar fasciitis with a stabilizing orthotic footbed that realigns feet to a neutral position. Recipient of the prestigious American Podiatric Medical Association's Seal of Acceptance, the sandals are built with a podiatrist-designed, shock-absorbing EVA midsole that provides arch support while aligning the feet into a natural position for those who over-pronate—when the heel bone angles inward—a determining factor in the development of plantar fasciitis. The durable, flexible polyurethane uppers and toe post secure the foot to ensure comfort while the durable TPR outsoles' non-slip pattern ensures reliable footing. The orthotic footbeds provide optimal comfort and support when the sandals are worn for at least a few hours per day over the course of two weeks. Women's whole sizes 6-11. For half sizes, order the next size down. Raspberry or Black. (6 oz.)





KG-83354 $74.95

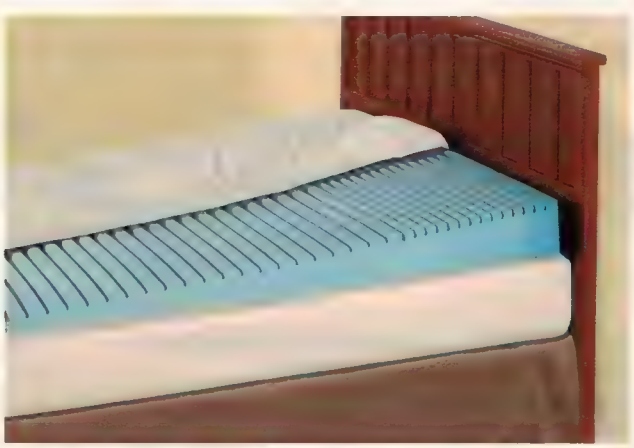


THE PHYSICAL THERAPIST'S HOT/COLD WRAPS.

Recommended by physical therapists, these wraps retain both heat and cold and transfer it to joints or muscles for superior therapeutic treatment for injuries or pain. Developed by Dr. Edward Stout, an expert in polymer chemistry, the body wraps are made of a tough, flexible high-glycerine gel that can be microwaved for heat therapy or chilled in the freezer for cold applications. The latex-free wraps are leakproof, even if punctured, and require no more preparation than a quick microwave or a brief time in the freezer (they won't freeze solid). The safe, non-toxic gel won't dry out or harden, and remains flexible even at –20° F. Wraps stay hot or cold for up to 40 minutes, move easily with you, and can be worn under clothing after physical therapy or strenuous exercise.

Shoulder Wraps.

Small/Medium. Fits up to an 11" bicep.	KG-72229	$79.95
Large/Extra Large. Fits up to a 13" bicep.	KG-72230	$79.95
Knee Wrap. 9" W x 24" L.	KG-72231	$49.95
Neck Wrap. 20" L x 10" W.	KG-73594	$49.95



THE INCLINED MATTRESS TOPPER.

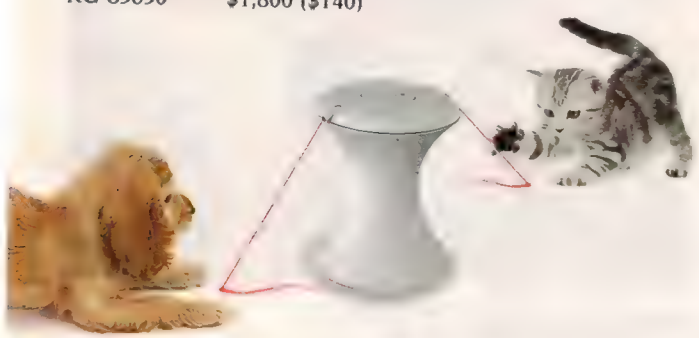
This is the gently inclined mattress topper that provides relief from the symptoms of heartburn, sinus congestion, and snoring. The mattress topper starts level with the foot of the bed and inclines subtly, raising a sleeper's upper body to reduce acid reflux and allow gravity to gently drain sinus passages. The interior is made from soft yet supportive memory foam that contours to the shape of the body to relieve pressure points and provides a comfortable cushion on which to sleep. The memory foam stays cool to the touch and it won't develop permanent depressions as it immediately reclaims its original form when you get up.

Queen. 74" L x 58" W x 6" H. (20 lbs.)	KG-83235	$269.95
Twin. 74" L x 37" W x 6" H. (12 lbs.)	KG-83332	$169.95

THE COMMUTER'S ADVANCED ELECTRIC BICYCLE.

This is the electric bicycle that provides riders with a suite of advanced features for a safer commute. Its LCD illuminates the current speed, indicates voltage left on its battery, and indicates when its headlight, rear light, and turn indicators are active, keeping a rider's attention on the road instead of controls. Dual rear-view mirrors ensure maximum road visibility. The bicycle's 500-watt electric motor propels up to two riders weighing up to 300 lbs. to a maximum speed of 20 mph. Dual 18" pneumatic tires grip the pavement for confident turns and the front and rear disc brakes enable quick stops. A storage compartment beneath the seat locks to keep valuables secure, and the bicycle can be locked to a bike rack or parked on the street like a scooter. The 48-volt lithium-ion battery powers the bicycle for up to 40 miles after a five-hour charge via the included AC adapter; its pedals also deploy for human-powered propulsion (and recharging) for unlimited range. Red, Black, or Silver. 69" L x 26" W x 41" H. (125 lbs.)

KG-83630 $1,800 ($140)



THE LASER CHASE TOY.

This is the device that automatically projects two laser dots that dart across a floor in varied unpredictable patterns, inciting two pets to engage in perpetual play. The lasers turn rapidly, stop unexpectedly, and race in opposite directions, triggering a dog or cat's instinctual attraction to quickly moving objects. The device has four speed settings and can be set to tempt pets with an exciting—if fruitless—game of chase for five, 10, 15, or 20 minutes. Requires three AA batteries that power the laser toy for up to 15 hours. 8¼" H x 7" Diam. (1¼ lbs.)

KG-83376 $39.95

Single Laser Beam Chase Toy. 74" L x 37" W x 6" H. (12 lbs.)

KG-79328 $29.95

THE AUSTRALIAN KANGAROO WALLET.

Made from the strongest leather in the world that's also two-times thinner than traditional hides, this is the genuine kangaroo leather wallet. Kangaroo leather's tight, dense fiber structure provides four times the tensile strength and three times more abrasion resistance than cowhide or deerskin, allowing it to be rendered to 1/4" thin for comfortable storage without compromising the leather's strength. The Australian kangaroo leather is naturally water-resistant and it will never fade, crack, or unravel like typical leather wallets. With eight credit card slots, a bill pocket with a zippered compartment, and a removable ID insert with two windows and three credit card slots. 4½" W x 3½" H x 1/4" D. (2 oz.)

KG-79466 $89.95

THE CLASSIC USAAF PILOT JACKET.

This is the lightweight jacket based on the K-1A flight suit worn by World War II Army Air Force pilots. The original was a full-length jumper worn by late-war aviators and into the 1950s. This jacket borrows only the top half of the K-1A for modern year-round wear, faithfully replicating the diagonal zippered equipment pockets on the upper chest, a feature still found on modern military flight suits. This jacket's sage-green exterior is an accurate detail that marked the newly named U.S. Air Force's transition from bulkier, fleece-lined leather models to streamlined nylon models in 1947 to accommodate pilots seated inside newer, smaller jet aircraft cockpits. Made by Cockpit, suppliers of outerwear to the USAF and Navy, it is lined with a nylon reproduction of a silk "escape" map of occupied Europe. With a knit ribbed collar, cuffs, and waistband with two lower slash pockets. Zippered front. Men's chest sizes M (40), L (42-44), XL (46), or XXL (48-50). (2 lbs.)

KG-82339 $139.95

THE DIMMABLE REMOTE CONTROLLED GALLERY LAMP.

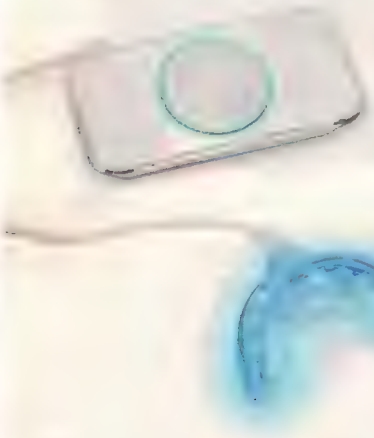
This is the gallery lamp with a dimmable LED light that is conveniently operated by remote control. The remote allows you to adjust the 50,000-hour rated LEDs to four levels, from a soft, white glow to bright, white illumination. The 24 LEDs highlight artwork without generating heat or ultraviolet rays (like fluorescent bulbs) that can damage paintings. Its cordless design enables set up anywhere without being restricted by the location of power outlets. The metal lamp has an antique brass finish, it mounts to a wall or picture frame with the included bracket, and tilts to enable optimal adjustment of the light-projection angle. Lamp requires four D batteries that provide over 70 hours of light; remote control requires a CR2025 battery. Light can also be controlled from the lamp.

12" Gallery Lamp. For use with 24" to 28" wide frames. 12" L x 2¼" H x 6" D. (1½ lbs.) KG-82840 $99.95

15" Gallery Lamp. For use with 30" to 36" wide frames. 15" W x 6" D x 2¼" H. (1½ lbs.) KG-82801 $119.95

THE AWARD WINNING TEETH WHITENER.

Winner of the Edison Award for innovation, this is the device that whitens teeth faster and provides longer-lasting results than any at-home treatment. Invented by a dentist, the included mouthpiece emits LED light and heat directly to teeth coated with the included hydrogen peroxide gel, whitening teeth by five shades in as little as five days. This enclosed treatment system prevents whitening oxygen from escaping the teeth, ensuring maximum exposure and resulting in teeth that remain white for up to 30 days. Unlike lesser methods, the gel is free of alcohol and carbamide peroxide, eliminating the discomfort for those with sensitive teeth and allowing use on crowns, caps, and veneers. Requires four daily 8-minute treatments for three to 10 days. Includes 10 gel packs that enable 40 applications. Rechargeable battery provides up to two hours of treatment after a four-hour charge via AC. 6½" L x 6½" W. (1¾ lbs.)



KG-82509 $199.95

Additional Gel Packs. 10 included gel packs enable 40 applications. KG-81446 $44.95

THE TURKISH SHOWER WRAPS.

These shower wraps are the only ones in the world made of the same high-quality Turkish cotton as the renowned Hammacher Schlemmer Turkish robes. While most towels come loose easily and must be constantly re-tied around the body, these wraps fasten securely with snaps, making them ideal for the home, sauna, spa, or gym. The wraps are fitted with pouch pockets (one on the men's, two on the women's) into which lip balm, jewelry, sunglasses, suntan lotion, or shampoos can be placed. Made of superior cotton from the legendary Denizli region of Turkey, the wraps are dense, durable, and highly absorbent. Elastic top with four-snap closure. Machine washable. Imported. White.

Men's. Fits 24" to 50" waist. KG-66108 $49.95

Women's. Two side pockets. Fits 22" to 58" chest. 31½" L. KG-66285 $59.95

THE WATER RESISTANT WIRELESS SPEAKER.

This is the water resistant wireless speaker that streams music from any Bluetooth-enabled device. The speaker pairs with an iPhone, iPad, or Android-powered device from up to 30' away, allowing you to listen to your music in the bathroom while your music device is in another room. Requiring as little space as a box of tissues, the speaker sets up unobtrusively on a vanity and safely delivers 10-watts of crisp, bathroom-filling sound. The speaker has a built-in handle and you can adjust the volume, turn the power on or off, and pair it with a music device via the integrated four-button control panel. Requires eight AA batteries for up to four hours of use. 9" H x 5¾" W x 5" D. (2¾ lbs.)

KG-83169 $99.95

THE 120 HOUR PERSONAL MOSQUITO REPELLER.

This device clips unobtrusively to a belt and repels mosquitoes within a 15' radius for up to 120 hours. Eliminating the need to apply chemical-based sprays, the device automatically emits the subtle floral scent of geraniol, a plant-derived essential oil that naturally repels mosquitoes, ticks, and no see-ums. Laboratory tests performed by a University of Florida entomologist proved geraniol to be more effective than DEET—the chemical in most bug repellents—at warding off biting insects. The mosquito repeller has a silent fan that constantly surrounds you with an invisible shield of geraniol. About the size of a smartphone, the mosquito repeller won't impede daily movements. Includes two geraniol cartridges. Requires two AA batteries. 3" W x 3½" H x 2¼" D. (1 lb.)

KG-78830 $24.95

Two Additional Geraniol Cartridges. KG-78831 $9.95

THE GATELEG PATIO TABLE AND STOWABLE CHAIRS.

This is the gateleg patio table set with six chairs that stow under the tabletop for unobtrusive storage. The tabletop leaves fold down and the folding chairs stack neatly between the table legs, allowing the entire set to be stored in less than 9' sq. of patio space. The weatherproof set is made from Brazilian eucalyptus that's 30% harder than mahogany and its natural oils and tight grain prevent damage from rain, mold, and termites. The oval tabletop provides ample room for six adults and the chairs' backrests and seats provide comfort and stability. Left alone, the wood will develop a unique silvery gray patina, or it may be oiled to retain its original appearance. Minimal assembly.

Chairs store under table

Table: 30½" H x 67" L x 40½" W. Chair: 32" H x 19" W x 19" L. (102 lbs.)

KG-79766 $599.95 ($125)

THE SUPERIOR STAINLESS STEEL WALLET.

This is the wallet woven from flexible stainless steel fabric, with a hand as smooth as silk and a strength that surpasses leather. Using 25,000 stainless steel threads that are three times thinner than a piece of paper—.001"—it fits into a front pocket. Impervious to stretching and resistant to corrosive salts and acids, the stainless steel is the same metal fabric used in architecture and aerospace applications for its unsurpassed durability. Unlike lesser stainless steel wallets with stiff nylon interiors and obtrusive metal corners, this superior model has supple leather-trimmed corners and interior, enhancing the wallet's flexibility. Six credit card slots and four internal pockets.

4½" L x 3" H x 1/4" D. (4¾ oz.)

KG-78701 $72.95

Lady's. 12 card slots and four bill pockets. Silver, Bronze, or Charcoal.

7½" W x 4¼" H x 1/2" D. (8 oz.)

KG-81832 $129.95

Lady's wallet

THE POWER NAP CAPSULE.

Inspired by NASA studies demonstrating that napping can improve reaction time by 16% and concentration by 34%, this is the power nap capsule that provides a spacious, semi-enclosed sleeping environment ideal for recharging the mind and body. Drawing on extensive research of sleeping ergonomics, the mattress' undulated shape places your head and legs slightly above the lumbar region to relieve pressure on the back, encourage proper spinal alignment, improve circulation, and facilitate optimal relaxation. Made from supple, pebble-grain calfskin leather, the mattress is hand-stitched piece-by-piece and filled with 6"-thick cold foam, resulting in a soft yet supportive sleep surface that contours to the shape of your body. The bed is 12" longer than a king size mattress, ensuring ample room for outstretched limbs, and the canopy creates a personal, semi-enclosed napping space that can help you block out distracting sounds and sights. The frame and canopy are handmade from fiberglass-reinforced plastic, finished with a high-gloss varnish, and hand-polished to produce a brilliant shine. 57" H x 53" W x 116" L. (180 lbs.)

KG-76362 $25,000

THE BACK STRETCHING PAIN RELIEVER.

This is the stretching aid that supports the spine's natural curvature to help relieve back pain. Encouraging improved posture and restored function by reducing stiffness and facilitating proper alignment of the vertebrae, the stretching aid's 15 ABS molded ribs each form two raised nodes that align with the muscles of the mid and lower back without placing any direct pressure on the spine itself. One's own body weight gently presses the nodes against the back, soothing fatigued muscles for relaxation and rejuvenation. Its overall curved shape realigns the spine back to its natural shape, countering the effects of slouching. For users up to 250 lbs. 22½" L x 10" W x 4" H. (3 lbs.)

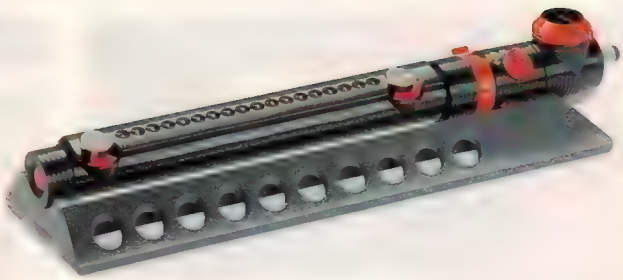
Supports spine's natural curvature

KG-82492 $39.95

The Hammacher Schlemmer Lifetime Guarantee
Unconditional and Unwavering

THE PRECISION PEDICURE SYSTEM.

This is the multi-tool nail care system made with exacting German engineering for a salon-grade manicure or pedicure in one's own home. The 10 attachments are each balanced and precision-honed for effortless trimming and shaping of nails, as well as for performing all cleaning, buffing, and finishing tasks. Three of the attachments (a disc and two cones) smooth rough skin and remove corns and calluses and are made of durable sapphire for long life. At its highest setting of 10,000 rpm, the four-speed motor barely registers a quiver, ensuring both a steady grip for delicate work as well as the power to achieve quick results. Includes travel case. Plugs into AC. 5" L x 1½" W x 1" D. (8 oz.)
KG-74975 $119.95



THE BEST GARDEN AND LAWN SPRINKLER.

The Hammacher Schlemmer Institute tested leading lawn sprinklers and this model earned The Best rating because it watered the largest area and was the easiest to use. The Best Garden And Lawn Sprinkler's spray covered up to 2,728' sq., 628 more square feet than other models. The spray length adjusts from 10' to 62', 12' longer than lesser sprinklers, and two slide switches quickly adjust the oscillation and the spray width from 13' to 56', allowing users to avoid watering driveways or patios. The Best model was the easiest to connect, thanks to a specially designed adapter that attaches to a hose and simply plugs into the sprinkler, eliminating tedious twisting. Made in Germany, The Best model has a built-in mechanical timer that automatically turns the sprinkler off after five minutes to two hours of watering and it did not suffer any damage when dropped repeatedly. 23" L x 6' w x 4¾" H. (2¼ lbs.)
KG-82506 $99.95

THE HEATED ZERO GRAVITY MASSAGE CHAIR.

This is the heated massage chair that elevates your feet above your heart, a supine posture developed by NASA to reduce body stress and enhance circulation in astronauts. Heating elements in the chair warm 24 natural jade stones inside the backrest. The jade stones radiate infrared heat that penetrates 3" below the skin's surface to loosen tight muscles and joints and help alleviate inflammation. The chair reclines up to 160°, creating a seating posture that alleviates spinal pressure and encourages proper spinal alignment. Twenty-two air chambers inside the chair inflate and deflate to provide a gentle, undulating massage that soothes and relaxes the back, buttocks, and legs. A whisper-quiet motor gracefully reclines the chair from upright to fully reclined in less than 15 seconds. The chair has supportive spring cushions, a solid steel frame, and is upholstered with soft, smooth bonded leather. White glove delivery includes set up and removal of packing materials. Plugs into AC. Brown or Black. Reclined: 65" L x 35" W x 27" H. Upright: 45" L x 35" W x 48" H. (111 lbs.)
KG-11898 $3,000 ($275) FD

THE CANINE'S TUG PREVENTING HARNESS.

Invented by a veterinarian, this is the hind-leg harness that prevents a dog from pulling or jumping. When the pet attempts to tug or jump, the harness tightens around the hind legs, creating a sensation that conditions the pet to refrain from this behavior. Unlike typical harnesses that do little to restrict tugging, this advanced model restricts the muscle groups in the hind legs that generate up to 70% of a dog's pulling power. The harness's rear positioning eliminates the typical discomfort dogs experience with harnesses that tug repeatedly on the neck and head. Made from soft yet durable nylon and neoprene, the hind leg harness is gentle on a dog's coat yet provides optimal strength for controlling the canine. Sizes S (up to 14 lbs.), M (16-50 lbs.), L (51-100 lbs.), or XL (over 100 lbs.) (8 oz.)

KG-83486 $39.95

THE LUNAR LITHOPHANE WATCH.

This is the watch that displays the time over an illuminated, three-dimensional image of the Moon's surface. Reminiscent of early 19th-century porcelain lithophanes, this watch's lunar face is molded from polypropylene into a variably translucent thickness, hand-painted with a thin coat of silver acrylic. A button on the 316L stainless steel case activates a six-second LED backlight that displays a raised relief of the Moon viewed in its waning gibbous phase, revealing the broad impact basin of Mare Imbrium in the north (marking the general vicinity of 12-o'clock) and Tycho crater in the south. The difference in thickness between the shadowed and illuminated sections imparts a 3D quality to the watchface, similar in effect to the lunar terminator. With reliable three-hand Miyota quartz movement and a scratch-resistant crystal dome. An adjustable 3/4"-wide silicon rubber strap secures with a stainless steel buckle to fit wrists 5" to 8½" in circumference. Case 1¾" Diam. x 5/8" thick. (2 oz.)

KG-82798 $99.95

THE PLANTAR FASCIITIS RELIEVING FOOT SLEEVES.

This is the foot sleeve that compresses the ankle and foot to help combat the painful symptoms of plantar fasciitis. Unlike bulky "night splints," the sleeve slips on like a sock, providing varying degrees of compression that reduce inflammation, increase circulation, and accelerate the healing process. It can be worn when sleeping to reduce morning heel pain or during the day under socks for continuous support. Below the ankle, the sleeve compresses the plantar fascia ligament yet loosens as the foot widens toward the front for comfort; the toes are closed with a wide, smooth knitted hem. The thinner material in the ankle minimizes bunching at the top of the foot while stabilizing the heel. The sleeve maintains compression above the ankle for consistent circulation; the collars are flat and smooth without ridges. The sleeve's reinforced 80% nylon/20% lycra construction allows your skin to breathe and remain comfortably dry. Universal design fits on either foot. Includes one pair. Sizes S/M (arch circumference 7-9½", men's shoe size 6-9½; women's 7-10½) or L/XL (arch 10-13", men's 10-14; women's 11 and up). (1 oz.)

KG-82807 $39.95

THE STOWABLE KITCHEN ISLAND.

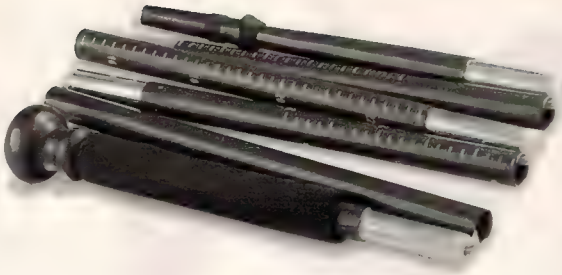
This is the kitchen island that folds to only 3" wide for ease of storage. The one-piece frame expands or folds without requiring the use of tools, enabling fast, simple set up and convenient storage. The island is 36"-high—the standard height of kitchen countertops—and its 720" sq. stainless steel work surface provides ample room for a cutting board, stand mixer, and cooking ingredients. Four casters provide mobility around the kitchen and lock into place to ensure a stable work station that will not wobble when chopping mirepoix. The stainless steel frame and work surface are rust resistant. Initial assembly required. 36" H x 24" D x 30" D. (28 lbs.)

KG-83392 $199.95

THE BRIGHTER FOLDAWAY VANITY MIRROR.

This is the lighted folding vanity mirror that provides 25% brighter illumination than others of its kind. The mirror is made from distortion-free glass that is encircled by 10 bright white LEDs on each side, providing clear, crisp reflections enhanced by warm light. The dual-sided rotating mirror has 12X magnification on one side (ideal for applying makeup) and a 1X mirror on the other that offers a true, full-face reflection. The mirror extends to a full 13½" high, yet folds to about the size of a portable DVD player for convenient storage. LEDs are rated for 30,000 hours. Includes four AA batteries. 2-13½" H x 7" Diam. (1 lb.)

KG-83302
$79.95



THE PACKABLE WALKING STICK.

This ingenious walking stick collapses and packs away in its 11¼" long nylon case, allowing you to take it virtually anywhere. It opens in seconds to a length of 50"—each of the four sections nest within one another with an elastic band running the entire length of the tube for a rigid, reliable walking companion. The removable knob has a built-in compass and conceals a threaded post that accepts cameras, creating a convenient monopod for impromptu picture-taking. The metal tip for gripping soil can be exchanged with a rubber tip for hard surfaces. With wrist strap. Collapsed 10" L x 2" W. Extended 50" L x 2" W. (12 oz.)
KG-77776 $39.95

THE FULL READOUT BODY COMPOSITION SCALE.

This is the body composition scale that displays all readings simultaneously for simple, instant reference. The 5"-wide LCD shows readings for weight, body fat, body water percentage, and bone mass at the same time, eliminating the hassle of navigating several screens. Stainless steel electrodes on the scale's surface generate a harmless electrical impulse (Bioelectrical Impedance Analysis) to obtain readings, a method proven to be more accurate than the body mass index method used by typical scales. The scale stores readings for up to four people, allowing a family to easily track progress. The scale has a soft, rubberized non-slip surface, 450-lb. capacity, and it displays weights in 0.1-lb. increments. Includes a lithium-ion battery. 12¾" L x 12" W x 1½" H. (4¼ lbs.)
KG-83056 $59.95

THE OPTIMAL POSITION NECK MASSAGER.

This is the personal massager that easily adjusts to the optimal position and intensity to help relax stiff neck muscles. A dial adjusts the neck width while 15" long flexible rubber handles let users target problem spots and increase the amount of pressure by pulling downward. Each head of the compact device has a pair of treatment nodules that are covered with soft nylon. A press of a single button activates a soothing 20-minute cycle, the nodules rotating and applying pressure to knead out knots, stimulate circulation, and melt away tension. Users can also adjust the speed and direction of the rotation and expand the massager to fit around wider areas, such as the upper back or thigh. The portable unit easily stows inside luggage and comes with a hard carrying case. Runs for two hours on a three-hour charge with the included AC adapter. 8¾" L x 4" W x 3½" D. (6½ lbs.)
KG-82237 $149.95

THE BEST ELECTRIC POWER WASHER.

This is the electric power washer that cleaned more effectively than any other model in side-by-side evaluations conducted by The Hammacher Schlemmer Institute. Analysts used each power washer on a cement patio, sidewalk, car tires, and siding, and compared the results. The Best Power Washer removed far more dirt and mold, and did so more quickly than its lesser-powered counterparts. It was also the only model that removed all the paint from the sidewalk and all but the tiniest stains from a truck's wheel. Its 1½ gallons-per-minute pump generates 1800 PSI to quickly remove dirt while using 80% less water than a garden hose alone. It comes with a turbo-boosting 1800 PSI wand for concentrated cleaning and a fan wand that adjusts the spray up to 60° for covering wide areas. It has a 20' long hose that winds neatly on a built-in reel, an integrated detergent tank that also holds bleach for disinfecting surfaces, and maneuvers easily on oversized wheels. 35' power cord. 35½" H x 14¾" W x 13¾" D. (26½ lbs.)

KG-81244 $169.95

Wheeled Pressure Washer Guide. Attaches to pressure washer's wand for rolling over decks, patios, or driveways, encouraging upright use that reduces stress on the back. 15" L. (12 oz.)

KG-82311 $24.95

THE LP AND CASSETTE TO CD/DIGITAL CONVERTER.

Available only from Hammacher Schlemmer, this is the combination recorder and stereo system that preserves classic vinyl records and cassette tapes by recording them to audio CDs or converting the songs to MP3s. It faithfully transfers an LP or cassette to a digital audio CD-R or CD-R/RW, and at any time during recording you can pause to select only certain songs, turn the album or cassette over, and change albums or cassettes to make compilation recordings. Using the free downloadable Audacity software that works on Windows 7, XP, Vista, or a Mac, it can convert LPs and cassettes to MP3s for use on a computer or MP3 player. The system also plays 33s, 45s, 78s, and cassettes through two 3½-watt speakers, and has a built-in AM/FM stereo with digital tuner and single CD playback tray, all in a footprint less than 2' sq. Two RCA inputs in the rear enable you to connect the device to another stereo system or external speakers. Includes automatic/manual track, increment control, record-level indicator, record-level control, backlit LCD, and remote control that requires two AA batteries. Needle plays LPs for up to 50 hours before requiring replacement. Plugs into AC. 9" H x 19" W x 15" D. (23 lbs.)

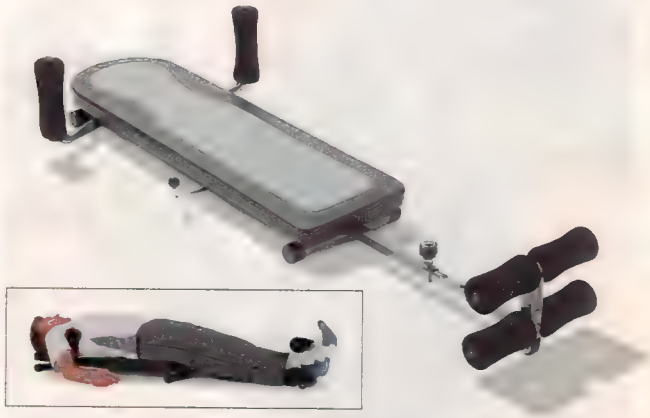
KG-81557 $499.95

THE SLEEP ASSISTING COOLING PAD.

This is the gel-filled pad that provides soothing cooling to help you drift peacefully to sleep. Ideal for warm sleepers, the pad's unique gel almost immediately reduces the surface temperature of the skin to several degrees below the ambient temperature and continues to absorb excess body heat for up to 45 minutes. Cooling naturally without requiring electrical power or refrigeration, the pad simply rests on top of a bed or under a sheet. As one normally changes positions during sleep, the vacated area of the pad recovers its cooling ability. The pad also provides firm support as it cools, thanks to a patented filling method that ensures the gel remains evenly distributed. The pad's soft cotton/poly cover wipes clean with a damp cloth. Order two twin for king.

Twin. 35½" L x 35½" W . (10 lbs.) KG-11937 $149.95 FD

Queen. 60" L x 35½" W. (15 lbs.) KG-11939 $199.95 FD



THE BACK AND JOINT PAIN RELIEVER.

This is the machine that replicates the pain-relieving effects of inversion therapy while lying flat on one's back. Padded ankle and arm supports hold the body in place on the cushioned bench, while an easy-to-reach lever allows users to extend the feet downward by applying just the amount of force they find most comfortable. The result is a reviving stretch that relieves pressure on the spine as well as decompresses the joints in the shoulders, hips, knees and ankles. Unlike inversion tables, this machine is easy to get into and out of, and it won't cause a rush of blood to the head. The arm supports are adjustable, the height adjusts to accommodate users from 4'11" to 6'6", and the device is portable enough to tuck away in an office or a bedroom closet. Frame is sturdy 14-gauge tubular steel. Assembly required. 72" L x 25" W x 11" H. (24 lbs.)

KG-81179 $169.95

THE THINNING HAIR BOAR BRISTLE BRUSH.

This is a natural boar bristle hairbrush that is gentler on thinning hair than typical bristle brushes. This brush uses a softer "cut" of bristles—not the stiffer root-end used on brushes for normal hair—allowing its 2,300 bristles to gently glide through fine hair without pulling, leaving locks looking healthy and shiny. Imported from England, the brush is made by G.B. Kent & Sons, the world's oldest brush maker, established in 1777, a holder of the Royal Warrant through nine consecutive reigns of the British monarchy. Each brush is manufactured in a 10-step process that requires eight hours to complete, using only the finest natural boar bristle from India and China. Craftsmen painstakingly assemble the brush, ensuring that the bristles are secured in the yielding rubber cushion. The brush has a flat oval head. Includes a brush cleaner. 9" L x 2¾" W x 1½" H. (1 lb.)
KG-77629 $79.95

THE EASY LOAD PET CARRIER.

This is the pet carrier that has openings in the top and on the end to facilitate the loading and unloading process. Designed to comfortably carry felines or canines weighing up to 10 lbs., the spacious carrier has a 12" x 7" zippered mesh flap in its roof, so travel-adverse animals can be easily lowered in for a trip to the vet or kennel. More cooperative pets can enter the carrier themselves via the steel end gate, which latches securely with two spring-loaded pins. The carrier has a rugged plastic base and vented fabric-covered polyester sides in a black and white animal-print pattern. Includes padded adjustable shoulder strap to aid portability. 19½" L x 12¾" W x 10" H. (5¾ lbs.)
KG-83309 $79.95

THE ORGANIZED TRAVELER'S LEATHER HIP POUCH.

This is the leather hip pouch with seven zippered pockets that keep travel necessities organized and close at hand. The 9" wide by 7" deep central compartment accommodates maps, small binoculars, a camera, and an iPod, and is lined with a smaller pocket ideal for storing snacks. Four exterior zippered pockets keep hotel keys, batteries, sunscreen, and sunglasses separate and easily accessible. A hidden pocket on the back of the pouch rests against your hip, providing safe, discreet storage for currency, a passport, or cell phone. Made from durable, pebble-grained cowhide, the leather pouch withstands years of travel. An adjustable strap fits up to 46" waists. Black or Tan. 7¼" H x 16" L x 2" W. (12¾ oz.)
KG-76838 $59.95

The Hammacher Schlemmer Lifetime Guarantee
Unconditional and Unwavering

THE DEEP OR LIGHT PRESSURE NECK MASSAGER.

This is the neck massager that provides penetrating, deep tissue or soothing, light pressure massage. Unlike typical neck massagers that only provide vibration, this model uses two rollers that rotate in two directions to simulate the kneading of the human hand for focused, deep pressure that releases trigger points around the cervical vertebrae or for gentle pressure similar to Swedish massage. Ideal for providing relief from muscle pain and strain brought on by everyday activities like driving, flying, or office work, the massager is made from comfortable foam, sculpted to fit comfortably around the neck. Two pull handles allow you to compress the massager against specific areas of your neck and shoulders. Massage style and intensity is managed using the attached hand-held controller. Plugs into AC or a car's DC power with included adapters. 12" L x 12" W x 7" D. (4¼ lbs.)
KG-82399 $99.95

THE PROJECTION ALARM CLOCK AND WEATHER MONITOR.

This alarm clock and weather monitor projects the current time and outdoor temperature up to 6' onto your ceiling or wall in large, easy-to-read digits. Available only from Hammacher Schlemmer, the clock has a built-in sensor that detects ambient light and activates the large LCD's backlighting for a clear view. Shows time, alarm, temperature at the two included sensors' locations, and weather forecast icons. The time is automatically updated for any location within the contiguous United States via a radio signal from the Atomic Clock in Boulder, Colorado. With dual alarm and snooze. Plugs into AC. Requires six AA batteries. 4½" H x 6½" W x 1¼" D. (11 oz.)
KG-83134 $79.95

THE HIP AND KNEE OVERSIZED COMFORT PILLOW.

This is the oversized memory foam pillow that relieves stress on the knees, hips, and back for those who sleep on their sides. The pillow's tapered shape fits naturally between a side sleeper's legs and it prevents the knees from dropping below the pelvis, alleviating tension and discomfort in the knees, hips, and lower back. Two times longer than typical knee pillows, this superior model provides consistent support from the knees to the ankles. Made from memory foam with cooling gel, the pillow contours to the shape of the body to relieve pressure points. The pillow's ventilation channels allow heat to dissipate for optimal comfort throughout the night. With a removable polyester cover. 25" L x 13" W x 5" D. (3½ lbs.)
KG-83333 $49.95

THE WALK ON AIR INDOOR/OUTDOOR SLIPPERS.

Only available at Hammacher Schlemmer, these are the indoor/outdoor slippers that have over 1,000 air bubbles injected into the outsoles and insoles, allowing the feet to rest on a cushion of air. Following the recommendations of leading German podiatrists, the slippers have lightweight polyurethane soles and anatomically molded footbeds that cradle your feet, ensuring optimal support while lessening foot fatigue. Tanned in Germany by artisans with over 200 years of experience, each cowhide selected for the soft, supple nubuck leather uppers is hand-picked to identify the highest quality available. A breathable microfiber lining absorbs moisture and passes it to the outside of the slipper, keeping your feet dry. The non-skid sole ensures stable footing. Specify Black or Brown. Imported. (1¼ lbs.)

Women's. Sizes 5-11½. KG-78786 $69.95
Men's. Sizes 7-12½. KG-78785 $69.95

THE HANDS FREE HAIR REJUVENATOR.

This is the head-worn device that rejuvenates hair hands-free using the same proven photo-biostimulation therapy employed by medical professionals. Made by a company that supplies hair rejuvenation technology to physicians, it employs low level laser therapy (LLLT) that provides pain-free light stimulation for cells in hair follicles, encouraging them to repair themselves. In concert with 30 high-output LEDs that provide a broad array of pulsed light energy, the rejuvenator's 21 built-in lasers produce a 655nm wavelength—the optimal wavelength used in LLLT for increased cellular activity within hair follicles. The included tethered handset provides five pre-set, 20- to 25-minute treatment programs for both men and women; results in as little as 60 days have been reported by those using the device two or three times per week. It automatically shuts off when removed from the head. The rejuvenator's built-in speakers can play music from a connected iPod (required). Plugs into AC. One size fits all. (1¼ lbs.)
KG-81580 $699.95

THE FULL SCREEN PEDOMETER.

This is the pedometer that displays five data points onscreen at once, eliminating the need to navigate multiple menus and press numerous buttons. With a single glance at the backlit LCD screen, a walker can see steps walked, distance traveled, calories burned, time elapsed, and even an average pace, all without scrolling or fumbling with controls. One large button on the front is all that's required to operate this unit, making it a swift, uncomplicated way to begin each exercise session. The unit's advanced digital motion sensor is designed only to be carried in a pocket. 2⅝" H x 1½" W x 1/2" D. (3 oz.)

KG-81590 $34.95

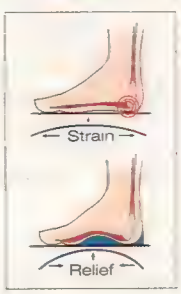
THE LIGHTWEIGHT TRAVEL ROBE.

Only from Hammacher Schlemmer, this is the travel robe rated "Best Overall" by *The Wall Street Journal*. The robe weighs just 1 lb. and fits unobtrusively in your suitcase; its polyester microfleece construction provides comfort and warmth that rivals wool or cashmere. Extra-soft and non-pilling, the kimono-style robe won't wrinkle, even when packed for travel. With two deep patch pockets and a long, detachable belt. Machine washable. Specify Light Blue or Navy, and size: XS (Men's jacket size 36-38, Women's dress size 4-8), S/M (Men's 40-42, Women's 10-14), L/XL (Men's 44-48, Women's 16-18). Imported. 52" L. (1 lb.)

KG-70275 $99.95

THE LADY'S PLANTAR FASCIITIS JEWELED SANDALS.

These are the lady's lightweight jeweled sandals that help to combat the effects of plantar fasciitis with a stabilizing orthotic footbed that realigns feet to a neutral position. The sandals are built with a podiatrist-designed, shock-absorbing EVA midsole that provides arch support while aligning the feet into a natural position for those who over-pronate. The durable, flexible polyurethane uppers are decorated in on-trend metallic sparkles, the toe post secures the foot to ensure comfort, and the durable TPR outsoles' non-slip pattern ensures reliable footing. The orthotic footbeds provide optimal comfort and support when the sandals are worn for at least a few hours per day over the course of two weeks. Women's whole sizes 6-11. For half sizes, order the next size down. Bronze or Black. (6 oz.)



KG-83357 $74.95

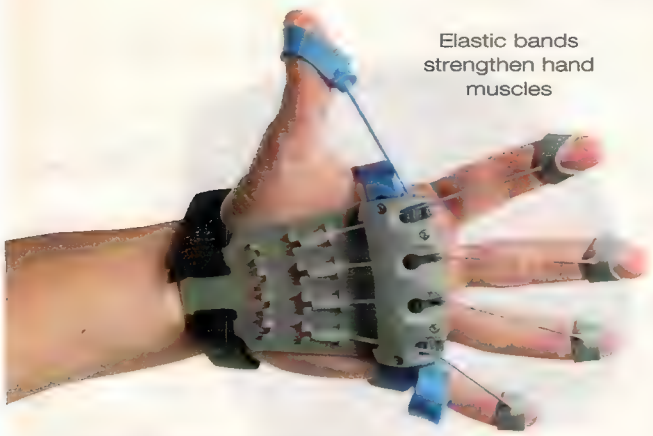
THE DAY OF THE WEEK CLOCK.

This is the patented wall clock that at a glance answers the query "what day is it"? Providing a simple, gentle alternative to noisy alarms, the clock reminds those with unrestricted schedules of a volunteer commitment, a weekly shopping trip, or a recurring luncheon date. The interior of the clock face is divided into seven pie-shaped sections, each labeled with a day of the week. As the hour and minute hands track the time, a continuously moving red hand indicates the current day. Solid oak frame. Requires one AA battery that lasts two years. 11¾" Diam. x 2" D. (2½ lbs.)

KG-78047 $49.95

THE CONFIGURABLE CUBIC SHOE RACK.

This is the cubic storage for up to 32 pairs of shoes that can be easily configured and altered to suit most any space. The unit assembles without tools using square and rectangular panels and round corner connectors that create sixteen sturdy interlocking storage cubbies that can support more than 4 lbs. apiece. Each 7¼" sq. x 14" D cubbie can be further sub-divided with a flip-down polypropylene panel, effectively doubling its capacity. The cubes can be arranged in hundreds of configurations, and by removing panels between adjoining cubes, the rack can even accommodate bulky footwear such as boots or galoshes. Made of durable frosted polypropylene that is welded to 3mm diameter metal rods, the cubbies won't sag or split and can be stacked up to eight high. Supports up to 70 lbs. (20 lbs.)
KG-83293 $119.95



THE HAND FITNESS TRAINER.

A recipient of the prestigious Medical Design Excellence Award, this is the hand fitness trainer that can slow the progression of osteoarthritis and mitigate the effects of repetitive-motion injuries in the hands. The device slips on like a glove and has elastic bands that strap to each fingertip, providing resistance as you open your hand. By flexing your hand in the opposite direction of its typical motion, the trainer strengthens the extensor muscles in your hands, wrists, and elbows, helping to reduce the painful symptoms of carpal tunnel syndrome, tennis elbow, and tendonitis. Ideal for people whose careers or hobbies require manual dexterity, the device strengthens underused muscles and increases flexibility of overworked muscles in the palm, resulting in improved muscle balance and joint stability. The resistance can be adjusted individually for each finger and a normal exercise routine consists of 1-3 sets of 10-20 repetitions, every other day. For use with either hand. One size fits most. (5 oz.)
KG-83537 $29.95

THE 144X ZOOM BINOCULARS.

At 144X magnification these binoculars can see the flick of a deer's ear 500 yards away. They can easily adjust from 20X to their maximum 144X with a simple press of a lever, providing sharp, clear images. Expertly collimated to provide a single image, they use powerful, fully coated optics, including 70mm objective lenses that offer superior light-gathering performance. They use a BaK7 porro prism system, providing a field of view of 131' at 1,000 yards. With an eye relief of 16½ mm and a 3½ mm exit pupil at 20X. They are shock-resistant, light, and easy to handle with their rubber grips; a tripod is recommended for stability at maximum zoom. Sturdy ABS construction. Includes carrying case and lens caps. 12¼" L x 8¾" W x 3½" D. (4 lbs.)
KG-78069 $199.95

Tripod. Raises binoculars to 60" H; collapsed 21" H. (3½ lbs.)
KG-78085 $49.95

THE CORDLESS TELESCOPING PATIO LAMP.

This cordless, weatherproof lamp provides outdoor illumination without AC power and telescopes from 24" to 60" high for set up on a table or on the ground. The battery powered lamp's LEDs produce 200 lumens and cast a bright, 25' circle of light onto a patio or deck. You can adjust the brightness from a soft glow to a crisp light that illuminates a dinner table. The sealed aluminum housing protects the lamp from rain, wind, and sun, allowing it to remain outdoors all season. Eight D batteries (not included) provide up to 200 hours of light. Bronze finish. 24"-60" H x 14" Diam. (8 lbs.)
KG-78167 $99.95

THE CANADIAN YEAR-ROUND RAIN BARREL.

Unlike common rain collectors that must be drained and stored during the winter, this Canadian-made barrel can be left outdoors year-round. Even if left completely full, the durable plastic barrel will not crack in temperatures down to -40° F. thanks to a rotational molding process that gives it exceptional strength. The 55-gallon barrel provides a ready supply of water for flower beds and gardens yet resembles an earthenware urn, allowing it to blend seamlessly with a home's exterior. A rust-proof screen with a secondary safety grid prevents debris and curious animals from entering the barrel. A brass spigot makes it easy to fill a watering can or you can connect up to an 8' length of garden hose to a built-in fitting. An overflow spout directs excess rainwater away to prevent pooling. Drains via a plug in the base. 35½" H x 23½" diameter. (18 lbs.)

KG-12040 $169.95 ($40) FD

The Hammacher Schlemmer Lifetime Guarantee
Unconditional and Unwavering

THE ALWAYS ACCURATE WATCH.

This is the watch that derives its unerring accuracy from an atomic master clock that neither gains nor loses a second in 80 million years. The watch automatically calibrates itself up to six times a day via a radio signal from the U.S. Atomic Clock in Fort Collins, CO, ensuring that its luminescent hands and LED lit digital panel display the time precisely. The watch automatically adjusts itself for daylight saving, and when traveling between time zones, the touch of a button displays the local time. It includes a calendar, an integrated stopwatch, and can be set to sound three daily alarms or to chime on the hour. A rechargeable battery stores solar energy collected by a photovoltaic cell in the watch's face, providing up to five months of use from a full charge. Water resistant down to 300'. With a stainless steel bezel and adjustable 3/4"-wide strap that fits wrists 6" to 8". Watch case 2⅛" L x 1¾" W x 1/2" D. (3½ oz.)

Silver Metal Strap. KG-79898 $129.95
Black Rubber Strap. KG-82790 $129.95

THE WIDEMOUTH LEATHER WEEKEND BAG.

This carpenter-style leather bag has a frame wide enough to stay open on its own for easy packing or unpacking of clothes. Made with a full-grain cowhide that's more rugged and sturdy than other luggage, the bag is large enough for a weekend trip. Its microfiber lining is easily spot-cleaned and includes interior pockets for pens, credit cards, and a cell phone, while two large outer zippered pockets hold additional items. The adjustable shoulder strap is easily removable and the self-mending zippers will provide years of worry-free use. Antiqued pewter hardware adds an additional classic touch to the buttery-soft, vegetable pigment-dyed cowhide. Tan or Black. 14" H x 13½" W x 20" L. (8 lbs.)

KG-72658 $199.95

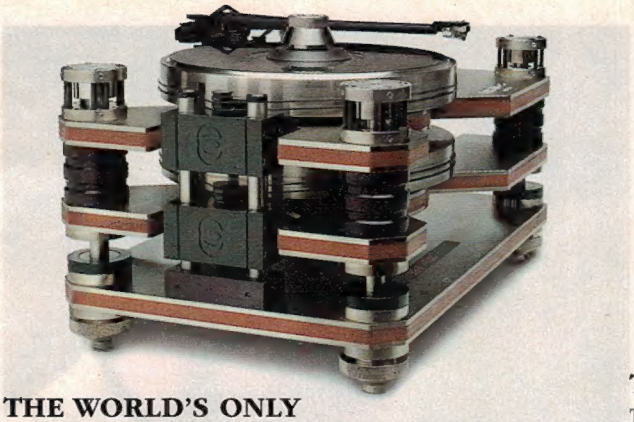
Rolling Widemouth Bag. With sturdy, collapsible handle and wheels for easy portability. (No shoulder strap.) Tan or Black. 12½" H x 14" W x 21¼" L. (6½ lbs.)

KG-75144 $249.95

THE REFLEXOLOGY FOOT MASSAGER.

This is the reflexology massager that uses soothing infrared heat and invigorating vibration to stimulate pressure points on the feet, melting away pain and soreness. The device sets up like a footrest at the base of any chair and is activated with a convenient remote control. The molded footbed has 112 nodules strategically placed on its surface that target reflexology points to rejuvenate tired feet and loosen knots. While the high-frequency vibration penetrates tense muscles, the warmth can boost circulation and ease stress. It comes preprogrammed with relaxing 5-, 10- and 15-minute sessions, or users can manually select from 12 vibration speeds (from 2,000 to 2,500 rpm) and eight levels of infrared heat. Flexible rubber feet on the unit's base provide stability and prevent marring of floors. Plugs into AC. 18" L x 15" W x 9" D. (14 lbs.)

KG-83260 $129.95



THE WORLD'S ONLY COUNTERBALANCED TURNTABLE.

This is the only fully suspended turntable in the world that uses dual counter-rotating platters to eliminate the troublesome sonic aberrations generated by common consumer models. Winner of the Best Sound High Fidelity award from the renowned Munich High End—the largest high-end audio show in the world—it provides the lowest noise floor of any turntable available. Isolated from the turntable's bottom platform with Viton/silicone composite o-rings that dampen all mechanical and environmental vibration, twin plinths made from a sonically "dead" composite each secure a precisely machined 30-lb. aluminum platter. As a vinyl record rests atop the top-most, clockwise-spinning platter, the bottom rotates counter-clockwise to cancel torsional forces that otherwise cause fluctuations in rotational speed and distort music. The inverted twin-bearing design of the platter assembly reduces torque-induced drag while double hydraulic insulation provides further dampening. Two Swiss-made DC motors deliver imperceptibly quiet, linear power to the platters, monitored every two rotations by optical sensors that relay rotational speed (33.3 and 45 rpm) to a sophisticated CPU controller that adjusts voltage to the motors in real time, ensuring consistent speed stability. Requires your preferred tonearm. 11" H x 22" W x 14" D. (90 lbs.)

KG-12223 $28,000 FD

THE SEVEN YEAR FLASHLIGHT.

This is the rechargeable flashlight that holds a charge for up to seven years. Unlike typical batteries that lose power during inactivity, this flashlight has specially designed Nickel Metal Hydride batteries that minimize power loss, ensuring reliable, full-power light for seven years on a single charge. The unit produces 200 lumens of bright light for up to six hours on a full charge, while three included AAA batteries provide 10 hours of backup power. A solar panel built into the handle recharges the batteries in natural or artificial light, or the unit can be recharged using the included AC or DC adapters. The flashlight is made from impact resistant ABS, it is 100% waterproof, and floats for easy retrieval if dropped overboard while boating. With an adjustable handle. 10" L x 7¾" W x 7¾" D. (1½ lbs.)

KG-83186 $59.95

THE HDTV TO SMART TV CONVERTER.

This is the device that converts any high definition television into a smart TV. The thumb-sized unit simply plugs into a television's HDMI port, connects to a Wi-Fi home network, and allows you to browse the Internet, send emails, or use apps on the television. The included wireless mouse provides untethered point-and-click navigation of app icons or websites and its underside has a full QWERTY keyboard for typing emails or website addresses. The mouse's built-in accelerometer translates hand movements into action on the screen, supporting interactive gameplay. The unit displays the Android mobile operating system on the screen and provides instant access to 100,000 apps and channels including, Netflix, YouTube, ESPN, and Hulu, available via the Google Play store. Uses 802.11 b/g/n Wi-Fi. Powered by AC or a television's USB port (adapters included). 2¾" L x 1¼" W x 1/2" D. (4 oz.)

KG-83320 $99.95

THE PLUSH 900 GRAM GENUINE TURKISH TOWELS.

Available only at Hammacher Schlemmer, these 100% Turkish cotton towels proved to be the softest and most absorbent when compared to other premium towels on the market. The towels have an exceptional 900-gram weight, making them the heaviest towels available. A 1/4"-thick pile is soft against skin and an abundance of tightly wound loops provide superior warmth and absorbency. The towels survived nine rounds of washing and drying (with no fabric softener) without showing signs of fading. The repeated launderings actually caused the threads to "bloom" and enhanced the overall softness. All towels are oversized for comfort and full coverage. Machine washable. Imported. Sage, Steel Blue, Amber, White, Dark Blue, Gray, Ivory, Dark Green, Eggplant, Linen.

Washcloth. 12" L x 12" W. (4 oz.)	KG-71603	$8.95

THE FACELESS WATCH.

This is the watch that tells time with LEDs built into the band. Blending seamlessly into the watch's stainless steel links, the four disguised LED sets are only detected when they illuminate to form 1/2" H digital numbers at the press of a button. The top row displays the hour and the lower row the minute; the press of a button switches the view to month and day. The stainless steel band features a durable electroplated finish. Includes two additional links. Links to be adjusted by a professional. High-gloss Black with Red LEDs or Brushed Nickel with Blue LEDs. 1/2"-thick case. (5 oz.)

Men's. The 1" wide band gives the watch a substantial look and feel. Fits wrists up to 8¾" in circumference.
KG-82526 $149.95

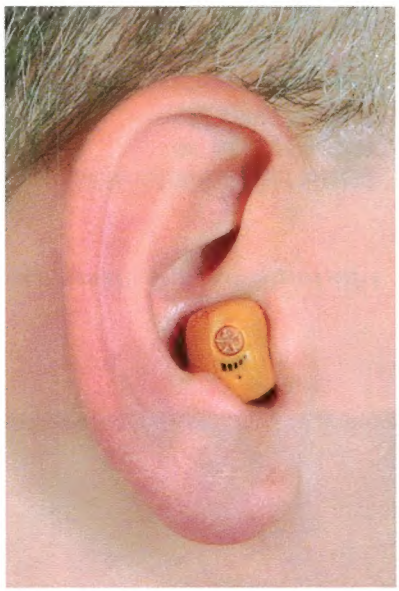
Lady's. Scaled for a lady's wrist with a 3/4" wide band.
KG-82238 $149.95

THE HOME PHONE AND iPHONE UNIFIER.

This is the cordless home phone that pairs with an iPhone and allows you to place, answer, or transfer calls from either device. An iPhone connects with the home phone via Bluetooth and incoming calls will ring on both devices and calls can be placed over the landline or cellular network. The cordless phone pairs with two iPhones at once and up to 1,000 contacts can be downloaded to the cordless phone. The cordless phone operates on the DECT 6.0 frequency, providing better reception than the crowded 2.4 and 5.8 GHz frequencies, and it has a 1¾" color LCD, speakerphone, and call log that lists up to 30 recent calls. The dock charges the cordless phone and an iPhone (4S, 4, 3GS, or 3G only). Call pairing compatible with all iPhones (including iPhone 5). 7" L x 4¼" D x 1¼" H. (1 lb.)
KG-82595 $199.95

THE VOICE CLARIFYING AMPLIFIER.

This is the digital earpiece that amplifies and clarifies voices. An advanced microchip amplifies human speech frequencies above background noise so that spoken words are clearly audible. Unlike lesser analog models that merely make all sounds louder, this superior digital earpiece amplifies voice pitch so words are easier to discern. The rechargeable device eliminates the need to repeatedly purchase costly replacement batteries and operates for up to 10 hours after a 12-hour charge. The amplifier has eight adjustable volume levels and recharges in the included carry case that's powered by the included AC adapter or two AAA batteries (included). Includes one amplifier (additional amplifier available below) and four different sized silicone caps to accommodate all ear sizes. 1/2" L x 1/2" W x 1" H. (1/10 oz.)



KG-79741 $299.95

Additional Amplifier. KG-79722 $149.95

THE ONE-ACRE NATURAL ATTRACTANT MOSQUITO TRAP.

This trap attracts and kills mosquitoes across one acre without harmful chemicals. The trap mimics the natural conditions of human habitation by emitting heat and odorless carbon dioxide (the same gas people expel during respiration) and light to lure mosquitoes. Carbon dioxide is generated when ultraviolet rays from two fluorescent bulbs react with a titanium dioxide coating inside the trap. When the mosquitoes are drawn inside the device, an integrated fan traps the insects and sends them to a removable net where they die of dehydration. Unlike propane systems that require frequent refills or electrocution traps that release pathogens when an insect is killed, this superior model uses 5,000-hour rated UV bulbs and does not create biological agents. Plugs into AC. 22" H x 13" Diam. (9 lbs.)

KG-81846 $199.95

Two Replacement Bulbs. For the one-acre trap; each bulb lasts up to 5,000 hours.
KG-78412 $19.95

The 1/2-Acre Natural Attractant Mosquito Trap. Plugs into AC with 10' cord. 44" H x 13½" Diam. (15 lbs.)
KG-81291 $149.95

Replacement Bulb. For the 1/2-acre trap; lasts up to 3,000 hours.
KG-81402 $14.95

1/2-Acre Trap

THE BEST SOLAR WALKWAY LIGHT.

This solar walkway light proved to be The Best in tests conducted by the Hammacher Schlemmer Institute because it produced the brightest, most expansive light. The Best model's two high-powered LEDs generated up to 25X more lux than lesser walkway lights. The Best model cast illumination over 12' away, far superior to other models that could not even project light 3' from their location. The Best model emitted light for 10 consecutive hours, far superior to lesser lights that lasted a mere six hours. Built-in stake enables simple placement and its built-in photo sensor automatically turns the light on at dusk—provides either six or 10-hour intervals of light. Includes one light. 21" H x 20" Diam. (1¼ lbs.)

THE 45" WALL MOUNTED LIGHTED JEWELRY ARMOIRE.

This wall-mounted, illuminated cabinet keeps up to 160 pieces of jewelry organized and easily accessible. Available exclusively from Hammacher Schlemmer, the armoire has five LEDs that cast bright light inside the cabinet to help you quickly locate jewelry. The inside of the door has six slotted wooden shelves that hold up to 72 pairs of earrings. Twenty-eight hooks allow you to hang up to 28 long necklaces or bracelets, five ring rolls accommodate up to 60 rings, and eight small bins hold pendants or broaches. The armoire has a key lock, it is lined with microfiber that prevents jewelry from tarnishing, and the exterior of the door has a mirror. No assembly required; includes instructions and all hardware for wall mounting. Requires four AA batteries. Made from durable birch veneers. Cherry or Oak finish. 45" H x 15" W x 5" D. (35¼ lbs.)
KG-77833 $299.95

24" Wall Mounted Lighted Jewelry Armoire.
As above, with storage for 36 pairs of earrings, 60 rings, and eight necklaces or bracelets. 24" H x 15" W x 5" D. (20 lbs.)
KG-81628 $149.95

THE VHS TO DVD CONVERTER.

This device preserves your memories by easily transferring VHS recordings to DVDs. Also a player, this device is ideal for those who have a library of both DVD and VHS home videos. For viewing DVDs, the unit has 1080p upscaling through an HDMI output, maximizing video resolution and audio on an HDMI-compatible television using a single cable. A front DV input allows you to connect a camcorder directly to the device to transfer content directly to a DVD (includes a coaxial input as well as component and composite inputs). An onscreen display guides you through set up. Compatible with most DVD formats—not compatible with Blu-Ray or PAL-formatted media. The system allows MP3, JPEG, and WMA playback, and includes a universal remote control. 4" H x 17" W x 10½" D. (9½ lbs.)
KG-83219 $299.95
